

OUR PRINTING PLATES
MEAN PRECISION AND
PERFECTION.

Our portfolio for the pharmaceuticals industry

SEEKING A RELIABLE PRINTING PLATE PRODUCER? YOU'VE FOUND ONE.

We've been well known for top precision and quality for decades.
Draw on our expertise and experience in creating flexo printing plates
for your blister packaging.

WE MEET YOUR REQUIREMENTS DOWN TO THE LAST DETAIL.

We recognise and meet the high standards your industry expects. These requirements include data security customised workflows that guarantee first-class printing plates, particularly for all Hapa printing stations.

At our two sites based in Germany we have three fully redundant production lines certified to ISO 9001. Highly efficient logistics ensure just-in-time or express overnight delivery.

EXPECTING SERVICE THAT GOES THE EXTRA MILE? THIS IS WHAT WE STAND FOR.

People with skills are more valuable than any machine. This is why we invest in both our workforce and in cutting-edge technology.

GAIN A COMPETITIVE EDGE WITH OUR EXPERTISE.

When it comes to learning new skills, our experienced team never stands still. We're constantly developing this expertise by liaising with OEMs and ink suppliers. You as our customer can be assured that our products and services are way above the norm.

CUSTOMISED SERVICE REQUIRED? NO PROBLEM.

Our long-standing experience makes us an ideal choice, especially for the pharmaceuticals industry. For this segment – as well as for others – we offer a range of customised services that guarantee excellence when it comes to printing plates.

WE ENJOY ANY CHALLENGE.

Make use of our company's expertise, skills and service for your in-house printing processes. To ensure that as well your customers are satisfied, we pay attention to every single detail.

YOUR BENEFIT.
