ABOUT US

Umalaxmi, the name of the company pays respect to the parents of Mr. Rakesh Dave (CEO) and Mr. Jeetesh Dave (COO), namely Mrs. Uma Dave and Mr. Laxminarayan Dave, honouring their legacy, guidance and influence. Umalaxmi Organics Pvt. Ltd. is India's one of the leading manufacturer and exporter of herbal extracts and formulations, serving diverse industries including Health Foods, Pharmaceuticals, Cosmetics, and Animal Feed. Specializing in solvent and aqueous extracts along with CO2-extracted SCFE technology, we offer a large encapsulation facility for scientifically validated finished herbal formulations and organic ingredients, in addition to contract manufacturing services.

Mahatma Gandhi said

“A customer is the most important visitor on our premises. He is not dependent on us. We are dependent on him. We are not obliging him by serving him but he is obliging us by giving us the opportunity. He is not an outsider, he is a part of our premises. He is not interrupting our work, he is the purpose of it.”

VISION

Our vision is to be the trusted partner for wellness brands worldwide, providing premium quality herbal extracts tailored to meet the diverse needs of consumers. By fostering collaborative relationships with our partners and leveraging our expertise in herbal extraction, we aim to drive innovation in the wellness industry and contribute to the well-being of people everywhere.

MISSION

Our mission is to cultivate a sustainable future by ethically sourcing premium herbal extracts, forging innovative partnerships with brands worldwide, and preserving ancient herbal traditions to empower individuals towards holistic well-being.

SUPERCRITICAL OIL EXTRACTION

Supercritical CO₂ extraction uses pressurized carbon dioxide to extract essential oils and bioactive compounds from botanicals. Its benefits over traditional methods include non-toxicity, eco-friendliness, and preservation of oil purity and aroma. With precise control over extraction conditions, it yields cleaner, purer oil with higher efficiency. Ideal for aromatherapy, cosmetics, and natural remedies, it's a superior choice for sustainable and high-quality extraction.

CSR

At Umalaxmi, we believe in giving back to our society. We acknowledge our Corporate Social Responsibility (CSR) and are committed to environmental protection, social responsibility and economic sustainability.

With unconditional support from society, we prioritize Corporate Social Responsibility, focusing on community upliftment. Through initiatives like enhancing school services for girls, implementing proper supply of clean water to villages near Sojat city, and promoting eco-friendly practices via our solar cooker initiative, we foster sustainable innovations and developments. Additionally, we've organized blood donation camps and, during COVID times, vaccination camps, furthering our commitment to societal well-being.

EXHIBITIONS

We've exhibited our latest innovations, sparking conversations and connections throughout the year that drive industry progress. Our commitment to quality, sustainability, and consumer-centric solutions ensures our customers find value and inspiration at every event.
