**THAT ALL OUR PRODUCTS ARE PRODUCED ISO 22000:2018 IN GMP AND HACCP QUALITY**

## Vitamin C

**Dosage:** 1000 MG Vitamin C

Liposomal Vitamin C contributes to the normal functioning of the immune system, normal functioning of the nervous system and to the reduction of tiredness and fatigue. Beside these there are more EFSA claims about vitamin C.

## Vitamin C Orange

**Dosage:** 500 MG or 1000 MG Vitamin C

Liposomal Vitamin C contributes to the normal functioning of the immune system, normal functioning of the nervous system and to the reduction of tiredness and fatigue. Beside these there are more EFSA claims about vitamin C Orange.

## Vitamin D3

**Dosage:** 50 MCG Vitamin D3

Liposomal D3 contributes to the maintenance of normal bones, normal muscle function, normal teeth and to the normal function of the immune system. For the uptake of D3 fat is required to achieve an effective result.

**Also available in Vegan!**

## Vitamin K2 + D3

**Dosage:** 90 MCG K2 , 50 MCG D3

Liposomal vitamin K2 is an important vitamin that plays a critical role in protecting and building stronger bones. This combination also contributes to the maintenance of muscles and teeth, due the liposomal vitamin D3.

## Curosome Curcumin

**Dosage:** 100 MG Cureit®

Liposomal Curcumin is a full extract of the Curcuma longa. In this way, the bioavailability of the turmeric plant is elevated, and it reaches an immense level of 80 ng/ml Curcuminoids in the blood plasma.

## Curcumin C3 Complex

**Dosage:** 170 MG Curcumin C3 complex®

Liposomal Curcumin C3 complex is a mixture of three different curcuminoids extracted from the Curcuma longa. Within scientific literature, a lot of properties are given to Curcumin.

## Glutathione

**Dosage:** 450 MG Glutathione

Liposomal glutathione is the most important antioxidant produced by our body. Due to enzymes in the stomach, free glutathione can quickly be degraded in the single amino acids. In this way, normal glutathione supplementation can be seen as quite ineffective.

## Glutathione Vanilla/Apricot

**Dosage:** 180 MG Glutathione

Liposomal glutathione is the most important antioxidant produced by our body. Due to enzymes in the stomach, free glutathione can quickly be degraded in the single amino acids. In this way, normal glutathione supplementation can be seen as quite ineffective.

## Vitamin B12

**Dosage:** 1000 MCG Vitamin B12

Liposomal vitamin B12 is a product designed to increase the vitamin B12 levels in your blood. This product contributes to normal energy-yielding metabolism, normal functioning of the nervous system and to the reduction of tiredness and fatigue.

## B-Complex

**Dosage:** multi complex of B vitamins

Liposomal Vitamin B-complex holds a multitude of benefits for the body. This product contributes to normal energy-yielding metabolism, the reduction of tiredness and fatigue and to the normal psychological function.

## B12 Nasaldrop Hydroxocobalamin

**Dosage:** 1000 MCG or 5000 MCG Hydro

B12 Nasal drops are our patented design for fast absorption of Vitamin B12. This is the perfect alternative to the more painful injection. It is specifically designed to let B12 absorb over the mucous membrane of the nose.

## B12 Nasaldrop Methylcobalamin

**Dosage:** 1000 MCG or 5000 MCG Methyl

B12 Nasal drops are our patented design for fast absorption of Vitamin B12. This is the perfect alternative to the more painful injection. It is specifically designed to let B12 absorb over the mucous membrane of the nose.

## Iron

**Dosage:** 17 MG Iron

In your body, iron becomes a part of your hemoglobin and myoglobin. Hemoglobin carries oxygen through your blood to tissues and organs. Myoglobin helps your muscle cells store oxygen. Ferrous sulfate is used to treat iron deficiency anemia. This Iron product is liposomal.

## Iron KIDS

**Dosage:** 8,5 MG Iron

In your body, iron becomes a part of your hemoglobin and myoglobin. Hemoglobin carries oxygen through your blood to tissues and organs. Myoglobin helps your muscle cells store oxygen. Ferrous sulfate is used to treat iron deficiency anemia. This Iron product is liposomal.

## Zinc

**Dosage:** 15 MG Zinc

Liposomal zinc helps keep your immune system strong. Because it is necessary for immune cell function and cell signaling, a deficiency can lead to a weakened immune response. Zinc supplements stimulate particular immune cells and reduce oxidative stress.

## Vitamin C + D3 + Zinc

**Dosage:** 1000 MG Vitamin C, 15 MG Zinc, 25 MCG Vitamin D3

Liposomal Vitamin C contributes to the normal functioning of the immune system, the nervous system and to the reduction of tiredness and fatigue. Liposomal D3 contributes to the maintenance of normal bones, normal muscle function, normal teeth. Liposomal zinc helps keep your immune system strong.

## Resveratrol

**Dosage:** 200 MG Resveratrol

Liposomal resveratrol is a compound found in red grape skins and is a well-known and powerful antioxidant. Only 2% of oral resveratrol is absorbed as pure resveratrol.

## Magnesium Optinerve+

**Dosage:** 31,25 MG Magnesium, 0,8 mg Zinc, 4,55 µg Selenium, 3,65 µg Chromium, 25 MG Taurine

Liposomal Magnesium Optinerve+ contributes to the reduction of tiredness & fatigue, normal functioning of the nervous system and to the normal psychological functions.

## Multivitamin

**Dosage:** Mix of different vitamins

Multivitamins could also be used to provide vitamins that are not taken in through the diet. Multivitamins could also be used to treat vitamin deficiencies (lack of vitamins) caused by illness, pregnancy, poor nutrition, digestive disorders, and many other conditions. This multivitamin product is liposomal.

## Omega 3 EPA/DHA

**Dosage:** 105 MG EPA , 210 MG DHA

Omega 3 fatty acids are essential nutrients, that our body can't produce on its own. This liposomal combination of EPA and DHA contributes to the maintenance of normal function of the heart. DHA maternal intake contributes to the normal brain development of a foetus and breastfed infants.

## PEA

**Dosage:** 100 MG Palmitoylethanolamide

Palmitoylethanolamide is a bodily endocannabinoid, that can also be found in plant, nuts, rice and many more. It is a molecule synthesised by the human body. This PEA product is liposomal.

## Q10

**Dosage:** 100 MG Coenzyme Q10

Co-enzyme Q10 is a component in the system which generates energy in the human body. Q10 is a compound made by your body and is stored in the mitochondria of your cells. This Q10 product is liposomal.

## ADEK

**Dosage:** 800 µg Vitamin A, 25 µg Vitamin D3, 12 MG Vitamin E, 45 µg Vitamin K2

The vitamins in Liposomal ADEK are stored in the body for a long period of time. Liposomal ADEK mainly contributes to normal function of the immune system and normal bones. Beside these there are more EFSA claims about these vitamins.

## Quercetin

**Dosage:** 200 MG Quercetin

Quercetin is a plant flavonol from the flavonoid group of polyphenols. It is found in many fruits, vegetables, leaves, seeds, and grains; capers, red onions, and kale are common foods containing appreciable amounts of it. This Quercetin product is liposomal.

02

CAPSULES

## Vitamin B12

**Dosage:** 1000 MCG Vitamin B12

Liposomal vitamin B12 is a product designed to increase the vitamin B12 levels in your blood. This product contributes to normal energy-yielding metabolism, normal functioning of the nervous system and to the reduction of tiredness and fatigue.

## Vitamin D3

**Dosage:** 25 MCG Vitamin D3

Liposomal D3 contributes to the maintenance of normal bones, normal muscle function, normal teeth and to the normal function of the immune system. For the uptake of D3 fat is required to achieve an effective result.

## Iron

**Dosage:** 17 MG Iron

In your body, iron becomes a part of your hemoglobin and myoglobin. Hemoglobin carries oxygen through your blood to tissues and organs. Myoglobin helps your muscle cells store oxygen. Ferrous sulfate is used to treat iron deficiency anemia. This Iron product is liposomal.

## Vitamin K2 + D3

**Dosage:** 45 MCG K2 , 25 MCG D3

Liposomal vitamin K2 is an important vitamin that plays a critical role in protecting and building stronger bones. We designed this unique combination for those who have problems with maintaining the high strength levels of bones. This combi also contributes to the maintenance of muscles and teeth, due the liposomal vitamin D3.

## All Purpose Cream

**Contains:** Shea butter, vitamins C, E, and B5

All Purpose Cream is a nourishing cream for your face and entire body. Due to the mild and nourishing ingredients, the cream is suitable for all skin types.

## Face Cream

**Contains:** A combination of the unique ingredients ectoin and probiotic

Face Cream is a nourishing face cream for sensitive skin. If the skin flora of your sensitive facial skin is out of balance, you may suffer from dryness, irritation, and inflammation.

## Skin Balm

**Contains:** Shea butter and macadamia oil

If you have complaints such as redness or itching, the XKINNS Skin Balm has a wonderful soothing effect. This rich balm contains natural ingredients that soothe and condition your skin, without leaving a greasy film on your skin.

## Skin Salve

**Contains:** A combination of the unique ingredients

Skin Salve contains ingredients that soothe, nourish and leave the skin feeling silky smooth. The unique combination of natural active ingredients helps to relieve complaints such as red skin, like psoriasis.

## Skin Foamer

**Contains:** Natural active ingredients

Skin Foamer has a wonderful cooling and soothing effect immediately after application. Our Skin Foamer works very well with redness, itching, chapping and flaking and is suitable for use on sensitive skin.

## Skin Salve

**Contains:** Combination of unique ingredients

Skin Salve contains ingredients that soothe, nourish and leave the skin feeling silky smooth. The unique combination of natural active ingredients helps to relieve complaints such as red skin, like psoriasis.

## Vitamin D3

**Dosage:** 25 MCG Vitamin D3

Liposomal vitamin D3 contributes to the maintenance of normal bones, normal muscle function, normal teeth and to the normal function of the immune system. For the uptake of D3 fat is required to achieve an effective result.

## All Purpose Cream

**Contains:** Shea butter, vitamins C, E, and B5

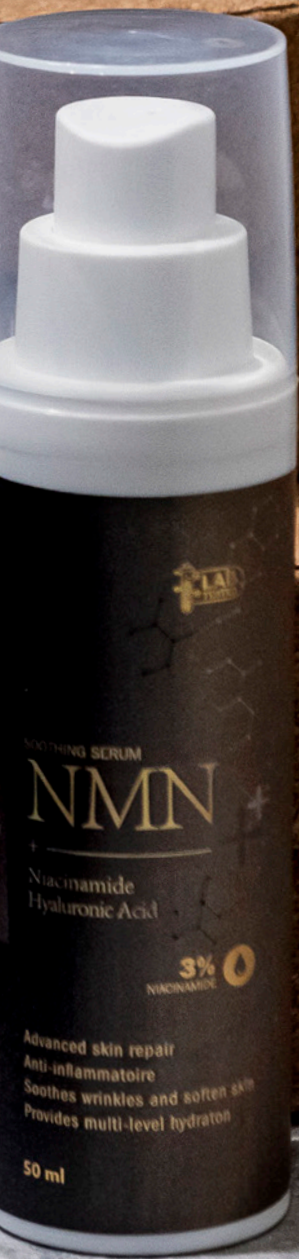

All Purpose Cream is a nourishing cream for your face and entire body. Due to the mild and nourishing ingredients, the cream is suitable for all skin types.

09 |

NMN

## Liposomal NMN Capsules

**Dosage:** 250 MG NMN

NMN (Nicotinamide Mononucleotide) is the precursor of NAD in our body, meaning that when you provide NMN your cells will convert this to NAD, which will activate the cellular fountain of youth. This product is liposomal.

## NMN Powder

**Dosage:** 500 MG NMN

NMN (Nicotinamide Mononucleotide) is the precursor of NAD in our body, meaning that when you provide NMN your cells will convert this to NAD, which will activate the cellular fountain of youth.

## NMN Serum

**Dosage:** 3% niacinamide

NMN (Nicotinamide Mononucleotide) is the precursor of NAD in our body, meaning that when you provide NMN your cells will convert this to NAD, which will activate the cellular fountain of youth.

## Liposomal NMN Liquid

**Dosage:** 250 MG NMN

NMN (Nicotinamide Mononucleotide) is the precursor of NAD in our body, meaning that when you provide NMN your cells will convert this to NAD, which will activate the cellular fountain of youth. This product is liposomal.

10

COSMETICS+

## Day Cream Pore-Shrinking

**Contains:** Niacinamide

The top layer of the skin is smoothed and filled, this double effect sorts into smaller pores.

## Day Cream SPF 15

**Contains:** Vitamin E, Infraguard

Innovated, incapsulated UV filter system so that the sensory properties are not affected and the skin is still protected against harmful UV radiation.

## Day Cream for men

**Contains:** Panthenol, Vitamin E

Moisturizing and light cream with a masculine scent.

## Day Cream Moisturizing

**Contains:** Panthenol, Vitamin E

Moisturizing, light cream for young & oily skin.

## Day Cream Anti-Aging

**Contains:** Hyaluronzuur, Panthenol, Vitamin E

Richer fuller structure, with lifting effect (instant wrinkle minimizer) instant and long term.

## Day Cream Spot Solution

**Contains:** Vitamin C

Age spots. Smoothen the top layer of the skin and superficial spots disappear. Vitamin C provides the "whitening effect". Vitamin C is encapsulated, so it is stable and longer effective.

## Booster Serum Hydrating

**Contains:** Niacinamide

Softening acid. Strengthens the skin barrier and keeps the skin wrinkle free.

## Booster Serum Anti-Aging

**Contains:** Vitamin E, Vitamin A

Fades fine lines. Sun sensitive product to use at evening and night. Vitamin A is esterified and therefore stable and works as an anti-aging and anti-oxidant.

## Booster Serum Peeling

**Contains:** Azelaic Acid

The skin is cleaned and dead skin cells are removed. Activates the skin cell renewal process.

## Booster Serum Anti-Irritation

**Contains:** Canabidiol

Anti-irritation is used for treatment of dry, irritated and itchy skin as accompanied symptoms of Acne vulgaris.

## Cleansing Oil Balm

**Contains:** Vitamin E

Suitable for waterproof make-up. Cleanses thoroughly, but without affecting the skin's own protective mechanism. Suitable for all skin types.

## Cleansing Gel to Milk

**Contains:** Vitamin E

This is a very mild and skin friendly cleanser. It works as a softener and moisturizer. This product looks like gel, but when applied it will turn into milk to make it suitable for every fragile skin.

## Lipcare Mask

**Contains:** Vitamin E, Sheabutter

Night cream for well-groomed and fuller lips. Extra moisturizing and soft during the night.

## Lipcare Stick

**Contains:** Vitamine E, Shea oil

Volumizing lip care for well groomed lips. Extra softening with the benefits of Shea Oil.

## Sunscreen SPF 30

**Contains:** Ectoin, Vitamin E

Sunscreen is the more commonly used type of sun protection. It filters or screens the sun's ultraviolet (UV) rays. It keeps most rays out but lets some in. This is a SPF 30 protected sunscreen.

## Sunscreen SPF 50

**Contains:** Ectoin, Vitamin E

Sunscreen is the more commonly used type of sun protection. It filters or screens the sun's ultraviolet (UV) rays. It keeps most rays out but lets some in. This is a SPF 50 protected sunscreen.

11

OSA

## OSA Hair

**Contains:** Ortho Silicic Acid

OSA stands for Ortho Silicic Acid.

OSA is the determining element for almost all processes that give shape and structure to the body. This combination of ingredients focuses on contributing to healthy hair.

## OSA Joints

**Contains:** Ortho Silicic Acid

OSA stands for Ortho Silicic Acid.

OSA is the determining element for almost all processes that give shape and structure to the body. This combination of ingredients focuses on contributing to strong bones and flexible joints.

## OSA Nails

**Contains:** Ortho Silicic Acid

OSA stands for Ortho Silicic Acid.

OSA is the determining element for almost all processes that give shape and structure to the body. This combination of ingredients focuses on contributing to healthy nails.

## OSA Skin

**Contains:** Ortho Silicic Acid

OSA stands for Ortho Silicic Acid.

OSA is the determining element for almost all processes that give shape and structure to the body. This combination of ingredients focuses on contributing to smooth skin.

## OSA Bones

**Contains:** Ortho Silicic Acid

OSA stands for Ortho Silicic Acid.

OSA is the determining element for almost all processes that give shape and structure to the body. This combination of ingredients focuses on contributing to bone health.

12

CBD  
COSMETICS

## Protection Balm

**Contains:** Cannabidiol

This balm stick creates a transparent protective layer on the skin. Present moisture evaporates less quickly. This is important for good moisture content the skin and keeps the skin protected.

## Heating Balm

**Contains:** Cannabidiol

This heating balm provides care for your tired muscles and joints. The formulation is powerful and intense. The balm can also be used before and after exercise.

## Anti Aging Day Cream

**Contains:** Cannabidiol + SPF 15

A moisturizing and silky day cream with SPF 15. Leaves skin glowing and minimize uneven texture and help smooth fine lines.

## Hand Cream

**Contains:** Cannabidiol

Rich cream enhanced with CBD to soothe the skin and leave it silky and smooth.

## Day Cream for Men

**Contains:** Cannabidiol + SPF 15

A refreshing, silky day cream with SPF15 designed for mens skin. Leaves skin relaxed and looking fresh.

## Day Cream

**Contains:** Cannabidiol + SPF 15

A refreshing, silky day cream with SPF15. Leaves skin glowing and looking fresh.

## Skin Balm

**Contains:** Cannabidiol

This skin balm creates a protective layer on the skin. Present moisture evaporates less quickly. This is important for a good moistu- rized skin and it keeps the skin protected.

## Lip Balm

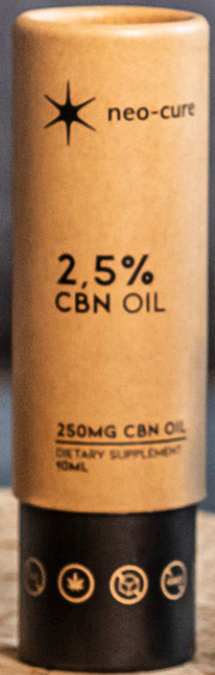

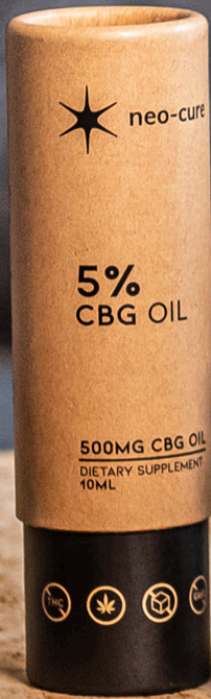

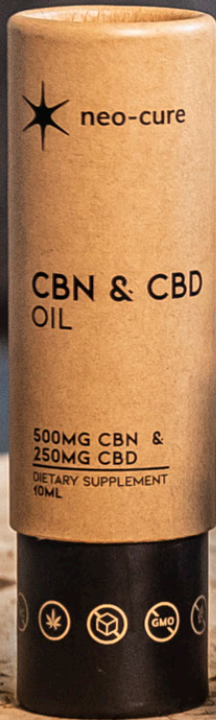

**Contains:** Cannabidiol + SPF 10

Volumizing and hydrating Lip care with CBD.

PET

## Hemp Oil Beef Flavour (Dog)

**Dosage:** 4% cannabidiol

Hemp oil for dogs has become a popular homeopathic supplement to help manage various canine problems such as anxiety, stress, pain, skin disorders, mobility problems, and more.

## Hemp Oil Chicken Flavour (Dog)

**Dosage:** 4% cannabidiol

Hemp oil for dogs has become a popular homeopathic supplement to help manage various canine problems such as anxiety, stress, pain, skin disorders, mobility problems, and more.

## Hemp Oil Fish Flavour (Cat)

**Dosage:** 2,5% cannabidiol

Hemp oil helps with the appetite of picky eaters, promotes a healthy coat and skin, and relaxes your cat for day-to-day business.

## Dental stick (Dog)

**Dosage:** 3% cannabidiol

When your dog chews on dental sticks, the constant scraping of the teeth and gum against the hard surface helps remove any plaque and tartar build-up.

This is another way to supplement you pet with CBD.
