HEALTHCARE

Trust.
In small doses.

Medicines are a tricky thing.
It is TRUST filled in that bottle,
the pill, the tube or the lotion.
And that's what we MANUFACTURE.
We make trust, in small doses.
We offer the world, our BELIEF,
CONVICTION and the HOPE
of better health.
That makes us who we are....
We are ALTOVA.

In the struggle to produce great outcome,
you have to take the ropes in your own hands.
With the same in view, we have trained ourselves to be
a self-reliant entity to make sure of consistent quality, every single time,
making us a multi-faceted organization with multiple capabilities.

Altova Healthcare is a Goa based pharmaceutical manufacturing and marketing organisation, backed by our well equipped state-of-the-art manufacturing, research & development setup, **Blossom Pharmaceuticals**, established in the year 1995 at Tivim Industrial Estate, Goa.

Our factory is **WHO-GMP** and **NAFDAC** accredited.

We have a strong presence in Topical Formulations across various segments:
Anal Fissures | Antibiotics | Antifungals | Anti-Acne | Enemas | Denture Adhesive | Corticosteroid | Emollients | Skin Protectant creams, etc; to name a few.

Our factory gates are open for audits and evaluation by our valued customers. Our factory has been audited by our International Clients (USA, JAPAN, ISRAEL and UK) only to have assured quality and trust in return. Blossom has catered to local partners (Glenmark, Alkem, Microlabs, Samarth, Wallace, Adcock, etc) and our efforts continue.

Altova's growing Global Presence

We are a professionally managed pharmaceutical organization engaged in delivering quality healthcare products. Our goal is to be brand leaders in our existing segments and spread the web across the globe to create our footprint in newer markets.

Currently we cater to countries including USA, Africa, Sri Lanka, India and pursue to enter many more.

US | UK | Russia | Srilanka | Cambodia | Kenya | Middle East

Blossom

At Blossom, our manufacturing arm, we produce topical formulations which comply with requisite regulatory WHO Standards.
