ELAVE SENSITIVE SKINCARE

Our research teams continually strive to create the cleanest, safest skincare for sensitive skin. We use only purified water, all our raw materials and ingredients undergo rigorous pharmaceutical testing before use and our formulations are safety tested to the highest standards. This is why **elave** products are trusted and recommended by pharmacists and medical professionals.

I believe your skin is your canvas, so before you do anything else, make sure it is as healthy and clear as possible. I believe in treating skin right.

OUR PROMISE OF ABSOLUTE PURITY

Many medical experts believe that over use of harsh products is linked to the rise in sensitive skin. Exposing your skin to these chemicals can reduce moisture levels in your skin dramatically.

Elave believes in safe skincare without unnecessary chemicals and with active hydrating ingredients to enhance all skin types, even the most sensitive skin.

ELAVE PRODUCTS DO NOT CONTAIN ANY OF THE FOLLOWING CHEMICALS:

PARABENS
ALCOHOL
SULFATES
PERFUME

COLOURS
PHTHALATES
LANOLIN
SOAP

METHYLISOTHIAZOLINE (MI)
STEROIDS
FORMALDEHYDE
