Why consider using Speed Laboratory?

Listen to what our customers say... we're better than some of our competitors they've worked with.

- Customers tell us that our turnaround time is significantly faster than our competitors.
- We commit to notifying you of results within four hours of completion.
- We are cost-effective (customers tell us that our prices are more than competitive and are 10% lower than the competition for most of the services we offer.)
- **We have a track record of success and have earned our customer's trust, with a 100% customer retention rate since we've opened our doors.**

You can rely on us for the accurate so accurate results you need we use all technologically advanced instrumentation available including:

GC-FID
GC-MS
ICP-MS
HPLC RI
Fluorescence FTIR
UV/Vis
Optical Rotation
TOC and more.

We maintain meticulous records and keep you informed personally.

"For the past five years up to date, Speed Laboratories, Inc. has been providing analytical testing services first to Revogenex and later, Winder Labs. During this entire period, as a customer, we have nothing less than complete satisfaction with the service received. Speed Laboratories is able to perform testing of pharmaceutical drug products and deliver the results in a very timely manner while maintaining the highest level of FDA and DEA compliance. It is my pleasure to recommend Speed Laboratories. The reliability of their service plays a key role in the ongoing functions of Winder Labs."

Napoleon Etienne, Executive Director of Operations
Winder Laboratories, LLC. Winder Georgia

"Speed Laboratory delivers impeccable test results, turn-around time, and assurance of FDA compliance."

Belinda

Newton Labs, LLC

"Speed Laboratories has now been MediNatura's trusted lab of choice for over six years now. Their excellent knowledge of many laboratory applications along with their expertise in GMPs make them a top choice and sets them apart from many other labs. Fast, dependable and friendly are always terms I use to describe the team at Speed Laboratories, especially when called upon for special test requests. I can always trust Speed Laboratories to help answer or provide guidance in the correct path when it comes to compliance and regulation issues."

Elena Elliott-Hind

Quality Control Lab Supervisor with MediNatura, Inc.
