Development Manufacturing Marketing
Food supplements Cosmetics Medical devices

For over 30 years we have been offering innovative solutions to improve quality of life by developing products for health and wellness.

Thanks to its know-how, combined with continuous investments in research, training and technology, BioDue S.p.A. is one of the most innovative international players in the sectors of **dermocosmetics, medical devices and food supplements.**

The plants and warehouses are owned by the company and cover an area of around 20,000 square meters, located in an industrial area near Florence, in the heart of Chianti.

Our factories manufacture 140 production lines with high standing standards of quality.

As evidence of our growing success, starting from May 20th 2015 BioDue S.p.A. is listed on Italian stock exchange in the AIM sector.

Experience and evolution
improve quality of life.
Innovation is how we invent the future.
Evolution is the result we produce.

BioDue S.p.A. develops, manufactures and markets medical devices, skin cosmetics and food supplements (solid and liquid). The Company is organized into two divisions:

Industrial division:

dedicated to manufacturing liquid and solid food supplements, cosmetics, medical devices and herbal products on behalf of third parties.

Brand division:

dedicated to manufacturing and marketing of dermatological and ophthalmic products, food supplements and herbal products, under the three different Brands: **Pharcos, BiOfta and Selerbe.**

Our Owner Brand division is streamered in 3 distinct business lines:

PHARCOS, the innovation
of specialized products for dermatology.

PHARCOS
Innovation
& Dermatology

BIOFTA, high quality solutions
dedicated to ophthalmology.

 **BIOFTA**
OPHTALMIC SOLUTIONS

SELERBE, the avanguard
of phytotherapeutic tradition.

 **SELERBE**[®]

Our Contract Manufacturing division guarantees highly performing and competitive solutions, vertically integrating the entire production process: research, development, selection of raw materials, choice of packaging and every other customer support activity.
