COMPANY HISTORY

RI.MOS. Srl was founded in **1985**, under the name RAM, a manufacturer of sterile, single use medical devices. RAM was the first Company worldwide to produce disposable multi-injectors for MESOTHERAPY (MESORAM®).

In **1988** RAM becomes RI.MOS. Srl specializing also in disposable gynecological products (GINRAM).

Medical Products*

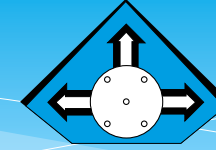

In **1999** FERTIRAM® was born: a line of disposable products for artificial insemination and assisted fertilization.

In **2000**, RI.MOS. Srl took over PAIS, a company specialized in the design and manufacturing of **devices and reusable needles** for medical and veterinary purposes.

A new line, AGORAM®, has been therefore added in **2003**: disposable biopsy needles for bone and soft tissues.
