

# The Power of Purity

## Super Refined™ & High Purity Excipients

**Looking to enhance the bioavailability, delivery and efficacy of your dosage form?**

With Croda's high purity excipients and delivery aids you can optimise the stability of your API and the overall performance of your pharmaceutical formulations. These excipients are ideal for multiple dosage forms including topical, parenteral, oral and ophthalmic formulations as well as advanced delivery systems.

- Improving formulation and API stability
- Increased drug efficacy to improve patient outcomes
- Reduced side effects to improve patient compliance
- Global Manufacturing Excellence
- EXCiPACT certified manufacturing sites

Innovation you can build on™
