# Who we are

We are Lifejoy. Established in the year 2012, we are trusted manufacturers, distributors and suppliers of a wide array of Pharmaceutical Drugs all over the globe. The medicines we offer are formulated by meticulously following industry laid norms and using high quality API's. Developed using the highest quality molecules at the time of formulation of these medicines, a team of experienced professionals monitor them at every stage in order to maintain the quality standards and eliminate flaws, if any. These medicines are offered in a hygienic and air tight packaging material to retain their effectiveness and optimum quality. We use only the best quality packing materials to ensure efficient carrying and consumption.

Focusing on our customer-centric policies, we strive hard towards achieving maximum satisfaction of our clients across the globe. To attain this goal, we offer highly effective range of pharmaceutical drugs at market leading competitive prices. Our products have had noteworthy appreciation amongst doctors and we aim at becoming the leading pharmaceuticals exporter in India. We have appointed experienced professionals to maintain smooth and hassle-free work schedules of all the trade related activities within our premises. All our professionals work in sync with the clients with an aim to understand their requirements & specifications and afterwards formulate these medicines accordingly. The facts stated above have enabled us to gather a huge client-base all over the region.

Under the valuable guidance of our MD. 'Mr. Samad Patanwala, we have attained a formidable position in a highly competitive market. His vibrant leadership, constant motivation, pursuit of excellence and in-depth knowledge of the industry have enabled us to stand apart from our competitors and gain faith of numerous clients across the region. Our global reach extends to various regions including exports to East Asia, Middle East, South East Asia, East Europe and the Indian Subcontinent.

# What we do

Our state of the art, sophisticated WHO-GMP certified manufacturing facilities located in Baroda, Gujarat extends over an area of 50,000 sq.ft (4000 sq. mt.). This area enables us to execute all our export activities, under the same premises. Our infrastructure is well equipped with all the latest technology and modern machines. This helps us in ensuring smooth production of these pharmaceutical drugs. The machines installed at our manufacturing units are calibrated, monitored, serviced and upgraded at regular intervals to maintain a consistent high quality output in great quantities. In addition to this, the B-Lactum (Antibiotics) plant of our enterprise is certified with WHO GMP, which ensures are products are high quality. Our personnel make sure to upgrade the installed machines on a regular basis to maintain and enhance the production rate accordingly.

Along with this, our manufacturing unit is well connected with various modes of transportation for the timely delivery of the consignments. Our team of shipping experts have been engaged in international exports for more than 20 years, and have been erstwhile pioneers in pharmaceutical exports in India enabling timely delivery of consignments.

**Our facility is categorised in to the following departments:**

## Production & Manufacturing unit

Consisting of our state of the art WHO-GMP certified plant which has existing capacity to manufacturer

- ORALS TABLETS
- SYRUPS/LIQUIDS
- CREAM/GELS.

## Packing and Packaging unit

Consisting of the latest high end packing machines, which aim at maintaining high quality along with large voluminous output.

## Quality control department

Consisting for a special team of experts who monitor and inspect every batch that is manufactured to ensure that the production quality is as per the quality standards.

## Shipping and Export

Our team of logistical wizards use their expertise to ensure every consignment is delivered in a timely and efficient manner, at the same time ensuring the integrity and quality of the products.

## Dossiers & Registration

Our team of documentation experts have years of experience in International Pharmaceutical Regulations. This ensures our competency to get quick and effective registrations done internationally.

**Warehousing & Storage:** Our firm possesses a commodious and spacious warehousing department, which aids us in storing an unmatched range of Pharmaceutical Drugs. The facility is suitably handled by our professionals, who make sure to keep these drugs away from moisture and allied adversities. Our personnel ensure to arrange and label the products effectively so as to ease the retrieval process accordingly. We have equipped proper cold storage facility and fire safety equipment to protect the medicines in an effective manner.

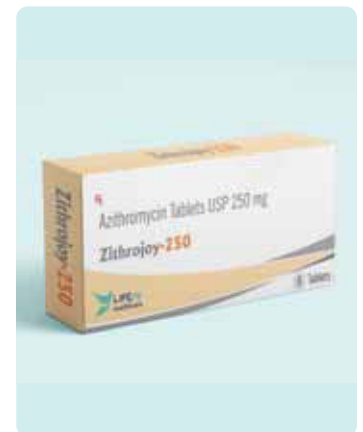

**Our all-round warehouse management team ensure that our products are constantly monitored and protected against adverse effects and spoilage:**

**Research & Development:** We have an extensive research and development facility, which allows us to be abreast with the latest technological advancements in the market. The facility is handled by our professional and able R&D personnel who ensure to conduct innovative research and programs related to the enhancement of products as per the latest industry standards. Along with this, our professional make sure to utilize the modern machines and latest technology for conducting these researches and programs. Our personnel make sure to offer the Pharmaceutical Drugs as per the emerging requirements of respectable clients.

# Our partners in progress

# Our partners in progress

# Our group

## CRYSTAL MEDICINES PVT. LTD.

Our group traces its origin to February 1991, when Mr. Hussain Patanwala established Crystal Medicines Pvt. Ltd. With more than 30 years of personal experience in the Pharmaceutical industry, Mr. Hussain propelled Crystal Medicines into becoming one of Maharashtra's leading pharmaceutical distributors. Crystal Medicines Pvt. Ltd. is currently amongst the largest wholesale pharmaceutical distributors in Mumbai. We possess direct procurement of over 90 bluechip pharmaceutical manufacturers including SUN PHARMA, CIPLA, LUPIN, INTAS, ALKEM, NOVARTIS, IPCA, ABBOTT and HIMALAYA to mention a few. We provide distribution to over 4000 pharmacies in Mumbai, catering from multiple locations across the city from various large facilities.

## LIFEJOY Healthcare & FINA Healthcare

Lifejoy Healthcare and Fina Healthcare were established to engage in export ventures across the globe, targeting developing markets in the CIS Regions and the African Continent initially. Our manufacturing facility located in Gujarat, staffs over 200 employees and spreads across 50,000 sq.ft. A WHO-GMP certified facility, we at Fina are currently involved in exports of various licensed products worldwide. With the aim of taking high quality Indian products and brands to international markets, these entities have a primary goal of achieving excellence in the pharmaceuticals export trade.

## HEALTH & MORE LLP

HEALTH & MORE is our chain of retail pharmacies and supermarkets. Established in 2016, Health & More was conceptualized with a vision of leveraging our position as one of the largest wholesale distributors in Mumbai. We currently operate 3 retail pharmacies covering prime locations in Mumbai and have many more units to be introduced in the near future. Our retail pharmacies give us the edge of having a consolidated total coverage of the pharmaceuticals trade and enhances our position in the field. Having retail experience further enables us to be customer centric and this exposure further synergizes our export operations.

Our group aims at being involved in every facet of the pharmaceutical trade right from manufacturing to wholesale distribution and storage and further on to exports as well as retail pharmacies.
