

NISHCHEM[®] INTERNATIONAL PVT. LTD.

About Us

Medicinal drugs have an assortment of highly important applications like diagnosis, treatment, cure and prophylaxis. The pharmaceutical industry, being the second largest in the world, experiences a perpetual flourish because public health is a massive imperative and not a mere option.

At Nishchem, we have managed to create our very own elite niche in this industry. Under Mr. Nishith Shah, a highly tenacious businessman, we have established ourselves as a paramount force to reckon with, since our inception in 1990. Nishchem is a highly competent APIs and Formulations company based in Mumbai. Our clientele comprises of top-notch Pharmaceutical companies like Sun Pharmaceuticals Ltd., Mankind Pharma Ltd., Cipla Ltd., Hetero Labs Ltd., Indoco Remedies, Dhanuka Laboratories, Ipca Laboratories Ltd., and many more.

Nishchem first entered into the industry with indenting, followed by distribution and eventually set a benchmark in manufacturing and exporting formulations with no waiver in ceaseless efforts. We are authorized to assemble and offer services and products to not just the large-scale powerhouse pharmaceutical companies but small enterprises with evident potential. Nishchem has chalked up a reputable name as a global exporter that ensures minimal procurement expenses for its clients. This service is coupled with complete documentation for hassle free registration of products in the importing country. Nishchem now manufactures a large range of products at WHO-GMP, PIC/s, EU-GMP, USFDA certified state of the art manufacturing facilities that are exported to various countries and are magnates not only in the ROW but also the regulated markets.

Being the trendsetters who brought in the third and fourth generation molecules into the market in the 90's, Nishchem still generates booming business in this tenor.

Nishchem staunchly believes in relentlessly catering to the needs of its customers across the globe with no inadequacy in timely supplies or pharmaceutical technical expertise. Our team comprises of consummate, dynamic and adept professionals in the technical and commercial field who integrate impeccable business management, innovative technology and tackle each customer's objective with proficiency, with years of experience to their credit.

We exhibit immense reliability, credibility and transparency while dealing with our clients and ensure superlative products and services in each of our ventures.

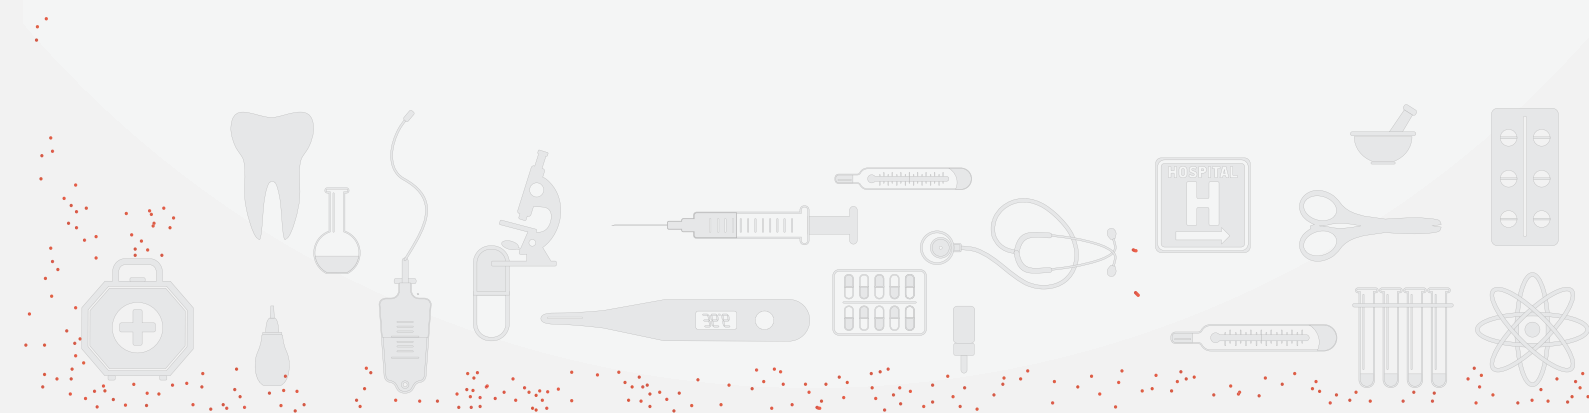

Business Activities

Manufacturing

Nishchem has recently ventured into the manufacturing of APIs at cutting edge and audit compliant manufacturing facilities in India, which have been certified by WHO-GMP, US-FDA, EDQM, KFDA, and PMDA owing to the stringent quality control protocols. Nishchem has also secured the exclusive marketing rights and procured the technology for the manufacture & supply of certain niche molecules.

Indenting & Supply

Nishchem started indenting right from its inception in 1990. Our comprehensive list of suppliers include Top-Line API Manufacturers like Sun Pharmaceuticals Ltd, Ipca Labs Ltd, Endoc Life Care, Synergene Active Ingredients, Virupaksha Organics Ltd., Vasudha Pharmachem, Shodhana Labs Ltd., Dhanuka Labs, RL Fine Chem, Hetero Labs etc. Our company stands for unparalleled quality, service, price, delivery & documentation.

Export

Nishchem is dubbed as a global export company dispensing exporting services to more than 30 countries spread across Latin America, South East Asia & the European Union. Our export goods include not just APIs but also Finished Dosage Formulations (FDFs). Nishchem possesses more than 50 registrations in various countries like Cambodia, Vietnam, Myanmar, Georgia etc. We manufacture products ranging from Tablets, Capsules, Oral Suspensions & Injections to rapidly dissolving Oral Thin Films, Effervescent Tablets, Large Volume Parenteral, Transdermal Patches, etc.

Import

Nishchem has filed a Joint venture Partnership with the pharmaceutical giant - Mankind Pharma Ltd. by the name of ANM Pharma Pvt. Ltd. ANM can be tagged as one of the largest importers of APIs, Intermediates & Excipients in the country with over hundred Form-10 registrations. We import products from various countries like China, Spain, Korea & Japan to curb the demands in the market.

P-to-P Facilitation

Nishchem facilitates the contract manufacturing of finished products for multiple pharmaceutical companies at various GMP certified leading edge manufacturing facilities in India. We aid the entire set of operations from production, planning, costing, raw material & packaging material procurement to timely dispatches, transportation, payment etc. Our client base includes Mankind Pharma Ltd, Abbott India, Pfizer Ltd., Systopic Laboratories, Leeford Healthcare etc.

Manufacturing

Methylcobalamine JP/USP

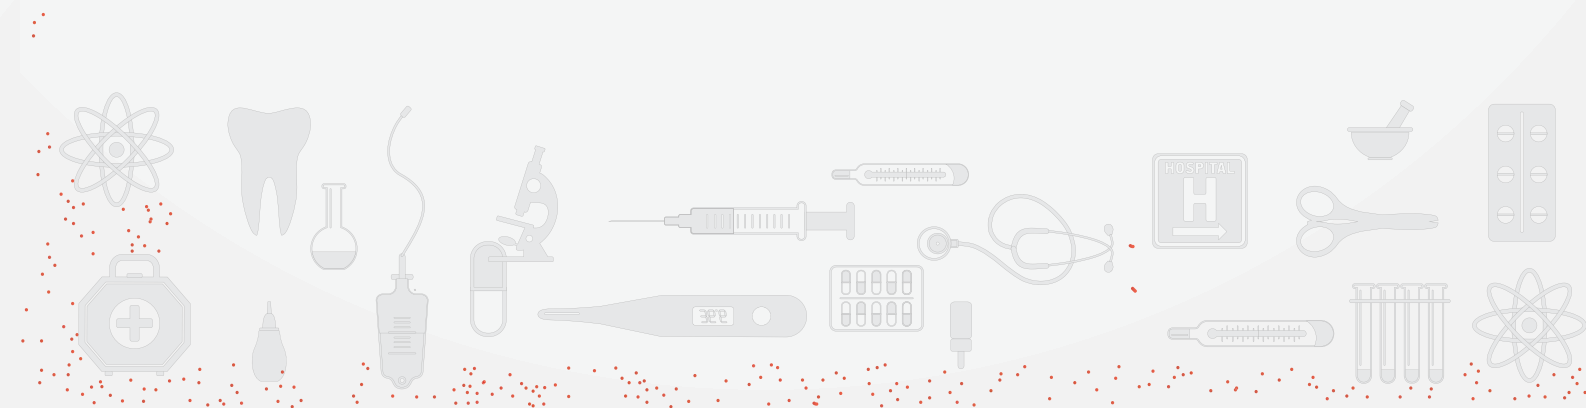

Used for Vitamin B12 deficiency, Methylcobalamine is manufactured at a dedicated WHO-GMP certified facility in Aurangabad, India. We are one of the largest manufacturers of Methylcobalamine in India with a capacity of around 325 kilograms a month. Audited & Approved by top Pharmaceutical Companies, we follow stringent quality control protocols with emphasis on regulatory documentation & customer satisfaction.

Doxapram Hydrochloride EP/USP

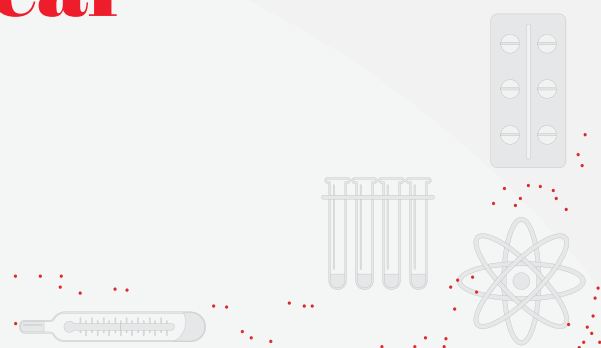

Doxapram Hydrochloride is a Respiratory Stimulant for both Human & Veterinary Use. Manufactured at a WHO-GMP, US-FDA, EU-GMP, PMDA & KFDA approved state of the art facility, we are one of the only few manufacturers of Doxapram in the world. US-DMF & EU-DMF also available on request.

Glycopyrrolate EP/USP

Glycopyrrolate is an Anti-Cholinergic Agent with various applications in Tablets, Injections, Antiperspirant Deodorants, Nasal Sprays etc. One of the biggest manufacturers in the world, our facility is WHO-GMP, US-FDA, EU-GMP, PMDA & KFDA certified. US-DMF & EU-DMF is also available on request.
