

KriGen
Pharmaceuticals LLC
Changing Lives

Complete solution for
Product Development
& Manufacturing

an innovation to cure.....

What We Do??

CDMO

Well-equipped facility with cGMP Standard and FDA Guidelines.

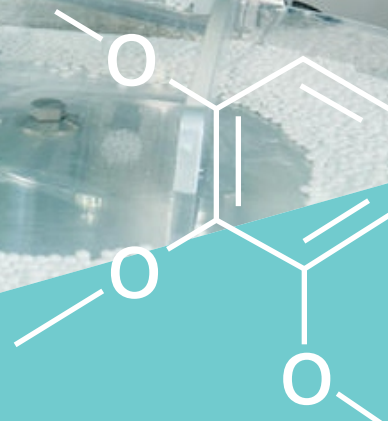

Having dedicated Analytical & Microbiology labs enables us to manufacture high quality products

CRO

Evaluation of your needs, identifying API sources, Development of Analytical method. Research across all dosage forms, Novel Drug Delivery System, Regulatory support including pharmacokinetic & BA/BE Research....

Technology Transfer

We help you to transfer the technology from your lab to our facility. We validate it, perform methods, and plan for scale-ups & production along with stability study, dossier documentation to commercialize the product...

KriGen
