Globela® Group

“Every Life Is Precious”

**Experienced Manufacturer of
Semi Finished & Finished Dosages**

EU GMP,
WHO GMP & ISO Approved
Manufacturing Company

- * Dedicated **Oral Solid Dosage** Facilities (Tablets, Capsules, Dry Oral Powder)
- * Dedicated Facility for **Anti-Cancer** (Cytotoxic Oral solid dosage formulations)
- * Dedicated **Cephalosporins** Facilities (Tablets, Capsules, Dry Oral Powder)
- * Direct **Compression Granules** Manufacturing
- * DSIR Approved In House **R&D Center** (CRAM)
- * **API & Intermediate** Manufacturing

We believe in

“QUALITY, COMMITMENT, SERVICE”

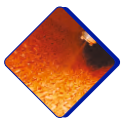

At Globela Pharma we are committed to provide high quality pharmaceutical formulations in various forms with a team of qualified & experienced technocrats in R&D, QA, QC & Production function.

**GLOBELA GROUP HAS A
ROBUST INFRASTRUCTURE**

**TEAM OF MORE THAN
800 PEOPLE**

**CONTRACT RESEARCH &
MANUFACTURING SERVICES**

**TECHNOLOGY TRANSFER &
DOSSIER PREPARATION**

Services Offered

Finished Solid Oral Dosage

We at Globela Pharma are committed for high quality pharmaceutical formulation in various forms with a team of qualified & experienced technocrats in R & D, Q.A, Q.C & Production function. **Our ambition is our service should meet our client's expectations.**

◆ CONTRACT MANUFACTURING & FORMULATION DEVELOPMENT

◆ TECHNOLOGY TRANSFER & DOSSIER PREPARATION

◆ API / VITAMIN C MANUFACTURER & INTERMEDIATES MANUFACTURER

◆ EXHIBIT BATCH & F&D BATCH FORMULATION

Oncology (Anti Cancer)

We have dedicated EU GMP & WHO GMP approved facility for Oncology solid oral dosages along with dedicated utilities and team of qualified & Experienced technical staff.

Taste Masked and Direct Compression Granules

Globela Pharma is one of the few companies with the Manufacturing capability of Pharmaceutical Formulation Intermediates (PFIs). We offer our customers all three components API, DCs & FDs of the pharmaceutical Manufacturing to enhance flexibility and efficiency.

Direct Compression Granules

- Savings in capital expenditure and technical resources.
- Lower testing costs
- Increased asset utilisation
- Save development cost and proven technology back up

Production Capacity / Month

Tablets (Conventional)	200 Million
Tablets (Effervescent)	100 Million
Capsules	100 Million
ORS (Sachet)	15 Million
Dry Syrup	4 Million
Pellets	70 MT.
API	310 KL.

THERAPEUTIC SEGMENTS

- ★ Anti-Cancer (Oncology)
- ★ Antibiotics and Antibacterials
- ★ Analgesic and Antispasmodic
- ★ Anti Hypertensive
- ★ Immunosuppressants
- ★ Antimalarials
- ★ Cough, Cold, Allergy
- ★ Anti-Diabetics
- ★ Nephrology & Urology
- ★ Anti-Fungal & Anthelmintics
- ★ Vitamins, Minerals & Electrolytes
- ★ GIT & Many more.....

TASTE MASKED & DIRECT COMPRESSION GRANULES

Pharmaceutical Formulation Intermediates DC (Direct Compression Granules)

What is a DC?

DC is the intermediate product between an API and a Finished Dosage. The proportion that DC could be outsourced as per customer requirement without much technology risk at their end. Customer will get ready granules with proven quality and data of stability to meet International standard.

Why Direct Compression Granules ?

• The DC granules are taken directly from the drums to a hopper, where they are directly compressed into tablets. • It decreases the overall cost of the manufacturers and which finally results in decreased cost of product to the end consumer.

Benefits of Direct Compression Granules.

- Saves Process Time
- Simplifies Supply Chain Management
- Reduces Capital Expenditure
- Reduces Vendor Development Cost
- Lower Testing Cost
- Regulatory Benefits
- Develops Dry-Blending with other APIs

Desired properties : Leading to finished dosage manufacturers getting favorable outcomes from their bioequivalence studies.

Dry Blending : We possess the capability for some Pharmaceutical Formulation Intermediates to be dry-blended with other APIs without the need for further granulation to obtain homogeneous mixtures.

We back our production line with EU GMP & WHO GMP manufacturing infrastructure. To support our Pharmaceutical Formulation Intermediate, we have prominent tie up with API manufacturer for DMF.

Direct Drum to Hopper product with Unique formula.

- Sustain released Direct Compression granules – Metformin SR suitable to 500 mg , 850 mg & 1 gm Tablets
- Extended released
- Rapid released
- Taste masking of formula for paediatric suspension

Product Name	Dosage Form	Document
Amlodipine DC 1.35%	Tablets	Available

Naproxen DC 66.66%	Tablets	Available
Ofloxacin DC 57.14%	Tablets	Available
Paracetamol DC Granules 66% / 90% / 95%	Tablets	Available
Rosuvastatin 6.25%	Tablets	Available
Sevelamer Hydrochloride DC 75%, 84%	Tablets	Available
Sildenafil Citrate DC 17.24%	Tablets	Available
Tadalafil DC 3.44%	Tablets	Available
Tinidazole DC 66.66%	Tablets	Available
Alpha Ketoanalogue DC Granules	Tablets	Available
Ketoprofen DC 60 %	Tablets	Available

Other Product Available as per Request and Specification

Globela® Pharma

"Every Life Is Precious"

INNOVATING WITH R & D

Highlights :

- State of the art infrastructure spread across adequate space
- Qualified, highly skilled, experienced and determined team
- F&D Lab with latest machinery and utilities
- Advanced ADL with qualified personnel and necessary equipments
- Regulatory team with experience in different regulatory markets
- Recognized by DSIR (Department of Scientific and Industrial Research)
- Facilities to produce Lab scale batches of API and Intermediates from 500 gm to 5 kgs
- Dedicated pellets formulation and development facility for lab scale manufacturing

ANALYTICAL DEVELOPMENT LAB ACTIVITIES

- Product Analysis as per Pharmacopoeias
 - Dissolution Profiling
 - Related Substance Analysis
 - Impurity Profiling & Identification
- Analytical Method Development & Validation
 - Stability Studies

FACILITIES AT THE PLANT

API AND INTERMEDIATES

- ◆ The plants is well designed in seven block buildings sprade across 1,75,000 Sq. Feet land. API facility is situated in the Saykha Industrial Estate, located at a close distance by road / train / flight.
- ◆ Common effluent treatment plant (CETP) at Saykha for usage by all companies in the industrial estate.
- ◆ The facilities have been audited and well-appreciated by the representatives of various pharmaceutical companies (Indian and MNCs).
- ◆ Globela Research Center -- an exclusive state-of-the-art facility supports all our research endeavours under one roof. It is a refuge to research teams working in the areas of diverse specialisations including APIs, formulations, custom synthesis, contract research, analytical, packaging, IP, technology transfer and quality assurance.
