BD Hypak™ for Biotech

Glass Pre-fillable Syringe

Cover your bases in biotech

Grounded on decades of BD Hypak™ experience, BD Hypak™ for Biotech has been developed to address the key compatibility challenges for biotech drugs and chronic treatments.

A reliable Pre-fillable Syringe
from a trusted partner

More than **75%** of major
injectable biotech drugs
are delivered in BD Pre-fillable Syringe solution¹

The BD Hypak™ for Biotech is a reliable and proven Sterile, Clean and ready to Fill (BD SCF™) syringe barrel container featuring key compatibility factors for biotech drug delivery:

Improved drug compatibility
through specified **low tungsten
residues levels**^{2,3}

Minimized reject rates
on customer process
through fewer visual
and cosmetic defects³

Controlled **Length Under Flange**
and **gliding specifications** foundational
for compatibility with secondary devices^{3,4}

BD Hypak™ for Biotech offering:
