

# BD Intevia™ 1mL

A Two-step Disposable Autoinjector

A reliable, integrated system  
that helps push  
the boundaries of viscosity

**Our system is especially designed for higher viscosity drug delivery**

- Designed to deliver drugs with a wide range of viscosities up to 35cP, and fill volumes up to 1mL without the need to customize delivery system components<sup>1</sup>
- 93% of experienced patients are willing to switch to BD Intevia™ 1mL<sup>2</sup>
- 98% and 95% of users\* found BD Intevia™ 1mL easy to use and acceptable, respectively<sup>2</sup>
- 98% of users\* have high confidence to control the start of injection thanks to BD Intevia™ 1mL control point<sup>2</sup>

\* Rheumatoid Arthritis and Multiple Sclerosis patients (with or without hand impairments), Caregivers and Healthcare professionals

# Unique patient-centered design

## Enhances the patient injection experience<sup>2</sup>

**Control point feature** enables simple two-step push-on-skin activation allowing injection control by the patient<sup>1,2</sup>

**Improves safety** by protecting the needle after injection versus manual injection<sup>1</sup>

- Promotes **patient ease of use** when self-injecting, supported by BD's injection technique expertise<sup>2</sup>
- Provides the **convenience and confidence** of a slim, patient-friendly design<sup>2</sup>

**Features a unique combination** of feedback indicators that enhances patient experience<sup>1,2</sup>

## We can make a world of difference in your drug's success.
