Summit Pharmaceuticals Europe

Sumitomo Corporation

The global picture

Sumitomo Corporation is one of **the leading trading & investment firms** in Japan, continuously expanding into a diverse range of products and services in various business fields. These business activities include sales of a variety of products and services within Japan, import and export, trilateral trade, and domestic and international business investment.

One of the departments is Medical Science, in which the pharma world is based

Summit Pharmaceuticals Europe

About us

Summit Pharmaceuticals Europe (SPE) is a 100% subsidiary of Summit Pharmaceuticals International Corporation. Ideally located in Milan, Madrid and Düsseldorf, Summit Pharmaceuticals Europe is a trusted trading partner with a lean organization dedicated to the pharma industry.

We offer comprehensive services and high quality products from carefully selected first-class manufacturers at competitive conditions.

In excellent cooperation with our strong partners, we cover the trade of intermediates and APIs up to new formulation business throughout all Europe, Middle East and America.

Through our Sumitomo Corporation network and other sister companies, we cover a full service worldwide, complying with all the existing regulations including REACH and CLP.

We are here to collaborate and work with you to improve and expand your business around the world.

We provide comprehensive services

APIs and intermediates business

Summit Pharma group works together with more than 50 excellent international API and intermediate manufacturers carefully selected and with consistent collaboration history with our Group. Thanks to our partnerships with European and Asian Pharmaceuticals and Chemical-Pharmaceutical producers, we offer a wide range of APIs and their intermediates together with required documentation and follow the whole distribution process as efficient customer service for our customers convenience.

Market access to Japan, Asian markets and Russia

As Japanese company with historical and consolidated business presence in the Japanese market, we offer efficient market access and intermediation service for partners willing to enter in the Japanese market.

In addition we offer market access to Russia and other Asian countries like China, through our direct presence on the territory, and other countries like India, Indonesia, Korea, Taiwan, Thailand, Philippines and Vietnam.

Summit, as “Business Facilitator” provides a transparent and reliable service for our partners and customers.

B2B business: Drug product formulation

We constantly strive to build strong partnerships that reach beyond product delivery. We recognize partner's potential and help them to realize it to success by our broad experience in guiding from the clinic to market. We select and promote the unique technologies and niche products from our esteemed partners and help them to find a suitable business marketing access to bring products successfully to patients.

Regulatory service

Our Japanese offices provide regulatory support and this allow us to apply on behalf of our partners for Accreditation of Foreign Manufacturer (FMA), registration of Japanese Drug Master File (JDMF) and GMP Conformity Assessment, required for the sales of both APIs and FDF to Japan.

Full support is also assured to our partners who intend to sell APIs and FDF to China. Indeed, our Beijing office (SPC) provides the full regulatory support for obtaining the needed import license.

In Europe we take care of European classification of substances and REACH registrations.
