Leading from the front

Dr. N. V. Rao
Chairman & Managing Director
PhD in Organic Chemistry

Dr. N. V. Rao has started Metrochem in the year 2004 with a mission of building a sustainable bulk drug business that would bridge the gap between quality and affordability in this segment. With 30 years of R&D and manufacturing experience, Dr. Rao focused on cultivating a culture of innovation in the organization.

His efforts helped Metrochem grow from a single unit, 2 API company to 7 units, 300+ products company in a span of 15 years. Under his leadership, Metrochem has been awarded the “Best Supply Partner” by DRL and was most recently listed as the leading mid corporates in India by Dun & Bradstreet in 2020.

Accessible Management Team

Harsha vardhan Nandepu
Chief Operating Officer

Mr. Harsha Nandepu heads the commercials operations at Metrochem. He has a **Master's in Chemical Engineering** from University of Southern California and an **MBA** from University of Washington. Prior to assuming the current role, Harsha has 6 years of experience at **Baxter Bioscience and Mylan**, USA at various capacities in the quality assurance and compliance space.

Company Overview

Metrochem is a pure-play, vertically integrated manufacturer of APIs and Pellets across diverse therapeutic areas. Helmed by 30+ years of research and manufacturing expertise of Dr. N. V. Rao, Metrochem has grown at an exceptional pace since its inception in 2004 and established itself as a leading API and Pellet manufacturer on a global scale.

Metrochem handles an extremely wide array of products that require specialized skills in handling complex chemistry, developing robust scalable processes, and safe handling of challenging reactions and chemicals, at both grams to multi ton scale. Our six (6) manufacturing facilities confirm to the stringent quality and GMP requirements of several reputed global health authorities such as FDA, PMDA, WHO, COFEPRIS

Why Metrochem? Core Competencies

Quality
Compliance/Commitment.

Gram to Multi Ton
Commercialization.

R&D – New Products
& Patents.

Regulatory Expertise
– DMFs.

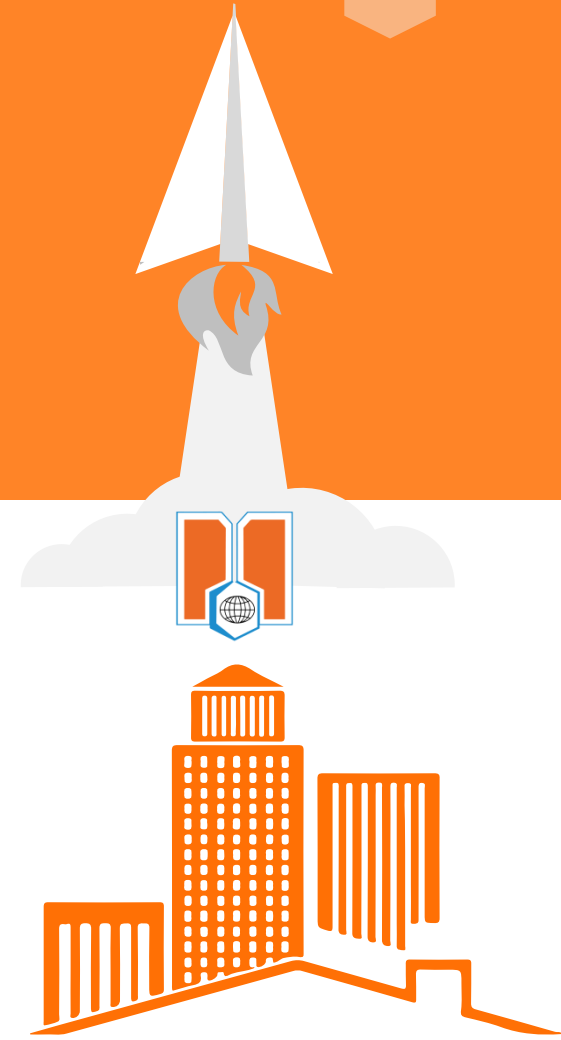

End to End
commercialization.

Vertically Integrated
Value Chain.

People of
Metrochem – Highly
Skilled Workforce.

Mission Vision Values

At Metrochem,
*we believe that we have a role
to play in enriching lives
through increased access to
affordable healthcare.*

Our Values

We value Innovation, Focus, Integrity,
and Safety.

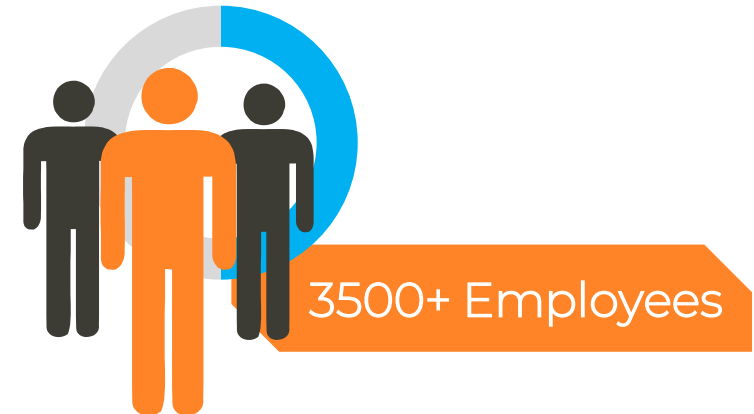

Our Mission

To ensure Operational Excellence, excellent Customer Service on time, Operate in a Safe & Environment-friendly Atmosphere, conduct business with Integrity, and ensure employees are well trained, motivated and satisfied.

Our Vision

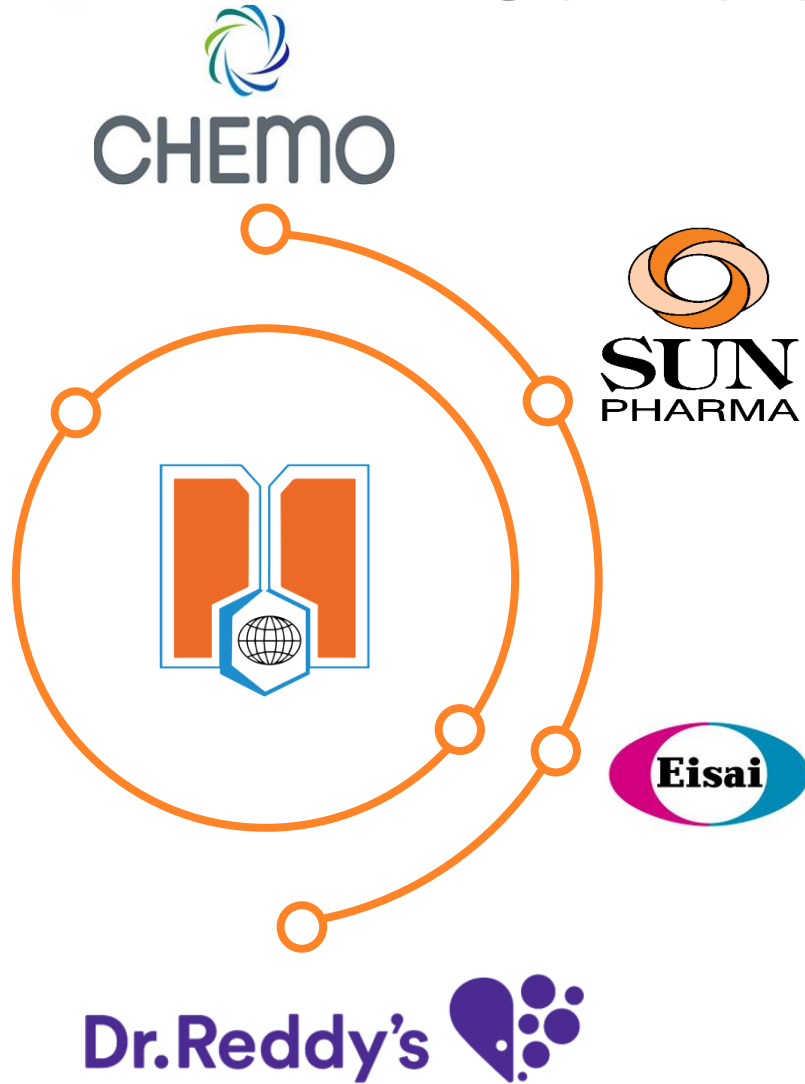

Our vision is to become the most preferred supply partner to our customers worldwide. We aim to achieve sustained growth through consistent delivery of innovative, customer-centric, world-class products. To be a World Class, Research-driven, Vertically Integrated Manufacturer of APIs, Intermediate chemicals, Pellets and Finished Dosage Forms.

Our Employees are our Best Assets.

- Our workforce gives us the competitive advantage.
- We engage in skill development
- We recruit highest quality talent. Our employee accomplishments speak for themselves.
