Innovative Healthcare Products Contract Manufacturing & Licensing Out of finished products

The company produces solid and liquid forms. Collaboration with opinion leaders, partnerships with Universities, Hospitals, CROs and Technology centers are the basis for the development of strategic Products. SIIT has a long history of innovation; it is the heart of our Company and is the key of SIIT's success. It depends on creative inventors group, who propose technologies, product concepts, solutions and benefit that oriented by consumer needs. Patenting is a mean to protect our innovation and to sustain and expand SIIT competitive advantage. To this aim the Research & Development group make an important contribution to SIIT's patent portfolio each year, and supports SIIT's product portfolio advancing SIIT's leadership in Health solutions.

Innovative Healthcare Products Development & Manufacturing

S.I.I.T. is an innovative healthcare company with more than **1200 references** in **70 different markets**, with **450 employees**, and more than **60 years of experience**

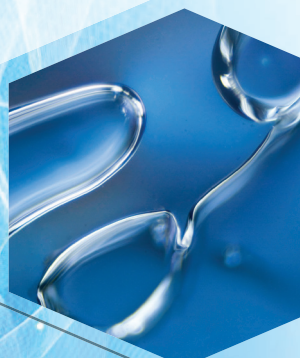

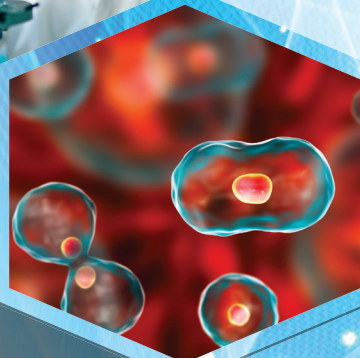

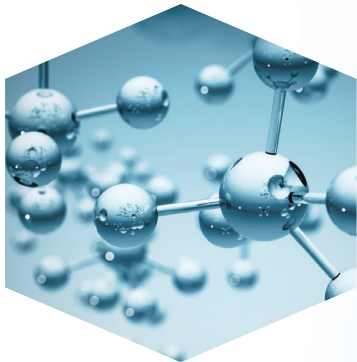

S.I.I.T. is an innovative healthcare product contract developer & manufacturer with 3 business lines.

- 1** ▶ Development and manufacturing in **GMP, ISO 13485, ISO 22000, GMP FDA**, of health food supplements, medical devices and OTC in solid and liquid dosage forms.
- 2** ▶ Development of innovative technologies for improving performances of customer products.
- 3** ▶ Development of a complete pipeline of innovative healthcare products ready to license out.

Innovative Healthcare Technologies

UTD-3 PHASE®

A technology based on dispensing caps suitable for ingredients susceptible in liquid phase. At the moment of use, twist the cup, shake and drink.

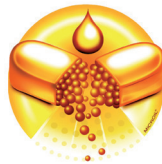

SMATAB®

An innovative technology allowing the production of crunchable minitables in stick pack with high dosage of nutrients particularly suitable for children. Higher dosage, better taste. Available additive free.

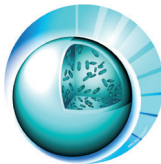

ICE VITA POP

Ice VitaPop Frozen solution to get your daily dose of nutrients. Disruptive approach to traditional food supplements. Enriches the flavoring experience of children and adults. Customized formulations for different needs.

MICROIL®

A technology exploiting a coacervation process to microencapsulate oils. Permit to dose all the oily substances in sachets, tabs and caps.

MICROCOAT®

Coating technology allowing to get a good stability and shelf life for probiotics even at room temperature (20°-25°).

PAD MULTI-LAYER®

Patented technology allowing to avoid any interaction between active ingredients in the fast and the slow-release layers in a Multilayer® tablet.

CORECAP®

Controlled release of ingredients. It is based on filling hard gelatine capsules with Coretab® microtablets (controlled release tablets).

CORETAB®

Controlled released tablet obtained with use of appropriate excipients. Different application are covered by patent.

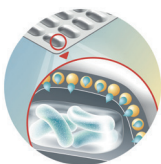

GASTROTAB®

Coating Technology, allowing to avoid the destruction of the active nutrients contained in the tablets by the digestive enzymes in the stomach.

EFFERTAB®

A compressing technology allowing to exploit bio-availability of active ingredients without leaving a residue generating in about 3 minutes a solution of completely bioavailable ingredients. Available with low sodium content (MINI-Effertab).

DEXI BLISTER & SACHETS®

A technology allowing the preservation of highly sensitive ingredients. The presence of an additional lamina with desiccant particles in blister & sachet pack ensures preservation of ingredients and protection from humidity.

BABY FOOD

Health food supplements for infants and babies. Include chemical and microbiological analysis aims to guarantee highest quantity of water absorbed, for complete and fast hydration.

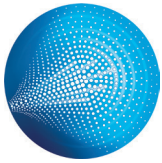

THE 3W TECHNOLOGY®

The unique proven HI-TECH process to maximize bioavailability and absorption of active ingredients and to provide health solutions. On site, on time, what's right: 3 LAYERS, 3 RELEASES, 3 ACTIONS.

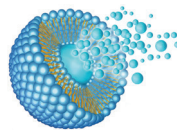

CHRONOGUMMIES

The proven HI-TECH Gummies solution: mono & multi-layer Gummies for sustained and targeted release of active ingredients in a disruptive format. TRIPLE ACTION, BETTER ABSORPTION, BEST EFFICACY.

MICROPUFF®

The HI-TECH sprayable process that reduce the droplet size and makes the difference for a fast and high absorption of active ingredients.

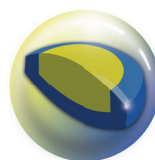

LYPO-HPT®

Liposomal technology that brings nutrients in the right place. Flexible liposomes for any active ingredient to maximize absorption and bioavailability preserving stability.

MY SQUEEZE®

Squeeze, from a customized pack, the right dose of concentrated nutrients in a glass or bottle of water, and transform water in a nutrient and tasty drink.

INLAY-TAB Floating

An innovative technology to increase gastric retention and to have better absorption of nutrients that must be released and absorbed in the first tract of the gut. DOUBLE ACTION: FAST RELEASE & LONGER GASTRIC RETENTION for BETTER ABSORPTION and BEST EFFICACY.

COMPRIGUM®

The double chewing experience Gum in tablet for a better stability and targeting release of ingredients in a new sustainable technology: solventless and environmentally friendly.

FRUIT FAST MELT

An innovative technology to obtain a fast-melting orosoluble powder for fast absorption of nutrients poorly bioavailable to get the best efficacy. ADDITIVES FREE: no artificial colors and flavors.

FIZZY BALLS

An innovative technology to get the right fizzy dose of nutrients directly dissolved in the mouth that combine 3 different mechanisms: buffering action, stimulation of saliva production and spherical shape to maximize solubility, bioavailability and absorption.

TAB in TAB

HI-TECH multilayer process to maximize bioavailability and absorption of active ingredient. 3 LAYERS, 3 RELEASES, 3 ACTIONS from the core to the outer layers, a multilayer solution for sustainable dry coating to preserve sensitive nutrients.

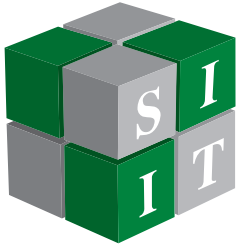

CAPTOWATER®

If not promptly replenished, water loss can lead frequently to severe states of dehydration. Captowater is a technology based on a precise balance of electrolytes and sugars able to maximize hydration respect to water alone.

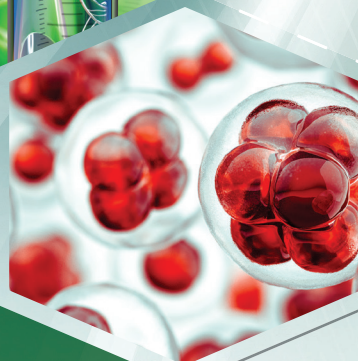

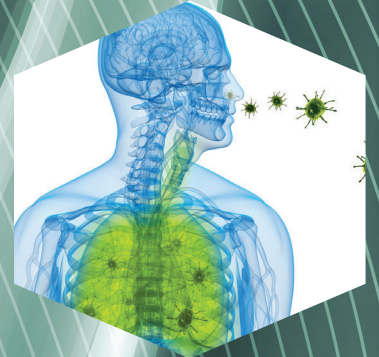

DUOCAM AND DUOCAM PLUS®

Separation of two different blends into the same sachet. Available also as DUOCAM PLUS: additional desiccant lamina to improve probiotics vitality. Increase ingredients stability and avoids direct contact.

[Innovative Healthcare Products for different Therapeutic Areas]

A complete pipeline of innovative consumer healthcare products ready to license out in the following areas

Gastrointestinal Care

This area involves stomach, duodenum tenue and gut with functions related to food digestion and absorption. Pathologies can relate to gastroesophageal reflux, nausea, hyperacidity, dyspepsia, stipsis and diarrhea.

Woman's Health

This field relates to typical woman's needs about urogenital tract, iron, vitamins and oligoelements related to pregnancy. Pathologies are related to infections, unbalances and deficiencies in these fields, gravidic nausea, fatigue.

Sleep & Relax

This area relates the central nervous system (brain and nerves) and peripheral sense organs. Pathologies are related to circadian rhythm alteration, insomnia, eye deficiency, acufens etc.

Multivitamin, Energy & Immune Support

This area includes remedies destined to provide increasing of energy/strenght in human organism. It prevents fatigue, seasonal maladies/discomforts, decrease in energetic performance.

Cough & Cold

This area relates throat and nose with functions connected to the voice, the ingestion and breath. Pathological events can be pain, irritation and infections with catarrhal overproduction.

Baby Care

This field relates to typical baby's needs and involves what needed for a correct growth in the infant age. Minerals, microflora, ORS against disidratation, bloating, oligoelemental deficiencies.

Muscles, Bones, Joint Care & Peripheral Nervous System

This area refers to products specifically formulated for the support of muscles, bones, joint and nerves. Conditions of interest are osteoporosis, arthritis, osteoarthritis, sarcopenia and neuropathies.

Beauty & Skin

This field includes both beauty and health of skin, strictly related each to the other. Skin is the most large human organ and acts as a barrier. The preventive/supporting actions include the solar protection, hair care, increased skin moisture.

Weight Management

The area includes products, useful for weight management.

Supportive Care

In this area products for supportive contribution in case of inflammation, pain, debilitating therapies are provided.

Man's Health

This field relates to typical men's needs about urogenital tract, Minerals and vitamins. Pathologies are related to prostatic inflammation/irritation, nutrients deficiencies alopecia.

Metabolic Health

The area covers products useful for the control of colesterols, lipids and sugars. Indicated in case of metabolic syndromes.

A selection of our innovative products ready to be licensed in different therapeutic areas.

Gastrointestinal Care

Motility & constipation

▶ Makropur €€

A purified macrogol. An innovation for the treatment of constipation dedicated to infants, children and adults.

▶ P&S (Peg & Simethicone) €€

Wide range of product to choose the right dosage and format to treat occasional and chronic constipation.

▶ Lubrismile® €€

An innovative formulation based on physillium, PEG and simethicone. A solution to treat chronic constipation, all in one sachet.

Nausea & Digestion

▶ Captogastril €€

The solution for dyspepsia. Available as minitabs and orosoluble stick pack.

▶ Ginger X

Product based on standardized phytocomplex (gingerols and shogaols) useful in case of nausea improving digestion function.

Intestinal Disorders (IBS & IBD)

▶ Fibergone® €€

Innovative medical device based on hydrolyzed guar gum (PHGG) and simethicone, indicated in case of IBS. Promotes normalization of intestinal flora and proper bowel function.

▶ Psyllium & mint

Patented combination of Psyllium & microencapsulated oil indicated for IBS treatment.

Mucosae protector acidity & reflux

▶ Antacid gum €€

Double action Chewing gum: antacid and protective. Useful in case of symptoms associated to laryngopharyngeal reflux. Prompt and sustained relief, protective action.

▶ Tamaracid® and Tamaracid Plus €€

Three-in one solutions: antacid, antireflux, gastroesophageal mucosae protector. New generation of anti-reflux product to solve all gastroesophageal and laryngopharyngeal reflux symptoms with natural ingredients.

▶ Triostine €€

Contrast digestive difficulties associated with gastric hyperacidity, relief of nausea promoting intestinal flora equilibrium thanks to Probiotics. With botanical extracts.

Abdominal discomfort & Bloating

▶ Kaptoflat® €€

Synergic combination of simethicone (anti-foaming agent) and activated charcoal (absorbent agent) in a multilayer tablet with different site of absorption for high efficacy to remove gas from upper & lower tract.

▶ Fiberaid €€

Diosmectite powder with Bifidogenic and Lactogenic fibers to treat diarrhea and associated symptoms.

▶ Captodiarr® €€

Diosmectite in a ready to use liquid form with an improved excellent absorption capacity. Indicated as anti-diarrhea treatment.

▶ Simester €€

Efficient formulation with double action thanks to synergic action of simethicone and sucroesters: anti gas bubbles & strong anti-foaming power.

▶ Adsorbix 100

Unique formulation with ADSORBix complex™ (Innovative patented complex) to enhance the adsorbent capacity of activated charcoal through an increase of its surface area. In synergy with Chamomile, Peppermint, Fennel and Angelica it is useful for excessive flatulence, bloating, aerophagia improving digestion.

Woman's Health

▶ **UTISMILE & UTISMILE X**

Sachet with D-mannose (UTISMILE) and D-mannose plus Xiloglucans (UTISMILE X) from tamarindus indica. UTISMILE X has a double site of action: gut and bladder, indicated for prevention and treatment of UTI.

▶ **Bio C**

Unique lactation-supporting formulation based on natural ingredients with high dosage of nutrients able to increase milk production.

▶ **VAGITAB-T**

Vaginal tablet to address the needs of both reproductive and menopausal women. Candidosis and vaginitis: restoration of vaginal flora, prevention and aid treatment of infections. Vaginal dryness and atrophy elasticity, hydration and trophism vaginal mucosa.

▶ **CAPTOSIDER**

Liquid and solid iron supplements micronized and microencapsulate iron. Excellent bioavailability, no metallic taste, no gastrointestinal side effects.

▶ **Kronofer**

Unique formula based on 3 different selected sources of Iron, guarantees higher absorption with no side effects. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3in1 MAXIMUM EFFICACY.

▶ **FertiFEM**

Unique formulation of selected, combined and science-based ingredients with proven enhanced bioaccessibility to support female fertility thanks to high antioxidant power to get the best performances demonstrated scientifically.

▶ **DREI.MAG**

Orodispersible stick based on 3 sources of Magnesium. Fast and effective thanks to sublingual absorption. No laxative side effects thanks to its complete solubility & bioavailability.

▶ **WELLMAMA**

Double unique formulation (multilayer tablet + softgels) that combines the right nutritional dosage of nutrients for mum and the child in a unique triple action formulation with long lasting action and one soft gel with EPA and DHA.

▶ **Duravit** **Woman 50+**

Unique formulation with its triple and long-lasting action, maximum efficacy and proven absorption offers to women over 50 the complete supply of selected Vitamins, Minerals and botanicals. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3in1 MAXIMUM EFFICACY.

▶ **Duravit** **Pregnancy**

Unique formulation with its triple and long-lasting action, maximum efficacy and proven absorption offers to get the maximum efficacy to support mum & baby wellness. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3in1 MAXIMUM EFFICACY.

▶ **Gestational Diabetes tab**

Unique formulation with appropriate combination of ingredients to reduce insulin-resistance in gestational diabetes developed in a multilayer tablet with different release. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3IN1 MAXIMUM EFFICACY.

Sleep & Relax

▶ **Melatonin Chrono**

Patented and clinically proven pulse-controlled release melatonin tablet to treat troubles. The unique release profile that mimics the release of melatonin in our body.

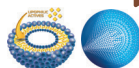

▶ **BLUE-SLEEP**

Blue color, balsamic flavor, melatonin gummy with controlled release to fall asleep fast and promote long restful sleep.

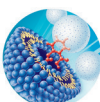

▶ **MYSQUEEZE** **SLEEP**

Sleep-promoter and water enhancer with innovative packaging. Squeeze the right dose in your cup of warm water before bedtime. Ginger and Lemon taste.

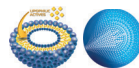

▶ **LypoChrono**

Sublingual spray with liposomal and micronized melatonin to fall asleep faster.

▶ **LypoChrono Solid**

A fast melt orosoluble pocket stick pack (no water needed) with double action to fall asleep faster & get relaxed ensuring the fast onset of action and long-lasting release of melatonin & theanine. Tasty banana flavor appreciated by children.

▶ **LypoMelatonin Plus**

Unique sublingual melatonin spray with fast and long-lasting action thanks to liposomal micronized melatonin and Mucobarryl complexTM for a double action: FALL ASLEEP FASTER & LONG-LASTING SLEEP.

▶ **Duravit** **Sleep**

Unique formulation with its triple and long-lasting action, maximum efficacy and proven absorption of each selected, essential nutrients and botanicals immediately and all night long to help you fall asleep faster and get a good night's sleep. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3in1 MAXIMUM EFFICACY.

▶ **GOODNIGHT DROPS**

Sedative drops with Melatonin and botanical extracts of Valerian and Hop for a long restful sleep with double action. Helps to fall asleep and improves sleep quality.

▶ **PILLOW SPRAY**

Unique formulation that combines natural pure essential oils of soothing lavender, sedative chamomile and calming citrus. Developed to be sprayed in the air and on the pillow before going to sleep to relax and prepare for a blissful sleep.

Multivitamin, Energy & Immune support

Multivitamin

▶ Duravit® Multivit

Unique formulation with its triple and long-lasting action, maximum efficacy and proven absorption to gives you the best performance of each selected, essential vitamin and mineral to enhance your health. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3in1 MAXIMUM EFFICACY.

▶ Multivitamin TinT

A new and revolutionary concept of multivitamin. Triple action in a single swallowable multilayer tablet: a core and two outer layers for a 100% controlled release of the active ingredients.

▶ Nutra fizzies MULTIVIT

Fill up the energy with your small effervescent tablet to dissolve directly in the mouth to maximize absorption, efficacy and onset of action of multivitamins and minerals.

▶ MYSQUEEZE® MULTIVIT

A natural concentrated solution: every squeeze is a few concentrated drops to transform your water in a taste drink to fulfill your nutrients needs to provide health benefits all day long. Tasty orange flavor.

Energy

▶ Duravit® Energy

Unique formulation with its triple and long-lasting action, maximum efficacy and proven absorption to give you the best performance of each selected and essential nutrient and botanical ingredient immediately and all day long to boost your energy levels. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3in1 MAXIMUM EFFICACY.

▶ REBOOT

Ready to drink gaming supplement to stay focused and boost your gaming skills.

▶ Nutra fizzies ENERGY

Boost your daily energy levels with small effervescent tablet to dissolve directly in the mouth to maximize absorption, efficacy and onset of action of a special complex of nutrients.

▶ MYSQUEEZE® ENERGY

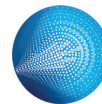

A natural concentrated solution: every squeeze is a few concentrated drops to transform your water in a taste drink to fulfill your nutrients needs to boost your energy levels and get the best performance all day long.

Immune Support

▶ Duravit® Immunity

Unique formulation with its triple and long-lasting action, maximum efficacy and proven absorption to gives you the best performance with a high dosage of Vitamin C for an efficient & complete release of Vitamin C to support your body's natural defenses. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3in1 MAXIMUM EFFICACY.

▶ Probiospray

Innovative oral spray with double action to strength immunity system and support oral microbiome thanks to synergistic effect of Lactobacillus Rhamnosus GG and Vitamin D.

▶ Imbresol®

Clean label oily Vitamin D3 range customizable. Available as sublingual spray, drops and solid forms and with Vegetable source of Vitamin D3.

▶ MYSQUEEZE IMMUNITY

A natural concentrated solution: every squeeze is a few concentrated drops to transform your water in a taste drink to fulfill your nutrients needs to keep up your immunity and get the best performance all day long.

▶ B12 Boost

Sublingual vitamin B12 with fast action indicated to boost immunity, energy and mental performance. Available as sublingual spray with micronized droplets or sublingual tablets.

▶ Nutra fizzies IMMUNITY

Keep up your immune system with small effervescent tablet to dissolve directly in the mouth to maximize absorption, efficacy and onset of action of high dosage of Vitamin C and Vitamin D.

▶ DUOCAM® IMMUNITY

A selected blend of vitamins, herbals and probiotics for immune support, in DUOCAM for excellent stability.

Cough & Cold

Nasal sprays

▶ **Cptomucil nasal spray**® € €

Innovative nasal spray based on natural polymer and saline solution with a mucolytic and decongestant effect in 30 seconds. Available with hypertonic & isotonic saline solution. Efficacy clinically proven.

▶ **Hypertonic-Barrymyrrh nasal spray** € €

Innovative nasal spray based on natural complex of polysaccharides and hypertonic Mg Sea water solution to clean, relief and protect with decongestant activity.

▶ **Isotonic-Barrymyrrh nasal spray** € €

Innovative nasal spray based on natural complex of polysaccharides and isotonic Mg Sea water solution to clean, relief and protect with moisturizing activity.

▶ **Mucotannil nasal spray** € €

Innovative nasal spray for treatment of upper airways infections and symptoms with polysaccharides, tannins and hypertonic solution for a complete relief from nasal symptoms.

▶ **Nasal wash**® € €

An innovative nasal cleaning based on hypertonic and isotonic formulations with PEG 3350, Sodium Chloride and Sodium bicarbonate to clean, hydrate and protect.

Throat sprays

▶ **Barrimucil throat spray** € €

Innovative throat spray based on polysaccharides from plant extracts (Plantain, Erysimum and Licorice) and sodium hyaluronate to form a mucoadhesive gel exerting a protective action and a barrier capable to limit contact with external agents and irritants.

▶ **Mucotannil throat spray** € €

Innovative throat spray with MUCOTANNIL® complex that form a mucoadhesive gel exerting a protective action and a barrier capable to protect irritated mucosae.

Cough syrups

▶ **Mucobarryl syrup**® € €

Innovative cough syrup based on Mucobarryl® complex and vegetal extracts of Large Plantain and Grindelia to calm cough.

▶ **Mucobarryl plus syrup**® € €

Innovative cough syrup based on Mucobarryl complex Plus® and vegetal extracts of Large Plantain and Althea Officinalis to calm cough, protect mucosa and soothe sore throat.

▶ **Captotuss syrup**® € €

Innovative cough syrup with exclusively complex of polysaccharides from natural extracts (Plantain, Mallow, Licorice, Wild Pansy) able to calm the cough, alleviate the burning sensation and promotes the removal of excess secretions.

Throat tablets

▶ **Barrmucil throat tablets** € €

Innovative throat tablets based on polysaccharides from plant extracts (Plantain, Erysimum and Licorice) and sodium hyaluronate to form a mucoadhesive gel exerting a protective action and a barrier capable to limit contact with external agents and irritants.

▶ **Mucotannil throat tablets** € €

Throat tablets with MUCOTANNIL® complex that form a mucoadhesive gel exerting a protective action and a barrier capable to protect irritated mucosae, with a pleasant taste of Menthol and Eucalyptus.

Baby Care

▶ **Probiospray**

Innovative oral spray with double action to strength immunity system and support oral microbiome thanks to synergistic effect of Lactobacillus Rhamnosus GG and Vitamin D.

▶ **Multivitamin & Energy**

A selected formulation based on Royal Jelly, Vitamins, Iron & Zinc using the innovative Technology Smatab that improves swallowing for children.

▶ **Captosider Drops®**

Product based on coated iron Pyrophosphate to treat or prevent iron deficiency in children. Excellent tested milk appealing taste and aroma.

▶ **Imbresol®**

Family of products based on Vitamin D to boost immune system or prevent vitamin D deficiency in babies.

▶ **Fluordrops**

Product based on fluoride useful for tooth mineralization.

▶ **Immuno Syrup**

A selected blend of zinc elderberry juice and Beta glucan to boost immune system and prevent infections.

▶ **Nutra fizzies IMMUNITY**

Keep up your immune system with small effervescent tablet to dissolve directly in the mouth to maximize absorption, efficacy and onset of action of high dosage of Vitamin C and Vitamin D.

▶ **Kaptoflat C€**

Save and efficient formulation based on simethicone to treat aerophagia and infant colics.

▶ **Mucobarryl Plus® C€**

Product based on Mucobarryl complex plus botanical extracts to calm cough and soothe sore throat.

▶ **Multivit - Ice®**

Frozen solution to get your daily dose of nutrients. Disruptive approach to traditional food supplements. Enriches the flavoring experience of children.

▶ **Nutra fizzies MULTIVIT**

Fill up the energy with your small effervescent tablet to dissolve directly in the mouth to maximize absorption, efficacy and onset of action of multivitamins and minerals.

Muscles, bones & joint care (MK)

▶ **Articoplus**

A combination of selected essential nutrients to contribute to a healthy musculoskeletal system to improve joint health and mobility with triple action: complete pain relief, anti-inflammatory and analgesic action to help you stay active and feel your best.

▶ **Arthos**

A liquid pocket stick pack with unique blend of collagen, curcumin, glucosamine and chondroitin that works synergistically to support healthy joint function, reduce inflammation and promote overall mobility.

▶ **Kefbones**

Unique combination of innovative ingredient KEFPEP and essential nutrients that work together to promote and support structure and function of bone: just one pocket stick to bone's wellbeing.

Beauty & Skin

▶ **Youtin**

Treasured blend of collagen, hyaluronic acid and vitamins orally administered to increase skin moisture and elasticity.

▶ **Duravit® Beauty**

Unique formulation with its triple and long-lasting action, maximum efficacy and proven absorption to give you the best performance of each selected and essential nutrient and botanical ingredient immediately and all day long to support skin, hair & nails health. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3in1 MAXIMUM EFFICACY.

▶ **Nutra fizzies BEAUTY**

Glow better from within with small effervescent tablet to dissolve directly in the mouth to maximize absorption, efficacy and onset of action of potent blend of nutrients and antioxidants to support healthy skin, hair and nails.

Stop. Skin aging.

Weight Management

▶ Kaptufat® CE

Double action: lose weight and control of cholesterol levels. Natural complex to stop fats absorption.

▶ MYSQUEEZE® DIURETIC

Diuretic-promoter water enhancer with innovative packaging. Squeeze the right dose in your water bottle. Enjoy the pineapple aroma and taste, make the most of healthy effects.

▶ Captoappetit CE

Capsule with Captoappetit® complex, a particular association of a vegetable fiber and a surfactant component useful in case of metabolic syndrome to control cholesterol and glucose levels.

Supportive care & Pain

▶ Flebont

Unique formulation with its triple and long-lasting action, maximum efficacy and proven absorption to get the maximum efficacy of each selected, essential nutrients to reduce inflammation, restore correct microcirculation and to relief from pain & swelling. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3in1 MAXIMUM EFFICACY.

▶ Palmitala

By-layer tablet based on Lipoic acid, PEA and Vitamin B6. Anti-inflammatory, neuroprotective and analgesic natural remedy for neurophatic and chronic pain: effective without side effects.

Man's Health

▶ FertiMAX

Unique formulation of selected, combined and science based ingredients with proven enhanced bioaccessibility to support male fertility thanks to high antioxidant power to get the best performances demonstrated scientifically.

▶ Duravit® Man 50+

Unique formulation with its triple and long-lasting action, maximum efficacy and proven absorption offers to men over 50 the complete supply of selected Vitamins, Minerals and botanicals to support man's body changes. 3 LAYERS, 3 RELEASES, 3 ACTIONS for 3in1 MAXIMUM EFFICACY.

Clean Label

▶ Iron Bisglycinate Drops

To treat or to prevent iron deficiency in babies. No additives (no artificial colors and no flavours).

▶ Imbresol®

Family of products based on Vitamin D to boost immune system or prevent Vitamin D deficiency in babies. No additives (no artificial colors and no flavours).

▶ Fluordrops

Product based on floride useful for tooth mineralization. No additives (no artificial colors and no flavours).

▶ Mucobarryl Plus Syrup® CE

Product based on Mucobarryl complex plus botanical extracts to calm cough and soothe sore throat. No additives (no artificial colors and no flavours).

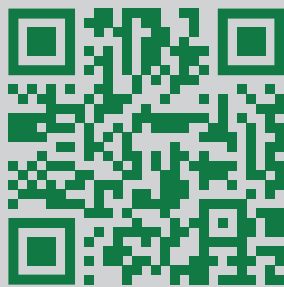

We aspire to enhance quality of life for everyone, today and for generations to come.

This belief fuels our desire to use our global scale, resources and expertise to contribute to a healthier and sustainable future for people and the planet.

We have sought to build our business by taking decisions that are not just good for us and our shareholders, but for society and the planet as well. We firmly believe that good packaging should not only perfectly protect your product but also our environment. This is why we have been closely examining alternative sources of packaging materials.
