The image shows the interior of a clean room. In the center, there are two blue doors with small rectangular windows. To the left, there is a blue metal frame with some equipment. To the right, there is a large piece of industrial machinery with a circular component. The floor is a light blue color. The walls are white. The overall lighting is bright and even.

Class 10000 Clean Room for Manufacturing and Assemblies

- JAPANESE MAKE ALL ELECTRIC MOULDING MACHINES
- HIGH SPEED GREAT ACCURACY
- COLLABORATION WITH GERMAN COMPANY FOR MOULD TECHNOLOGY
- MOST RELIABLE SUPPLIER WITH HIGH QUALITY AND BEST DELIVERY TIMES

EURO HEAD CAP 39MM

- Closures for I.V Bottles
- Head Type – Pull -Off
- Size – 39mm
- Material – PE
- Good welding and Leakage Free Caps
- Sterilization temperature 121° Celsius

TWIN PORT FOIL CAP 39MM

- Closures for I.V Bottles
- Head Type – Two Port Foil Separation
- Size – 39mm
- Material – PE
- Good welding and Leakage Free Caps
- Sterilization temperature 121° Celsius

PROTECT FOIL CAP 39MM

- Closures for I.V Bottles
- Head Type – ALUMINIUM SEALED
- Size – 39mm
- Material – PE / PP
- Good welding and Leakage Free Caps
- Sterilization temperature 121° Celsius

EURO CAP 32MM

- Closures for I.V Bottles and Bags
- Head Type – Pull – Off
- Size – 32mm
- Material – PE / PP
- Good welding and Leakage Free Caps
- Sterilization temperature 121° Celsius

DOUBLE FOLD CAP 32MM

- Closures for I.V Bottles and Bags
- Head Type – Break- Off
- Size – 32mm
- Material – PP
- Good welding and Leakage Free Caps
- Sterilization temperature 121° Celsius

DOUBLE FOLD CAP 29MM

- Closures for I.V Bottles and Bags
- Head Type – BREAK OFF
- Size – 29mm
- Material – PP
- Good welding and Leakage Free Caps
- Sterilization temperature 121° Celsius

INFUSION SPIKE PORT

INJECTION PORT

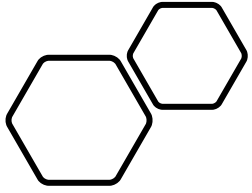

EURO CAP FOR BREVETTI MACHINE

- Closures for I.V Bottles
- Head Type – Pull – Off
- Material – PP
- Good welding and Leakage Free Caps
- Sterilization temperature 121° Celsius

The image displays several diamond-shaped ports for intravenous (I.V.) bags, arranged on a light-colored, textured fabric surface. There are eight clear, translucent plastic ports and two blue plastic caps. One of the blue caps is shown with its internal grey seal. The ports have a rectangular body with a flared top and a tapered bottom. The blue caps are circular with a central opening.

DIAMOND
