BDJ OXIDES PRIVATE LIMITED
PRODUCER OF GOLD SEAL ZINC OXIDE

COMPANY PROFILE

We would like to take this opportunity to introduce our new unit which is a sister concern of JG Chemicals Private Limited and has been commissioned in April 2016 being situated in Naidupeta, Andhra Pradesh (about 75 km from Chennai).

This is a state of the art facility built in accordance with international manufacturing standards and practices.

The unit is spread over an area of 6 acres (very large for a zinc oxide plant) and is equipped with a modern laboratory.

The new unit is under the name of BDJ Oxides Private Limited. Our total capacity is in excess of 50,000 MT/annum which makes us amongst the largest players globally.

We have installed an entirely dedicated plant which is totally separate in space from other section of our manufacturing facility. This line is dedicated for the manufacturing of Pharmaceutical grade Zinc Oxide. Our unit is approved for making IP / BP / EP / USP grade zinc oxide as well as Gold Seal Grade of Zinc Oxide.

This line is a state of the art facility which is one of its kind in India. The process controls, equipments etc have been designed to ensure the highest grade of zinc oxide compliant with the requirement of global pharmaceutical, food, vitamin and various other end user industries. The duct lines of this unit are made of stainless steel for least risk of contamination. All the good manufacturing practices are implemented to meet the highest quality demand of our valued customers of various industries, like, Pharmaceuticals, Cosmetics, Nutrition supplements, Speciality Chemical, etc.

PRODUCT GRADES

The products manufactured by us include:

- Zinc Oxide IP Grade
