Nasal Spray with Trehalose

ready to market

Decongestion & protection in case of allergic and non-allergic rhinitis and rhinosinusitis

Claims

Decongests the nasal mucosa on a natural way

Promotes the drainage of secretions and flushes out excess mucous, along with allergens, dirt, viruses, and bacteria

Supports opening of the paranasal sinuses and reduction of rhinosinusitis induced headaches

Reduces allergen induced symptoms such as runny nose, sneezing, itching and rhinorrhea

Forms a protective film on the nasal mucosa

Strengthens nasal mucous membranes and thus supports the defense against viruses and bacteria

Helps to reduce inflammation of the nasal epithelium

Supports the regeneration process of damaged and irritated nasal mucosa

Moistens intensively and cleans nasal cavities

Regulatory Status 

Medical Device Class I

Suitable for 

Above 12 years

Ingredients 

Natural Sea Salt, Trehalose, Glycerol, Purified Water

Mouth and Throat Spray with Trehalose

ready to market

Relief & protection in case of allergies and common cold

Claims

Helps to reduce typical allergic symptoms in mouth and throat like sore throat or itchy palate

Relieves cold symptoms, such as hoarseness, sore throat, coughing or difficulty in swallowing

Reduces the risk of bacterial and viral infections

Moistens oral mucous membranes

Helps to reduce inflammation in the mouth, throat, and larynx

Reduces and protects against irritation of mucous membranes, such as voice fatigue, coughing or dryness

Forms a natural and moisturizing protective barrier on mucous membranes in mouth and throat

Regulatory Status

Medical Device Class I

Suitable for

Above 12 years

Ingredients

Natural Sea Salt, Trehalose, Glycerol, Icelandic Moss, Purified Water

Lozenges with Trehalose

Under development

Relief & protection in case of allergies and common cold

- Different versions and flavours available:
 - Liquid filled
 - Non-filled
 - Elderberry – Mint
 - Cassis – Mint

Claims

Reduce allergic symptoms in mouth and throat such as sore throat or itching of the palate

Relieve symptoms of a common cold such as hoarseness and pain on swallowing

Soothe irritant and dry cough

Reduce the risk of a bacterial or viral infection in the mouth and throat

Stabilize the mucous membranes in mouth and throat and thus support their natural regeneration

Have a moisturizing effect on oral mucous membranes and thus help to prevent and treat dryness in mouth and throat due to e. g. voice overuse, air conditioning, heaters, tobacco smoke, etc.

Form a natural protective barrier on oral mucous membranes

Regulatory Status

Medical Device Class I under registration

Suitable for

Children above 6 years

Effective Ingredients

Trehalose, Islandic Moss, Elderberry Extract

Nasal Spray with Propionate

ready to market

Gentle treatment of unspecific nasal discomfort

Claims

Provides relief in unspecific nasal discomfort and congested nose

Immediate effect (within 5 minutes)

Helps to restore the nasal mucosa and clears it from various pathogens like viruses & bacteria, allergens, pollutants, etc.

Can be used as an accompanying treatment of runny and itchy nose

Decongests the nasal mucosa without the risk of habituation

Efficacy proven in scientific studies

Excellent tolerability

Patent protected

Regulatory Status

Medical Device Class I

Suitable for

Infants above 1 year

Ingredients

Locke-Ringer Solution, Sodium Propionate

Mouth and Throat Spray with Propionate

ready to market

Gentle treatment of throat discomfort

Claims

Reduces discomfort and pain of the upper airways in case of laryngitis and/or pharyngitis

Stabilizes the pharyngeal mucosa and thus has positive effects on the cellular function

Increases the mucosal functionality due to slightly hypertonicity

Can be used as an accompanying treatment of sore throat and hoarseness

Moistens oral mucous membranes

Reduces the risk of bacterial and viral infections

Regulatory Status 

Medical Device Class I

Suitable for 

Infants above 1 year

Ingredients

Locke-Ringer Solution, Sodium Propionate

Ear Spray with Propionate

ready to market

Gentle cleaning and care of the outer ear canal

Claims

Effective softening of cerumen

Cleansing and care of the external auditory canal

Restitution of the protective function of the outer acoustic meatus

Supports protection against secondary diseases like infections of the external auditory canal

Regulatory Status

Medical Device Class I

Suitable for

Children above 12 years

Ingredients

Locke-Ringer Solution, Sodium Propionate

Nasal Spray with 0.9% Sea Salt

ready to market

Natural cleansing in case of allergic and non-allergic rhinitis

Claims

Gently cleans nasal cavities and removes crust

Provides essential moisture to dry and irritated nasal mucosa

Supports alleviation of symptoms like itchy and runny nose, sneezing and nasal congestion

Can be used as a supportive treatment of a common cold or allergic rhinitis

Suitable for use in infants and children as a mild supportive treatment of a common cold or allergic rhinitis

Reduces harmful influences of allergens and airborne particles

Supports reduction of allergic symptoms through washing out the allergens

Regulatory Status

Medical Device Class Is (Sea Salt)

Medical Device Class I (Sodium Chloride)

Suitable for

Babies, children & adults

Pregnant & breast-feeding woman

Ingredients

Natural Sea Salt or Sodium Chloride, Purified Water

Nasal Spray with 4% Sea Salt

ready to market

Natural decongestion in case of allergic and non-allergic rhinitis and rhinosinusitis

Claims

Decongests the blocked nose naturally and thus restores nasal breathing

Helps to use less of decongestant nasal sprays

Cleans the nose effectively, washes out excess mucus, impurities and removes crust

No habituation effect

Helps to improve health and quality of life

Uses the healing properties of natural sea salt

Supports reduction of allergic symptoms through washing out the allergens

Hydrates the nose and helps to relieve nasal dryness

Alleviates symptoms like itchy and runny nose, sneezing and nasal congestion

Regulatory Status 

Medical Device Class I

Suitable for

Infants above 1 year & adults,
pregnant and breast-feeding woman

Ingredients

Natural Sea Salt or Sodium Chloride, Purified Water

Nasal Spray with Sea Salt + Dexpanthenol

ready to market

Natural cleansing & mild relief in case of allergic and non-allergic rhinitis and rhinosinusitis

Claims

Claims of "Isotonic Salt Nasal Spray" **PLUS:**

Provides gentle care to stressed nasal cavity and improves well-being

Dexpanthenol:

- Soothes inflammatory processes of disturbed nasal mucosa caused by allergic and non-allergic rhinitis and rhinosinusitis
- Supports the regeneration process of damaged cells and thus contributes to a rapid recovery of the wound and irritated nasal mucosa
- Helps to rebuild the natural protective barrier of the nasal mucosa

Regulatory Status

Medical Device Class Is (2% Dexpanthenol)
Medical Device Class I (3.5% Dexpanthenol)

Suitable for

Babies, children & adults
Pregnant & breast-feeding woman

Ingredients

Dexpanthenol, Natural Sea Salt, Phosphate Buffer, Purified Water

Nasal Spray with Sea Salt + Eucalyptus

ready to market

Natural cleansing & freshness in case of allergic and non-allergic rhinitis

Claims

Claims of "Isotonic Salt Nasal Spray" **PLUS**:

The aromatic substance eucalyptus provides an immediate feeling of relief and freshness

Regulatory Status

Medical Device Class I

Suitable for

Children above 6 years and adults

Ingredients

Natural Sea Salt, Povidone, Cineole (derived from Eucalyptus oil), Purified Water

SOFTBREEZER® with 0.9% NaCl

ready to market

Isotonic solution

Claims

Moisturizes the upper and lower respiratory airways as a supplementary treatment of:

- Colds (e. g. cough or head colds)

- Inflammation or chronic diseases (e.g. hay fever, asthma, COPD, etc.)

- Dry mucous membranes due to reduced humidity e. g. as a result of spending long periods in air-conditioned or heated rooms

Restores moisture to the mucous membranes of the respiratory system, preventing discomfort

Supports the natural cleaning process of the respiratory tract

Provides a noticeably positive contribution in cases of inflammation as well as in cases of increased exposure to dust and air pollution (e.g. caused by dust or tobacco smoke)

Regulatory Status

Medical Device Class IIa

Suitable for

Above 6 years

Ingredients

Sodium Chloride, Purified Water

SOFTBREEZER[®] with 3% NaCl

ready to market

Hypertonic solution

Claims

Dissolves viscous mucus in the lower respiratory tract and thus facilitates the clearing of the respiratory tract – **gentle and effective**

Can be used as a supportive treatment of cystic fibrosis, obstructive bronchitis, acute viral bronchiolitis, COPD, bronchiectasis, etc.

Regulatory Status

Medical Device Class IIa

Suitable for

Above 6 years

Ingredients

Sodium Chloride, Purified Water

SOFTBREEZER® with 6% NaCl

ready to market

Hypertonic solution – with high salt concentration

Claims

Dissolves viscous mucus in the lower respiratory tract and thus facilitates the clearing of the respiratory tract – **powerful and lasting**

Facilitates coughing up

Can be used as a supportive treatment of cystic fibrosis, obstructive bronchitis, acute viral bronchiolitis, COPD, bronchiectasis, etc.

Regulatory Status 

Medical Device Class IIa

Suitable for

Above 6 years

Ingredients

Sodium Chloride, Purified Water

Serum with Hyaluronic Acid

ready to market

Power booster for regeneration and anti-aging effects // Dermatological tested & clinically proven

Claims

Lasting wrinkle reduction

Fast improvement of wrinkle depth

Lasting improvement of skin moisture

Suitable for very sensitive skin / allergy sufferers

Natural protection against free radicals

Suitable for the eye area to reduce swellings

Highly compatible with other cosmetic products

100% vegan / No animal testing / natural cosmetic product

Unique composition and high concentrations of low, medium and high molecular weight hyaluronic acids

Regulatory Status

cosmetic

Suitable for

all skin types

Ingredients

Sodium Hyaluronate, Hydrolysed Sodium Hyaluronate, Water

Gel with Hyaluronic + Azelaic Acid

ready to market

Effective treatment against skin impurities // Dermatological tested & clinically proven

Claims

Has an inflammation reducing effect

Accelerates the reduction of blackheads

Slows down the excessive growth and spread of acne bacteria

Regulates the excess production of skin oils

Normalizes the natural appearance of the skin

Reduces annoying reddening of the skin

Reduces the formation of scars

Absorbs quickly and leaves a pleasant feeling of the skin

100% vegan / No animal testing / natural cosmetic product

Unique composition and high concentrations of low, medium and high molecular weight hyaluronic acids

Regulatory Status

cosmetic

Suitable for

all skin types

Ingredients

Azelaic Acid, Sodium Hyaluronate, Hydrolysed Sodium Hyaluronate, Sodium Hydroxide, Myristoyl Hexapeptide-23, Water

Dermal Spray with Propionate

ready to market

Microbiome-friendly spray that keeps your skin rejuvenated with a youthful glow appearance

Claims

Provides an instant moisturizing soothing action on dry, aging, and sensitive skin

Works to nourish skin and lock-in moisture to restore water and electrolyte balance

Has an immediate cooling action to alleviate acute erythema and pain arising from extensive sunlight exposure

Soothes sensitive skin by improving the skin barrier

Supports the treatment of dermatoses such as atopic dermatitis or other erythema

Regulatory Status

cosmetic

Suitable for 

For adults and children above 12 months

ingredients

Locke-Ringer Solution, Sodium Propionate

Lip Care Spray

Under Development

Keep Your Lips Healthy, Smooth, and Soft

Claims

A lasting **moisturizing** effect that keeps lips moist throughout the day

Soothes the thin skin of the **lips** and keeps them **naturally soft**

The lasting humectant effect **prevents dryness** by providing a **protective seal** over the surface of the **skin**

Traps moisture and **restores** the lip skin's natural **barrier** function

Natural protection **against** the **harmful** effects coming from sun's **UV** rays

Has an **exfoliating** effect helping to **slough** away any **dead skin** to **revive** chapped lips.

Enhances the **texture** of the lip's skin and **guarantees** a soft texture

Regulatory Status

cosmetic

Suitable for

all skin types

Ingredients

Hydrogenated ricinus communis seed oil, Glycerin, Hydrogenated starch hydrolysate (hsh), Bis-ethylhexyloxyphenol methoxyphenyl triazine, Berry wax, Ethylhexyl salicylate, Diethylamino hydroxybenzoyl hexyl benzoate, Isostearyl isostearate, Butyrospermum parkii butter, Ethylhexyl triazone, Hydrogenated phosphatidylcholine, Copernicia cerifera cera, Behenyl alcohol, Hydrogenated castor oil, Hydrogenated rapeseed oil, Cellulose gum, Chondrus crispus powder, Silica cetyl silylate, Hydroxyethylcellulose, Ceratonia siliqua (carob) gum, Aspartic acid, Gellan gum, Glucose, Aqua

Eye Lid Relieve Spray

Under Development

Effective against the most ignored sign of aging around the eyes

Claims

Provides a **soothing, calming** effect, and **reduces irritation** on the skin caused by exposure to **UV rays** and immune reactions due to internal or mechanical stress that contributes to **lid dryness** overtime

Has an **anti-Aging** effect that Keeps the delicate skin around **eyelids brightening** with its **sagging reducing** abilities

Having a hydrating agent and skin barrier-building ingredients to **reduce fine lines** and **wrinkles**

Delivers a lasting **moisturizing** effect via **increasing** the **skin hydration**

Normalizes the natural appearance of the skin and leaves a **luxurious, silky-soft after-feel**

Has an **inflammation-reducing** effect against **cytokines** released in the skin

Ideal for **mature** skin, it offers **strong cell regeneration** and **cell-activating**
Ideal for **dry** skin, rich & **moisturizing**
well suited to care for **oily** skin, **smooths** callused skin, **absorbs** well

Regulatory Status

cosmetic

Suitable for

all skin types

Ingredients

Glycerin, propylheptyl caprylate, Moringa oleifera seed oil, Isostearyl isostearate, Hydrogenated phosphatidylcholine, Copernicia cerifera cera, Sodium acrylate copolymer, Acrylates/vinyl isodecanoate crosspolymer, Tetrasodium iminodisuccinate, Sodium hydroxide, Aspartic acid, Dextrin, Ectoine, Stearyl glycyrrhetinate, Sodium hyaluronate, Soybean oil, Palmitoyl-tripeptid-8, Aqua

Intimate Care Spray

Under Development

A spray to enjoy your intimate peace of mind // For dryness, stinging, or itching of the vagina and external genital area

Claims

Hormone-free cream with **soothing** lipid component in addition to a **high-water content** for **vaginal dryness**

Reduces irritation and **inflammation** in the external genital area caused by **dryness**.

Providing an assured **relief** from **itching** and **stinging**

Refreshing the sensitive **skin** in the genital area

Helps to **maintain** a healthy **pH balance** of the intimate area

Calming the **irritated** skin within the vagina and external genital area

Prevents unpleasant **smell**, even during **periods**
