

**Maximum efficiency,
minimum quantities?**

**Choose a white
label product!**

Just 4 Steps to get your own branded product

Pick the product that you would like to order. You will find our carefully curated white label product range in pages 3-7 of this brochure.

Decide your order quantity
50 L
110 L
250 L
500 L

Choose your packaging
250 mL*
- Glass + White cap
250 mL*
- PET + White cap
25 L
- Canister + Canister cap

Send us an email at contact@plantacorp.com with your choice. Also do let us know if you will send us printed labels or if we can print your desired design for you.

**D3+K2 will come in 150 mL packages.*

VITAMIN C

Orange. Vanilla.

Recommended daily dosage:

10 mL/day (1000 mg Vitamin C).

Did you know that vitamin C is a potent antioxidant? It contributes to the functioning of the immune system, prevents tiredness and fatigue, supports our metabolism and aids in the production of collagen.

Add it to your immune, energy and beauty product range!

Contact us today to know the results of a bioavailability study with our liquid liposomal vitamin C*.

**Study conducted by PlantaCorp in association with Surya Research Clinics.*

VITAMIN C+ZINC

Peach. Vanilla.

Recommended daily dosage:

10 mL/day (25 mg Zinc, 1000 mg Vitamin C).

We added zinc to our liquid liposomal vitamin C because this combination has excellent antioxidant properties. In addition, zinc itself is involved in several biochemical pathways from DNA synthesis to metabolism. Zinc is excellent for hair, nails and skin.

Add this combination product to your immune, energy and beauty range!

Contact us today to know the results of a bioavailability study with our liquid liposomal zinc *.

**Study conducted by PlantaCorp in association with Surya Research Clinics.*

QUERCETIN

Ginger.

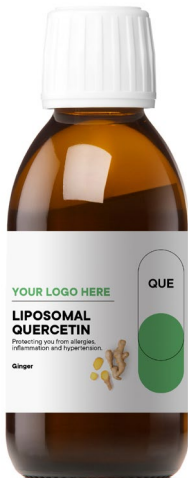

Recommended daily dosage:
10 mL/day (250 mg Quercetin).

This plant-derived ingredient has excellent antioxidant properties. It can protect you from allergies, inflammation and hypertension.

Several scientific studies have proven that advanced liposomal technology increases the bioavailability of quercetin.

Add it to your sports, beauty and immunity product range!

Bioavailability study with our liquid liposomal quercetin is in progress.

GLUTATHIONE

Lemon. Green apple.

Recommended daily dosage:

10 mL/day (400 mg Glutathione).

Did you know that glutathione is an antioxidant that protects our cells from free radicals and harmful toxins? Since our cellular glutathione levels decrease with age, supplementation is advised.

Add it to your beauty and detox product range!

Contact us today to know the results of a bioavailability study with our liquid liposomal glutathione*.

**Study conducted by PlantaCorp in association with Surya Research Clinics.*

VITAMIN D3+K2

Blood orange. Vanilla.

Recommended daily dosage:

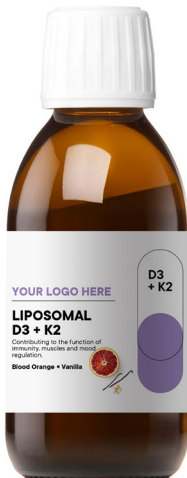

5ml (75 µg K2-MK7, 25µg (1000 IU) Vitamin D3).

Did you know that this vitamin combination results in healthy organs and tissues? Together, vitamins D3 and K2 contribute to the maintenance and functions of muscles, bones, immunity and mood regulation.

Add this combination to your sport, immunity and mental health product range!

Contact us today to know the results of a bioavailability study with our liquid liposomal vitamin D3K2*.

**Study conducted by PlantaCorp in association with Surya Research Clinics.*

The prices for our white label products are fixed and non-negotiable.
The price list is available on request.
