

# Bagó Group

Working together to achieve common goals

# Bagó Group

## Our History

1934

Mr. Sebastian Bagó founded Laboratorios Bagó.

1945

Bagó, the first local company to produce penicillin based pharmaceuticals in Argentina.

1960

First local company to export pharmaceuticals to Europe.

1970

Expansion to Latin American countries.

1988

Development of the first and unique worldwide association of Amoxicillin with Sulbactam: TRIFAMOX IBL.

2000

Expansion to new markets in Africa, Asia and Europe.

A vertical timeline graphic set against a purple and pink background with a DNA double helix and various hexagonal shapes. The years 2008, 2012, 2014, 2016, and 2017 are highlighted in orange. The descriptions of events are in white text on dark rectangular backgrounds.

**2008**

Laboratorios Bagó opens its biotechnology plant in Pakistan.

**2012**

Inauguration of Sinergium Biotech facility, for the production of human vaccines.

**2014**

Laboratorios Bagó opens a new pharmaceutical plant in Brazil.

**2016**

New Química Montpellier production facility in Buenos Aires (Argentina).

**2017**

Jinhai Biotechnology Manufacturing Plant (Shaanxi Province, China). Specialized in High Quality Vaccine against Foot and Mouth Disease.

## Quality Standards

- Our quality standards meet the international requirements to commercialize around the world
- GMP Standards
- Argentina is member of PIC/S
- Highly qualified staff
- Total Quality Management

## Advanced Product Portfolio

- Oncology
- Biotechnology
- Transplant
- Central Nervous System
- Pneumonology
- Allergy
- Infectious Diseases
- Cardiology
- Gastroenterology
- Endocrinology
- Metabolic Diseases
- Pain Relief

## Strategic Agreements

Thanks to our renowned leadership and quality standards, we are the multinationals choice for strategic partnerships within local as well as international markets.

A central graphic featuring a collection of logos for various pharmaceutical companies. The logos are arranged in a grid-like fashion within a light-colored, semi-transparent hexagonal shape. The companies represented include Otsuka, Boehringer Ingelheim, ARCOR, ADVANZ PHARMA, ucb Pharma, Catalent, ferrer, NOVARTIS, Pfizer, Gebro Pharma, SERVIER, fidia farmaceutici, Lu ye Pharma, astellas, FERROZSONS LABORATORIES LIMITED, IBSA, nographarma, United Therapeutics CORPORATION, and Rubió.

## Active Pharmaceutical Ingredients

In its own production facility located in City Bell, Argentina, Bago Group produces active pharmaceutical ingredients (API), to be used both in human and veterinary dosage forms.

The facility is in compliance with PIC/S GMP and has been inspected and approved by INAME (Argentina), COFEPRIS (Mexico) and KFDA (South Korea). Bago Group supplies API to different regions of the world, including Europe (Poland) Asia Pacific (New Zealand, Japan, Australia, Taiwan), among others.
