

beeharmony™

HORMONAL BALANCE

Capsules for alleviating menopause symptoms.

+ **ROYAL BALANCE™** (royal jelly and saffron extract)

+ **Vitamins K2 + D3 + E + B6**

FOR WHO AND FOR WHAT IS BEEHARMONY™ INTENDED?

- For women to support balancing hormones.
- For women to alleviate menopause symptoms.
- For stimulating good mood.
- Helps sleep better.
- Reduces tiredness and fatigue and protects cells from oxidative stress.
- It contributes to the maintenance of normal bones.

HOW DO THEY WORK?

Beeharmony™ is a natural and efficient help for alleviating menopause symptoms with a new and unique **ROYAL BALANCE™** formula containing a standardised combination of royal jelly and saffron extract.

Royal jelly is one of the most precious treasures of nature and the only food of the queen bee, the most fertile being in the world. The key component of royal jelly is the **10-HDA** (10-hydroxy decenoic acid) unsaturated fatty acid. Royal jelly may activate genes necessary for the queen bee's development.

Saffron extract (*Crocus sativus*) is exclusively obtained from the red part of the saffron stigmas. Saffron is therefore the purest and richest with active compounds, since it is obtained using a patented procedure that preserves its natural composition. The product's effects were confirmed in a placebo-controlled clinical trial.
