ABOUT MEDEX

A PIONEER OF APITHERAPY

Medex is a pioneer in apitherapy and incredibly passionate to improve people's lives **with innovative food supplements based on bee products**. We are constantly **pushing the frontier of apitherapy** with a clear mission to **upgrade the traditional use** of bee products **with clinically supported innovations** to solve medical challenges of our times.

THE BEE-CENTRIC COMPANY

Bees are our inspiration, they fascinate us, they are beautiful, and **their importance to mankind is beyond measure**. Every third spoonful of food is dependent on bees and pollinations. **Respecting bees** and understanding their importance for the environment **also improves our lives**.

NATURAL & QUALITY PRODUCTS

Our products reveal the **secrets** of hard work of **bees** into a pure **miracle of nature**. They are made to the **highest quality standards, while having everyone's health and well-being** in mind – from children, working population to the elderly. **By combining beehives treasures** and other **natural ingredients** we **level up immune system & overall well-being of the people**.

BEE – SUSTAINABLE COMPANY

As a partner in the project **“Development of beekeeping in Ghana”** our common goal is to create new jobs, reduce poverty, and strengthen rural development. With this project, we are fulfilling **our sustainable mission**, which also means **a better and friendlier world for all**.

WHERE TRADITION MEETS MODERN SCIENCE

We have been building a **bond of respect and trust** since 1954 with the innovation, tradition, quality, and safety of our products. One of our main goals is an **open and honest relationship** not only with our consumers, but also with the wider environment in which we operate.

FIRST AMBASSADOR OF THE WORLD BEE DAY

The initiative of **the World Bee Day** came from our mother land – **Slovenia**, where people are very aware of **bee's incredible mission**, so **beekeeping** has strong **roots in Slovenian tradition and our company**. We have always been **the driving force** behind the development and knowledge spreading in **the field of beekeeping all around the world**.
