About Medex

A PIONEER OF APITHERAPY

Medex is a pioneer in apitherapy and incredibly passionate to improve people's lives with innovative food supplements based on bee products. We are constantly pushing the frontier of apitherapy with a clear mission to upgrade the traditional use of bee products with clinically supported innovations to solve medical challenges of our times.

THE BEE-CENTRIC COMPANY

Bees are our inspiration, they fascinate us, they are beautiful, and their importance to mankind is beyond measure. Every third spoonful of food is dependent on bees and pollinations. Respecting bees and understanding their importance for the environment also improves our lives.

NATURAL & QUALITY PRODUCTS

Our products reveal the secrets of hard work of bees into a pure miracle of nature. They are made to the highest quality standards, while having everyone's health and well-being in mind – from children, working population to the elderly. By combining beehives treasures and other natural ingredients we level up immune system & overall well-being of the people.

BEE – SUSTAINABLE COMPANY

As a partner in the project "Development of beekeeping in Ghana" our common goal is to create new jobs, reduce poverty, and strengthen rural development. With this project, we are fulfilling our sustainable mission, which also means a better and friendlier world for all.

WHERE TRADITION MEETS MODERN SCIENCE

We have been building a bond of respect and trust since 1954 with the innovation, tradition, quality, and safety of our products. One of our main goals is an open and honest relationship not only with our consumers, but also with the wider environment in which we operate.

FIRST AMBASSADOR OF THE WORLD BEE DAY

The initiative of the World Bee Day came from our mother land – Slovenia, where people are very aware of bee's incredible mission, so beekeeping has strong roots in Slovenian tradition and our company. We have always been the driving force behind the development and knowledge spreading in the field of beekeeping all around the world.

JUNGLEMIX junior

FOR GROWTH AND DEVELOPMENT OF BONES

instant drink with bioavailable calcium, magnesium and vitamins (D3, K2 and 10 other vitamins) with powdered orange juice

Calcium and vitamin D are needed for normal growth and development of bones in children.

Calcium is needed for the maintenance of normal teeth.

Magnesium contributes to the maintenance of normal teeth, to a reduction of tiredness and fatigue and to normal psychological function.

Magnesium and calcium contribute to normal muscle function.

Vitamin D contributes to the normal function of the immune system of children and to normal blood calcium levels.

Vitamin K contributes to the maintenance of normal bones.

Vitamins C, E and riboflavin contribute to the protection of cells from oxidative stress.

Vitamin A contributes to normal iron metabolism, to the maintenance of normal vision and normal function of the immune system.

Vitamins B12 and B6 contribute to normal red blood cell formation.

No preservatives, artificial flavours, colours or sweeteners

CALCIUM AND MAGNESIUM IN AN OPTIMAL RATIO

GOOD BIO-AVAILABILITY

INTERACTIVE PACKAGING

EXCELLENT TASTE

Optimal combination of active ingredients:

- calcium and magnesium in an optimal ratio and with the best bioavailability
- to strengthen bones, teeth, muscles, nervous and immune system
- for children who do not/cannot consume certain food groups (milk and dairy products) or do not eat (enough) vegetables or fruit
- excellent taste

Content	Per 1 sachet = 8 g*	% NRV**

BetaGlucan junior

honey syrup with patented beta glucans
Wellmune®, vitamins and minerals

Total honey content in %	Total honey content in g
74%	142 g

SUITABLE ALSO FOR VEGETARIANS

FOR CHILDREN OVER 1 YEAR OF AGE

Vitamin C, vitamin D and zinc contribute to the normal function of the immune system.

Vitamin C contributes to the reduction of tiredness and fatigue. Zinc contributes to normal cognitive function.

Wellmune® is one of the most widely researched beta-glucans, and its efficacy is also supported by several clinical studies.

Use:

- Children 1-3 years of age: 0.5 spoon provided 1 x per day (2.5 ml)
- Children 4-9 years of age: 1 spoon provided 1 x per day (5 ml)
- Children 10-14 years of age: 2 spoon provided 1 x per day (10 ml)

RECOMMENDED FOR: CHILDREN OVER 1 YEAR OF AGE.

We recommend taking the syrup on an empty stomach, best half an hour before breakfast, or before bedtime. To strengthen the immune system, we recommend a regular use for at least 30 days. The product can be taken for a longer period of time.

A honey-based trainer of children's immune system

Content: honey, water, concentrated pear juice, oligofructose, concentrated acerola juice powder (Malpighia glabra, maltodextrin) - a natural source of vitamin C, Wellmune® baker's yeast beta-glucan powder, vitamin C (calcium L-ascorbate), zinc gluconate, vitamin D (cholecalciferol), antioxidant: alpha tocopherol, natural flavours, acid: citric acid.

Packaging: 140 ml

FOR LONG TERM-IMMUNITY

The Wellmune® beta-glucans are obtained from the cell walls of baker's yeast and are highly purified and branched, which results in their great efficiency. Their effectiveness was proven with several clinical studies.

No preservatives, artificial flavours, colours or sweeteners

A spoonful of vitamins and honey. Instead of sweets.

Content: honey, oligofructose, orange juice, pear juice, vitamin C, flavour, niacin, pantothenic acid, vitamin B6, riboflavin, vitamin B12, thiamin, vitamin A, vitamin D, natural flavours.

Use: The recommended daily allowance is 10 ml (2 teaspoons per day).

Packaging: 150 ml

multivitamin junior

syrup with vitamins A, C, D, B6, B12, niacin, thiamin, riboflavin, pantothenic acid and honey

Total honey content in %	Total honey content in g
75%	157 g

9 VITAMINS AND HONEY

NATURAL SHIELD

Vitamins A, C, D, B12 and B6 contribute to the normal function of the immune system.

Thiamine, riboflavin, niacin, vitamin B12 and vitamin B6 contribute to normal functioning of the nervous system.

Pantothenic acid, niacin, vitamin C, riboflavin, vitamins B6 and B12 contribute to the reduction of tiredness and fatigue.

Use:

- The recommended daily allowance is 10 ml (2 x 5 ml).
- Children should take the syrup after eating. Dilute the syrup with water, add it to warm tea, juice or other liquid.

RECOMMENDED FOR: CHILDREN OVER 3 YEARS OF AGE.

apibronhi junior

The Apibronhi syrup is made on bio-agave syrup (89,7%) basis and is intended to soothe and relief dry and irritating coughs in children from 1 year. The syrup is enriched with propolis, ribwort plantain and mallow extract. It has excellent taste that all children love due to the pear and lemon juice combined with naturally sweet agave.

Total agave content in %	Total agave content in g
89,7%	172 g

BIO AGAVE SYRUP

FOR CHILDREN OVER 1 YEAR OF AGE

Propolis is a natural bee product that is necessary in order to keep the beehive healthy. It has an antimicrobial and anti-inflammatory effect and shortens the duration of the upper respiratory tract infection symptoms.

Ribwort plantain and **mallow** have a beneficial effect on the throat, pharynx and vocal cords.

No preservatives, artificial flavours, colours or sweeteners

More info: medexlife.eu

✉ global@medex.si

When you hear your child coughing, it is time to seek natural help

Content: Agave syrup* (89.7%), concentrated pear juice, water, liquid propolis extract, aqueous extract of powdered ribwort plantain leaves (*Plantago lanceolata* L.), aqueous extract of powdered mallow roots (*Althaea officinalis*), concentrated lemon juice, antioxidant: ascorbic acid, natural flavourings. * From organically produced agave.

Recommended daily dose (10 ml) contains 95 mg propolis extract, 100 mg ribwort plantain extract and 75 mg mallow extract.

Use: The syrup is intended for children from the age of 1 year old. Consume after a meal. After consumption, do not eat any food or have drinks for at least half an hour, so as to prevent the active ingredients from being quickly removed from the oral mucosa and pharynx.

Packaging: 140 ml

omega-3 junior

Honey syrup with omega-3 fatty acids, which are of key importance for the brain, vision, heart and immune system development. The syrup is a source of DHA and EPA, which are in the optimal 5:1 ratio (similar to breast milk).

Total honey content in %	Total honey content in g
74%	143 g

FOR BRAIN AND SIGHT

**UNIQUE FORMULA:
DHA & EPA
RATIO 5:1
AS IN MOTHER'S MILK**

DHA (docosahexaenoic acid) contributes to maintenance of normal vision and normal brain function.

RECOMMENDED FOR: CHILDREN OVER 3 YEARS OF AGE.

No preservatives, artificial flavours, colours or sweeteners
