TruCLEAN MOPS

TruCLEAN Mop Frame

Swivel mop frame made of high-grade stainless steel easily maneuvers over floors and through confined areas. Accurately balanced to deliver continual surface contact at any angle. Compatible with gamma, ethylene oxide, and autoclave sterilization.

Item: #22-38

TruCLEAN Aluminum Mop Frame

New and improved, 30% lighter aluminum mop frame delivers the same continuous surface contact. Mop installation simplified with dual frame locking mechanisms.

Item: #22-38A

TruCLEAN Fixed Position Mop Frame

Welded pivot-point prevents swivel action to allow precise control over ceilings and walls. (Learn More at perflex.com)

Item: #22-39

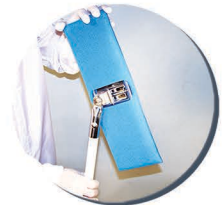

Squeeze and hold wire at semi-circular cutouts until collapsed frame ends meet.

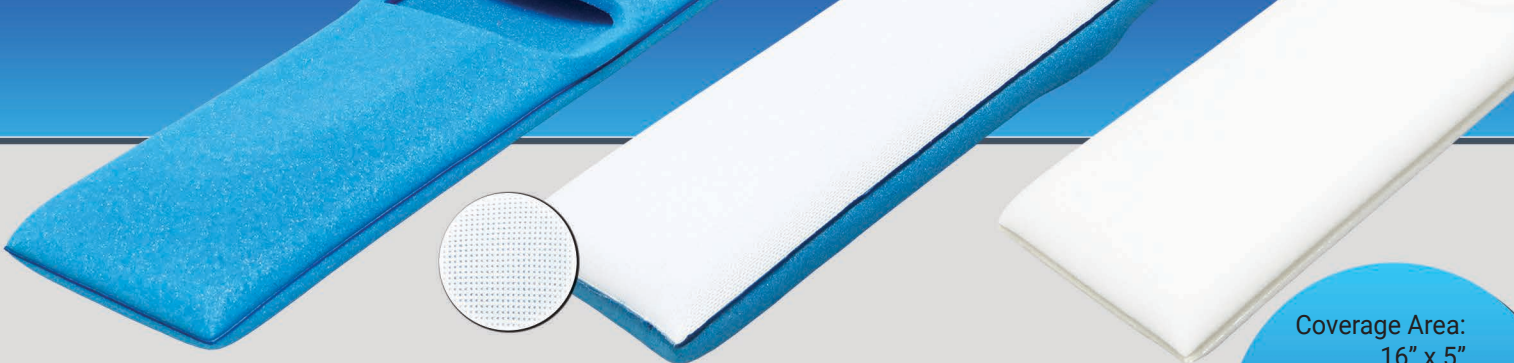

Fold dampened mop in half and slide onto collapsed frame ends as far as possible.

Close mop frame slowly. Lift sponge over locking mechanism to not pinch material. Mop frame will click-in-place when properly mounted.

TruCLEAN Sponge Mop

Specially formulated polyurethane foam, ideal for applying cleaning and disinfecting solution.

Item: #22-34

TruCLEAN Sponge-Fused Cover

Unique 2-in-1 product combines our TruCLEAN Sponge Mop and Mop Cover into one dynamic instrument.

Item: #22-34F

TruCLEAN Hydrosorb Sponge Mop

Hydrophilic polyurethane foam capable of holding up to 15 times its weight in liquids.

Item: #22-24

Coverage Area:
16" x 5"

Gamma Sterilized
Sponge Mops
