

# Maximize Your Reach in the Pharma Industry: Harness the Power of Our GxP Targeted Webinars

Webinars are a powerful tool for exposing your brand to pharma professionals and gaining highly qualified leads.

With our hosted educational webinars, you will win participants' appreciation and start your relationship with them, empowering your brand.

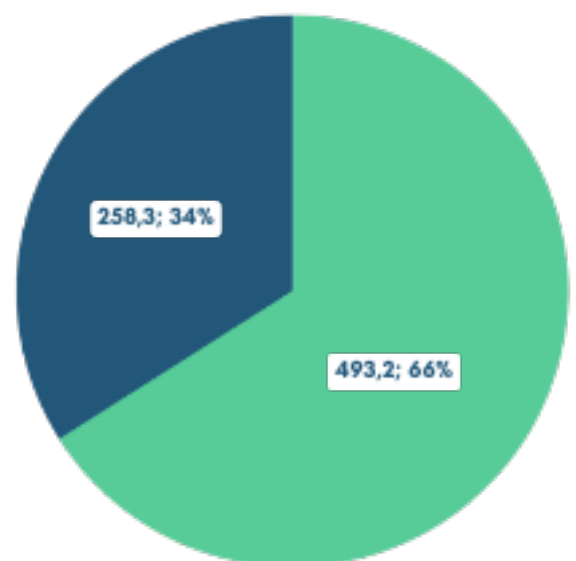

From the moment we decide on the best topic to attract your target audience, you can sit back, relax, and let us do the magic. We will organize, promote and host the event.

You can choose to assign your own subject matter expert as the speaker or let us bring in a third-party specialist.

After the event you get the recording, webinar analytics and the list of registrants and live participants.

Our webinars have, on average, ~500 registrants and ~260 live participants. After the webinar, you get a detailed list of all registrants and live participants.

## Registrant & Live Attendees (Average of 10 Webinars)

- Average Webinar Registrant Number
- Average Live Attendees Per Webinar

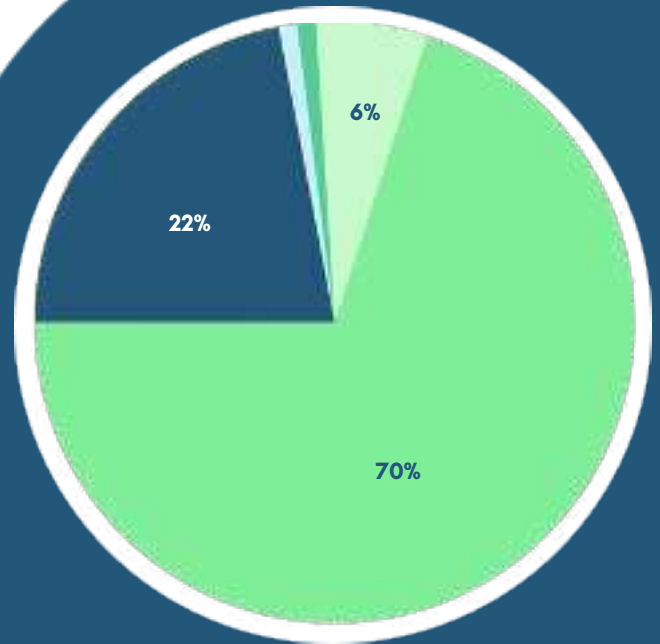

# Reach Pharma Professionals Worldwide With Us

## 1 Location

Our participants come from all over the world. Mostly from Europe, North America, and Asia.

Join our clients to grow your brand:

The participants of our webinars work in various positions within the pharmaceutical industry, mostly:

**Quality Assurance, Quality Control, Manufacturing, and Engineering.**

30% of them have decision-making power. Nevertheless, even individual contributors can help you connect with decision-makers. Moreover, one day they will be decision-makers and will remember your brand.
