

AENOVA

Excellence beyond Manufacturing

At Aenova, Passion and Excellence Drive Us Forward

We go beyond manufacturing with a commitment to quality and reliability that is anchored in everything we do. Scientific expertise, innovative technology platforms and a strong customer focus make us the one-stop shop of choice.

- Contract development and manufacturing of all dosage forms and potency levels
- Small to large scale production and specialized technologies
- Industry-leading on-time delivery and quality

Together, let's go beyond manufacturing to enhance patients' lives.

A Leading European CDMO Platform

> 4,000 FTEs

Market leading sterile capabilities as a full service Finished Dosage Form (FDF) service provider

#1

Globally for Animal Health

#1

In Europe for Solids & Semi-solids

#2

Globally for Softgels

> 715 m sales

3rd largest European FDF CDMO and 7th largest global CDMO

> 400 customers

Decade long relationships with blue chip customers

14 sites

High quality manufacturing locations, delivering into 80+ countries

6

development centers

With 200+ scientists and analysts

Reliable Partner of Choice for Good Reasons

- 1** One-stop shop and speed to market
- 2** Industry consolidator
- 3** Experience and quality
- 4** Reliable partnership

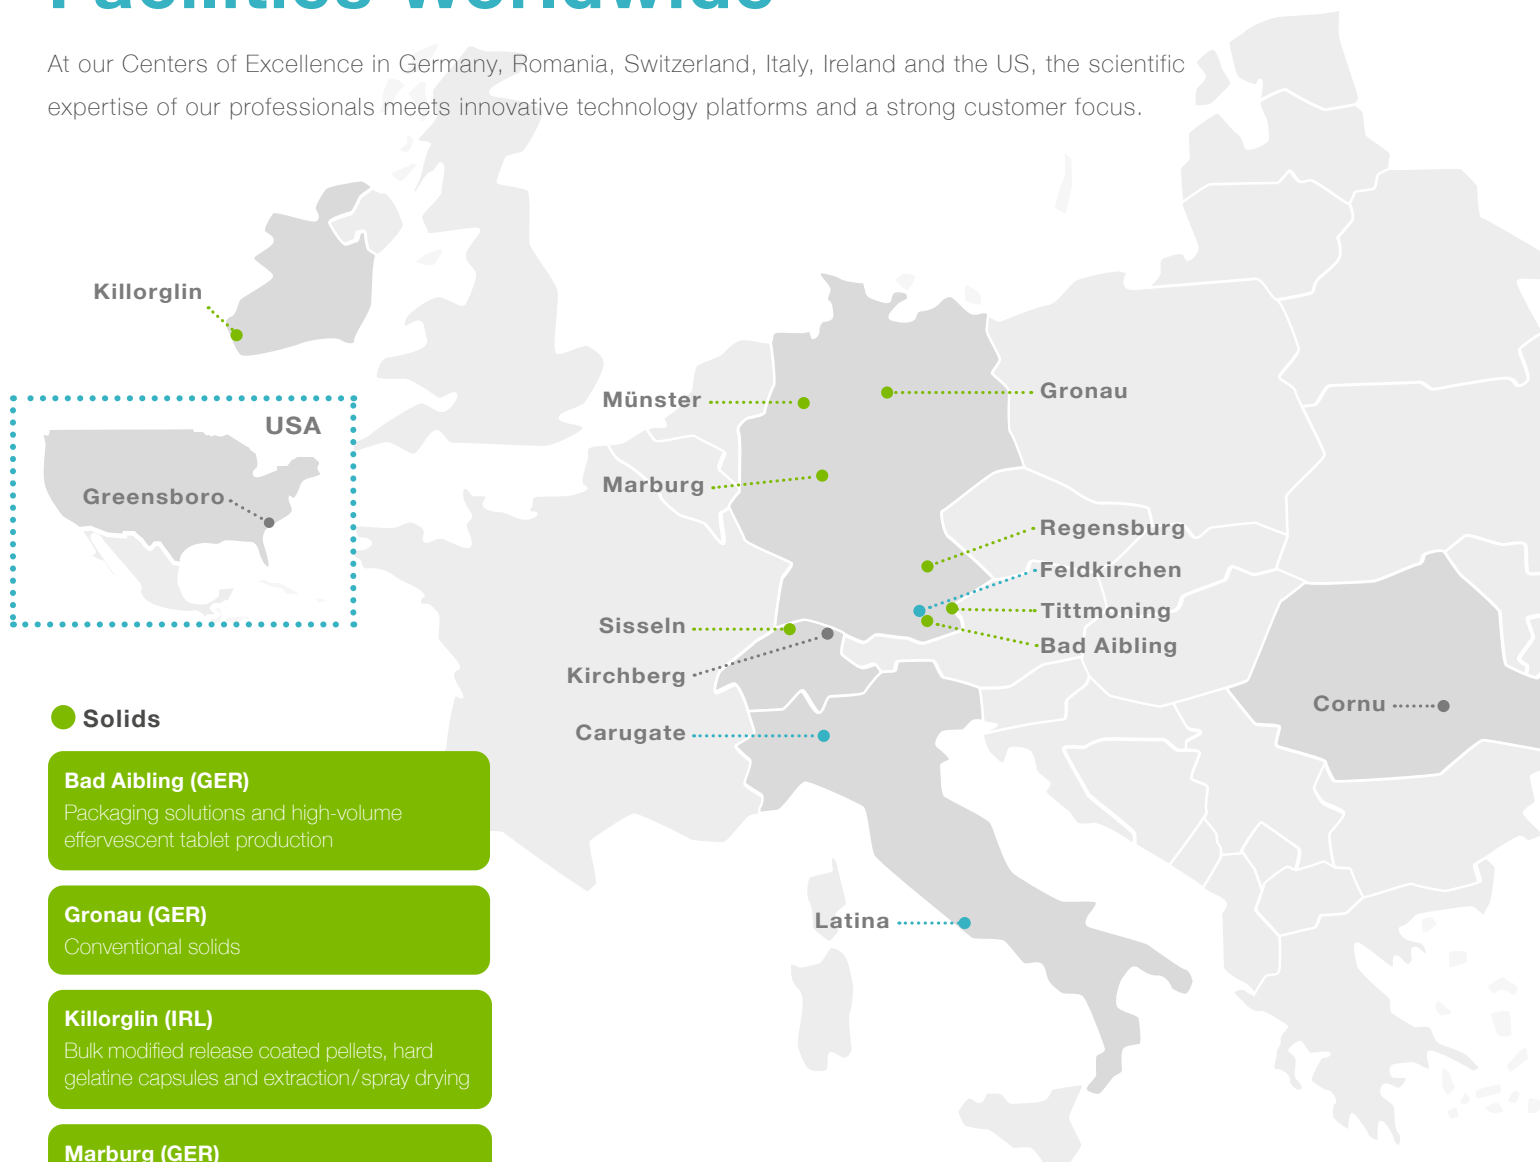

- Solids (excl. Softgel)
- Softgel Capsules
- Liquids
- Services
- Semi-Solids
- Miscellaneous

MANUFACTURING SITES

14 High Quality Manufacturing Facilities Worldwide

At our Centers of Excellence in Germany, Romania, Switzerland, Italy, Ireland and the US, the scientific expertise of our professionals meets innovative technology platforms and a strong customer focus.

● Solids

Bad Aibling (GER)

Packaging solutions and high-volume effervescent tablet production

Gronau (GER)

Conventional solids

Killorglin (IRL)

Bulk modified release coated pellets, hard gelatine capsules and extraction/spray drying

Marburg (GER)

Production and packaging of sustained release and moisture-sensitive solid dosage forms, including narcotics

Münster (GER)

Pharmaceutical solids containing high potent & low dosed APIs

Tittmoning (GER)

Commercial production of solid dosage forms applying scalable, efficient solutions for high-volume products

Regensburg (GER)

Oncology & high potent solids production and development

Sisseln (CH)

Development and commercial production of complex solid dosage forms (e.g. low-moisture and customized solutions)

● Semi-solids & Liquids

Carugate (IT)

All semi-solid forms

Feldkirchen (GER)

Semi solids development and manufacturing

Latina (IT)

Manufacturing of Beta-Lactam antibiotics, Animal Health products and sterile technologies

● Softgels

Cornu (RO)

All types of soft capsules also VegaGels®, medical devices and coated ones, including packaging in blister and bottles

Kirchberg (CH)

Soft gel capsule development and manufacturing with the focus on pharma soft gelatin capsules including high-potent APIs

Greensboro (US)

Distribution hub of soft capsules for the US and CAN market, packaging small-to-large lots of nutraceutical & pharma products in bottles and blisters

Three technology streams

Solids

- All key solid dosage forms and technologies
- Centers of Excellence: HPAPI, Hormone
- 7 sites with 1,900 FTE
- **20 bn capacity for tablets & capsules**
- **1,5 bn capacity for blister**

Semi-solids & Liquids

- Sterile & non-sterile technologies
- Centers of Excellence: Sterile Liquids incl. HPAPI, Lyophilized vials, Biologics fill and finish
- 4 sites with 1,200 FTE
- **150 m capacity for Semi-solids & Liquids**
- **300 m capacity for Sterile Liquids**

Softgel Capsules

- Specialized site for pharmaceutical products
- Centers of Excellence: HPAPI, Narcotics
- 3 sites with 300 FTE
- **> 15 bn capacity for Softgel capsules**

ANIMAL HEALTH

The World's Leading CDMO for Animal Health

With more than 20 years of experience and 9 approved manufacturing sites, we offer excellent end to end services from development to packaging for a variety of pharmaceuticals for companion and farm animals.

Key Facts

- Animal Health is one of Aenova's strategic growth segments
- Covering almost all dosage forms
- More than 20 years long-standing expertise

Dosage Forms and Packaging

With 14 production sites in Europe and the USA, we offer a wide range of dosage forms and packaging services. We meet the highest standards of quality and reliability, including the development of specific solutions tailored to your needs.

Dosage Forms

 Tablets	 Soft Gelatin capsules	 Hard capsules	 VegaGels®	 Vials
 Effervescent products	 Suppositories	 Powders	 Semi-solids	 Liquids
 Ointments & Creams	 Gels	 Tubes & Dispensers	 Syringes	

Specialties & High Potent APIs

 Cytotoxics	 Hormone / Hormone like	 Controlled release	 Beta Lactam Antibiotics
--	--	--	---

Packaging Services

 Blisters	 Cartons & Boxes	 Cans & Jars	 Bottles for Liquids, Applicators	 Bottles for Solids
 Sticks / Strips / Sachets				

DEVELOPMENT AND TECHNOLOGY OFFERING

Full Service from a Competent and Reliable Partner

The Aenova Group is your trusted partner for comprehensive development and technology services throughout the product lifecycle – from pre-clinical development to commercial supply. We cover all relevant dosage forms and market areas in line with key regulations. Our business model for development services is based on a fee-for-service approach.

Pharmaceutical development and manufacturing at Aenova

Faster time to market and better patient lives based on science.

Certifications and Approvals

- ✓ **EU-GMP** (13 of 14 sites)
- ✓ **US-FDA** (11 of 14 sites)
- ✓ **ANVISA** (8 of 14 sites)

Our commitment to highest quality standards is proven by track record. The majority of our sites are either FDA or EU-GMP approved.

Safety and product quality are our top priorities. Our experience ensures compliance with key quality, regulatory and safety requirements, as shown by our impeccable inspections by health authorities and customers.

- ✓ Many other certifications e.g.:
GCC, NMPA, PMDA, APAC
