Message From CMD

The **Harikrushna Machines Pvt. Ltd.** - Turnkey Project team consists of a diverse yet cohesive pool of experts with a feedback-rich dynamic environment that embraces change and learns from their collective experiences. We thrive on innovative design, validation, construction & in-operation Pharmaceutical plant is ready for operations. This adds value to our clients and their subsequent end-users and also adds great intrinsic value to our talent pool.

I take great pride in the team that we have nurtured at **HMPL** Turnkey division. Every individual is passionate and self-driven with a strong application bias and can work well in a team and as a leader based on the need of the hour. Their indomitable resolve to find solutions to our client's problems, big or small, helps in increasing the quality and productivity of their concept to operations thereby giving impetus to high-quality, affordable Ready to deliver the pharmaceutical product.

The core purpose for us to be in business is to add tangible value from a strategic business Idea to Commercialisations. We always thrive to serve our valued clients with the best & most comprehensive technical consulting and End to end (Turnkey solutions for Pharma Plant Establishment).

For an organization that is in a technology-intensive & human care space, I strongly believe that our most prized asset is our human capital, for their intellect and diligence improve our business by leaps and bounds. As someone who oversees the operations, I have focused on ensuring that our talent is aligned with our Mission and Vision in order to evolve as a leader in the Consultant & engineering space for the Pharmaceutical Turnkey project.

I always challenge my team to look beyond our current paradigms for new & better ways of serving to exceed our client's expectations and be Future Ready. The culture at **HMPL** is forged by hard work, learning, tough decision-making, and creative solutions.
