ABOUT WORLD MEDICINE

Founded in 2011, World Medicine İlaç Sanayi ve Ticaret Anonim Şirketi is a joint stock company that has firmly established itself in Türkiye with a distinguished presence in the pharmaceutical domain. World Medicine Türkiye was established in partnership with the World Medicine Group Companies and simultaneously serves as the overarching core that encompasses and coordinates the activities of the group companies within the pharmaceutical sector. Our essential operations are centred around the production of accessible, premium-grade pharmaceutical products, with a firm commitment to sustainable manufacturing practices that adhere to rigorous international standards. Our unwavering commitment to innovation is exemplified through our state-of-the-art R&D laboratory, where cutting-edge technology propels us to push the frontiers of pharmaceutical excellence.

Our pharmaceutical powerhouses stand as the pinnacle of our production facility investments, proudly ranking among the largest and most sophisticated production facilities in Türkiye and Eastern Europe. Here, we unite all our lines of production under a single roof, offering an unparalleled level of convenience and efficiency to our esteemed partners. Our unwavering commitment to excellence transcends these borders, resonating as far as Romania and Algeria, where our production facilities continue to flourish. As the export champion of Türkiye for the last three consecutive years, World Medicine globally from the four production facilities across three continents, underpinned by a dedication to sustainable quality and relentless innovation. With the motto in heart, 'Health is a treasure we share', World Medicine extends accessible and efficacious solutions globally with a wide portfolio of more than 450 pharmacological products in a range of diverse medical fields, encompassing ophthalmology, neurology, endocrinology, cardiology, rheumatology, gastroenterology, urology, and pulmonology.
