OVERVIEW

Indian Pharma and SVIL

India is the largest provider of generic drugs globally. Indian pharmaceutical sector supplies over 50% of global demand for various vaccines, 40% of generic demand in the US. **Globally, India ranks 3rd in terms of pharmaceutical production by volume and 14th by value.** According to the Indian Economic Survey 2021, the domestic market is expected to grow 3 times in the next decade. India's domestic pharmaceutical market is estimated at US\$ 42 billion in 2021 and likely to reach US\$ 65 billion by 2024 and further expand to reach ~US\$ 120-130 billion by 2030.

Shree Venkatesh International Limited is also one of the important stake holders and apart from our existing Global Business, we are very keen to focus on Indian domestic market to provide safe and effective medicines at affordable price. We are launching our basket of Gynecological IVF & infertility products initially with dense marketing network in Indian states.

We exceed industry standards while delivering Products, Quality and Service through superior quality API, innovative formulations and commitment.

About us

Shree Venkatesh International Limited is one of the fastest growing Indian pharmaceutical company based in Surat, Gujarat, India. The company is engaged in developing, upgrading, manufacturing and marketing of wide range of human hormones including HCG, FSH, Androgenic and Anti-androgenic formulations, Testosterone and different derivatives of estrogens and progesterone.
