CANNABINOIDS

LINNEA IS A LEADING PHARMACEUTICAL MANUFACTURER OF BOTANICAL INGREDIENTS FOR OVER 40 YEARS

Linnea's expertise sets the company apart and guarantees quality and innovation, part our mission is to improve lives with high quality cannabinoid ingredients

Since 1982 Linnea has been committed to the development of high quality botanical APIs in our sustainable GMP certified facility in Ticino Switzerland. We improve the quality of life by manufacturing and supplying innovative great natural solutions worldwide while doing business responsibly.

Utilizing our decades of experience and expertise, we created Linnea therapeutic cannabinoid solutions in 2014, starting with cannabinoid research and development and launching cannabinoid ingredients in 2016. Bringing our same innovative uncompromising approach to the pharmaceutical manufacturing of cannabinoids for customers around the globe.

THREE INDUSTRIES, ENDLESS OPTIONS

Linnea's scientifically tested cannabinoid isolates, cannabinoid extracts, cannabinoid dilutions and cannabinoid white label solutions are available for the pharmaceutical, dietary ingredients and cosmetics industries worldwide

PHARMACEUTICALS

Pharma grade GMP certified standardized extracts, 99% pure isolates and white label solutions
