

Active Pharmaceutical Ingredients – APIs

Antimicrobials, Antifungals, Antiseptics,
Biocides, Disinfectants, Germicides

All our products are manufactured at our cGMP approved sites, as per current Pharmacopeia's and with complete DMF's

Acriflavine Hydrochloride/Neutral

Benzalkonium Bromide

Benzalkonium Chloride

Benzethonium Chloride

Benzocaine

Benzoyl Peroxide

Benzyl Benzoate

Cetalkonium Chloride

Cetrimide

Cetrimide Solution, Strong

Cetrimonium Bromide

Cetylpyridinium Chloride

Chlorhexidine Base

Chlorhexidine (di) Acetate

Chlorhexidine (di) Hydrochloride

Chlorhexidine (di) Gluconate Solution

Chloroxylonol

Chlorphenesin

Chlorphenesin Carbamate

Climbazole

Clotrimazole

Dequalinium Chloride

Econazole Nitrate

Glycine

Guaifenesin (Powder/DC Granules)

Hexitidine

Lidocaine Base/Hydrochloride

Mecetronium Ethylsulfate

Mephenesin

Miconazole Base/Nitrate

Miripirium Chloride

Octenidine (di) Hydrochloride

Ortho Phthalaldehyde, OPA

Phenothiazine

Polyhexamethylene Biguanide, PHMB

Povidone Iodine

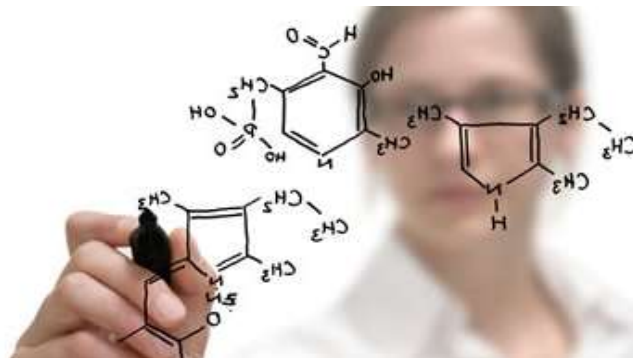

Tolnaftate

Undecylenic Acid

Active Pharmaceutical Ingredients – APIs

Products under Research and
Development at our lab in 2023

Products to be brought to commercial production in 2023 and 2024,
with complete regulatory dossiers

Alexidine
Dibucaine HCl

Gamma Benzene Hexachloride (Lindane)
Gentian Violet

Hexamidine
Ketoconazole

Methylene Blue
Nicotene
