Locations

With a passion and vision for continuous innovation and improvement, we are working towards creating locations and solutions to assist us in reaching our goals.

➤ **Unilab, Unit I, Dombivli – since 1978**

- API and FDF production site
- US FDA, WHO GMP, EU GMP (Expected in 2023)
- Full scale QC and Microbiology Lab
- 2400 sqm, 15 MT/day Liquid and 1 MT/day Solid Production Capacity

➤ **Zen, Unit I, Dombivli – since 2003**

- API and Speciality/Bulk Ingredients production site
- GMP, WHO GMP (Expected in 2023), US FDA
- Full scale QC and Microbiology Lab
- 1200 sqm, 2 MT/day Solid Production Capacity

Locations

- **Unilab, Unit II, Dombivli – since 2017**
 - R&D Centre and Lab
 - Supply Chain, Warehouse and Logistics Hub
 - 1350 sqm

- **Unilab, Unit III, Mahad – commence from Q3 2023**
 - API and Bulk Ingredients production site
 - Personal Care Ingredients
 - Nutraceutical FDFs
 - cGMP, US FDA, EU GMP, WHO GMP
 - Full scale QC and Microbiology Lab
 - 4080 sqm, 50 MT/day Liquid and 4 MT/day Solid Production Capacity

Locations

- **Lab-X, Unit I, Mahad – commence from Q4 2023**
 - R&D Centre and Lab, focused on Green/Sustainable Chemistry and Renewables
 - 1350 sqm, 10 kg and 100 kg Pilot Plants
- **Zen, Unit II, Lote – planned Q4 2024**
 - API, Bulk and Speciality Ingredients production site
 - Certifications and Production Capacities, TBD
 - 7600 sqm

Research & Development

- **Research & Development** is the core strength and foundation of our success. We have a team of dedicated scientists and engineers, who have been responsible for developing all our processes and plant designs.
- Constant innovation & improvements are centred on new products, more efficient and economical methods of production and increased safety standards.
- Our team keeps pace with modern trends as well as production processes and methods, which are continuously changing. We also discuss current requirements with our customers in order to develop newer systems and products.

Quality Assurance & Control

- We are committed to the highest standards of quality, safety and reliability.
- Systematic vendor development programs, stream-lined processes, on-line process checks, insistence on stringent quality standards, continuous training and a focus on consistency contribute to the highest standards of Quality Assurance & Customer Satisfaction at our firm.
- Quality Assurance & Customer Satisfaction is a goal we strive to achieve with all our activities.

**Total
Quality
Management**

Customer Satisfaction

We propel our reputation with personal and responsive customer service, extensive product knowledge and experience, and a genuine interest in serving our customers. We provide our customers with a comprehensive high quality product line, integrity and a consistency they require.

The logo for Johnson & Johnson, featuring the company name in a red, cursive script font.The logo for GlaxoSmithKline (GSK), consisting of the lowercase letters "gsk" in white inside an orange, rounded shape.The logo for Merck, featuring a teal, stylized four-lobed icon to the left of the word "MERCK" in a bold, teal, sans-serif font.The logo for BASF, featuring a blue square with a white square inside, followed by the word "BASF" in white, bold, sans-serif font, and "The Chemical Company" in white, sans-serif font below it.The logo for Heinz, featuring the word "Heinz" in white, cursive script font inside a red, rounded shape.The logo for Reckitt Benckiser, featuring the lowercase letters "rb" in white inside a pink, stylized shape.The logo for Reckitt Benckiser, featuring the words "Reckitt" and "Benckiser" in a bold, dark blue, sans-serif font, stacked vertically.The logo for Sigma-Aldrich, featuring the words "SIGMA-ALDRICH" in a bold, red, sans-serif font.The logo for Unilab, featuring the word "UNILAB" in white, bold, sans-serif font inside a teal, rounded rectangle.
