

SPECIALITY MEDICINES
PRIVATE LIMITED

ADORNING YOUR HEALTH BETTER

OUR SPECIALITY

Speciality Medicines Pvt Ltd (SMPL) stands as a rapidly expanding pharmaceutical firm-based at Mumbai, India. Its prominence lies in both Manufacturing and Exporting of Finished pharmaceutical products.

In manufacturing, SMPL always ensures that they adhere to the highest quality standards, that has earned the prestigious EU-GMP, INVIMA, WHO GMP, certification, and other country's approvals. These facilities are well-equipped and operate in strict compliance with regulatory authority guidelines.

SMPL impact has extended even further with their role in trading, exporting and distribution. By being a GDP-certified and ISO 9001:2015 approved pharmaceutical wholesaler, exporter and trader, we act as a vital link between well-reputed pharmaceutical manufacturers in India and a vast clientele across the domestic and international markets.

SMPL, as a parent firm, also has a subsidiary in Kenya called Medforte Pharmaceutical, which imports and distributes Speciality medicines and Nutraceuticals. Medforte possess its own well-equipped warehouse which is approved by PPB Kenya and adheres to all regulatory standards.

SMPL remarkable features are its ability to offer a variety of pharmaceutical medicines, all encapsulated under a single umbrella. Our product portfolio caters to a diverse array of healthcare needs comprising oral solids, semisolids and liquid formulations which includes Speciality products such, oncology medicines, HIV medicines, orphan drugs, life-saving medicinal products, and vaccines etc. This broad portfolio has garnered us widespread acclaim and earned the trust of countless individuals seeking effective and affordable medicines.

SMPL takes pride in being a reliable source of medicines, knowing that the health and well-being of numerous individuals depend on the quality and efficacy of our products.

SMPL remains firmly committed to growth and innovation and continuously exploring various aspects of the pharmaceutical industry, seeking opportunities to expand our business and serve new markets. Whether it's catering to registered markets with regulatory compliance or providing with essential medicines to open markets, goal is to ensure that people around the globe have access to safe and effective medicines, and making a lasting impact on global healthcare.
