JINHUAN PACKAGING

ABOUT JINHUAN

Founded in 1992 as a family business, Jinhuan started its journey of **premium caps** manufacturing by commitment of **dedication to craftsmanship**. Jinhuan is well-known for its **superior product quality** standards, **outstanding R&D skills** powered by decades of experiences and highly knowledgeable professionals, and **strong leadership** with a clear vision of being the best partner for pharmaceutical companies.

Today Jinhuan has become a **leading sealing solution provider** reputed within the pharmaceutical industry. Our footprints have reached **five continents**, which includes both **regulated** and **non-regulated** markets. Over the years, Jinhuan has been highly recognized by numerous distinguished global and domestic pharmaceutical companies.

WHY JINHUAN

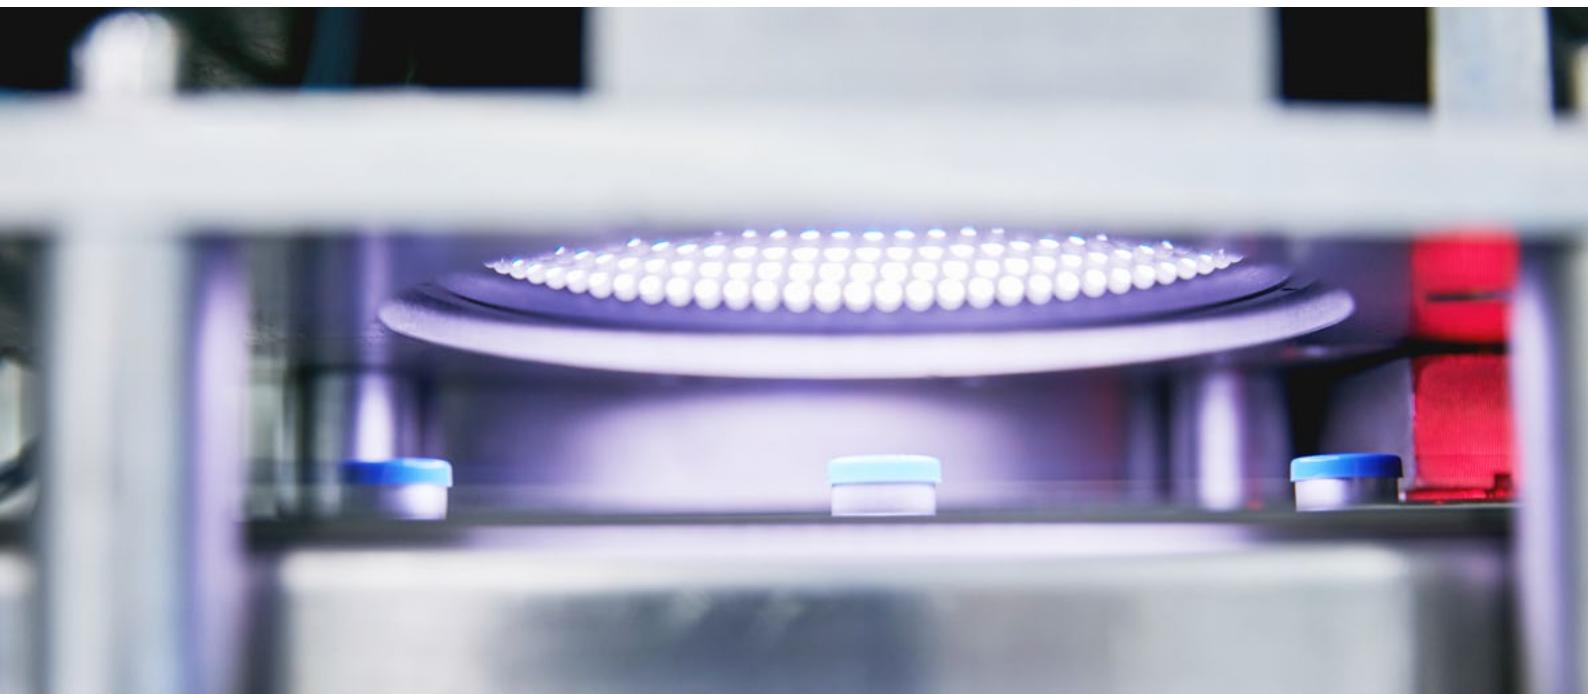

1 The largest cap manufacturer in China with more than **6 billion pieces** produced annually.

2 Dominant domestic market share, especially those used for **high-valued drugs** like vaccine, anesthetics, anti-cancer medicines.

3 All required ISO certificates and DMF registration are available.

4 Final products are produced in 100,000 class clean room (partially 100 class) with **compliance to GMP standard**.

5 Robust quality management system with more than **10% of employees are in the quality department(QA+QC)**.

6 The most **State-of-the-art** production facility within the industry.

7 Precise stamping die & injection mold **made in-house** by highly knowledgeable and experienced personnel.

8 100% coverage of production lines with **camera inspection system** which automatically reject defected pieces to ensure we only deliver **perfect product** to customers

PRODUCT

BRIDGE TYPE

Available sizes:

13mm / 20mm / 32mm

Available cleanliness:
