About Us

Gennex Laboratories Limited is an Active Pharmaceutical Ingredient manufacturing company, setup in 1995 with its unit located in IDA Bollaram, Hyderabad, India. We are among one of the leading 'Vertically Integrated' pharmaceutical companies in India and have a robust product portfolio spread over major product segments encompassing but not limited to Expectorants, Muscle Relaxants, Analgesics and Anti Fungals and many other therapeutic categories. The vision at Gennex is highly customer centric with the industry best practices in place.

Gennex has a very prominent Global presence with exports to over 50+ countries across 5 continents. At the heart of it lies a modern state of the art facility, with a very strong focus on meeting and exceeding customer satisfaction, manufacturing quality and service requirements on a progressive basis.

Vision

To emerge as a leading player amongst API manufacturers across all major therapeutic categories and achieve optimum growth in all areas of the organization by assertive focus on transparency in operations at all levels of management and exceed customer quality and service expectations while creating value for all involved stakeholders.

Business

Domestic

Gennex has a strong presence in the ever-growing domestic market. Our products are widely accepted by almost all the major Pharmaceutical companies and reputed trading houses in India. We continue to expand on a strong edifice of innovation and good manufacturing practices. Having been in the domestic market for over past 20 years, we have always been able to satisfy our clientele with our Good manufacturing practices and timely delivery, thus exceeding the customer's expectations.

Global Presence

Gennex has carved a niche for itself in the Global API market with its presence in over 50+ countries across 5 continents. We have a very strong customer base in North America, South America, South Asia and MENA countries. Our foothold has been ever growing through both Strategic Relationships with large Trading houses as well as all major Pharmaceutical Manufacturers in the countries we operate in. We also provide all possible support ranging from end-to-end delivery solutions as well as through various indenting agents across the globe.

Nearly 70% of our Business comes from our export Markets. This global presence is a testament to the fact that our values are extremely customer centric and we pay a lot of attention to quality and service.

Infrastructure & Facility

Our manufacturing facility is located at an established industrial area close to the Hyderabad-Mumbai national highway, which houses several other global pharmaceutical players. The unit is self sufficient in all respects like Power, Water & Waste Water Treatment adhering to all global manufacturing and environmental benchmarks. **We are WHO GMP certified with Written Confirmation for our products from CDSCO, New Delhi, India. Additionally, we also have ISO 9001:2008, ISO 14001, OHSAS 18000 and we have passed a whole plethora of customer audits from across the globe.**

The plant is designed for a multi product range having a mix of different capacities of Glass Lined and Stainless Steel Reactors and various range of auxiliary equipments including Centrifuges & Dryers.

Our in-house lab is fully equipped with Thermic Fluid Heaters to handle hot oil reactions and high vacuum systems and we plan constant upgradations to our equipment and systems to not only keep up but command the ever strengthening quality norms globally.

Quality

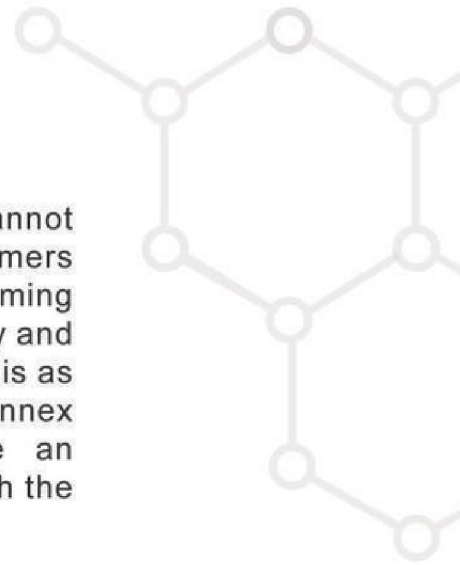

The importance of quality product and service cannot be undermined in any organization. Our customers both Domestically and Globally are becoming increasingly conscious with respect to cost, quality and delivery commitments. Hence, we have imbibed this as a part of culture and the essence at Gennex Laboratories. We constantly thrive to create an environment of Quality and Compliance in line with the global best practices.

We have :

- A Quality Control lab fully equipped to Regulatory standards and adhering to data integrity requirements.
- State of the art Manufacturing Facility for total quality standardization
- Well defined Production, Quality and Personnel Systems for step-wise quality control and assurance.
- Highly skilled and knowledgeable personnel across all divisions.
- Comprehensive in-house Quality Assurance for all Raw Materials, Work In Progress and finished batches.

Our core values make us constantly train and develop our personnel to deliver highest quality manufacturing processes in all aspects. Major thrust is given on quality upgradation and product integrity on continuous basis to achieve higher level of personal and customer satisfaction.

In line with our vision to become a globally admired company, we continuously strive for achieving accreditations from International regulatory authorities from Regulated and Emerging Markets.

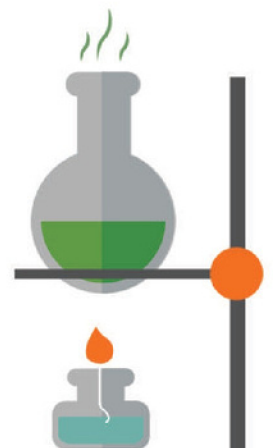

Product Range

Our primary focus over 2 decades of manufacturing has been to deliver quality products at competitive prices to ensure highest customer satisfaction.

At Gennex, our knowledge driven team places highest emphasis on product, quality and systems development while prioritizing efficient and good manufacturing mechanisms. We are constantly striving to improve both our manufacturing efficiency and quality of output at all stages. Currently we manufacture the enlisted products and many more are in the pipeline.
