AVANSO

partner of your health

AVANSO IS A COMPANY OPERATING IN THE AREA OF FOOD SUPPLEMENTS, HEALTHY DIET AND A HEALTHY LIFESTYLE.

OUR PRODUCTS MEET THE LATEST TRENDS AND ARE CREATED IN COLLABORATION WITH THE RENOWNED EXPERTS FROM SCIENCE, RESEARCH, MARKETING, PHARMACY AND HEALTHY DIET. PROVIDING THE BEST POSSIBLE SERVICE AND BRINGING YOU, OUR CUSTOMERS, THE BEST AND MOST EFFECTIVE SOLUTIONS IN THE FIELD OF HEALTH CARE – THESE ARE OUR GOALS AND MISSION.

OUR LONG-TERM EXPERIENCE IN THE FIELD, BASED ON THE COOPERATION WITH IMPORTANT PROFESSIONALS FROM THE MEDICAL ENVIRONMENT, GIVES US SUFFICIENT PREREQUISITE FOR THE SUCCESSFUL FULFILLMENT OF OUR MISSION.

WE KEEP THE QUALITY OF THE PROCESSES, FROM THE SELECTION OF RAW MATERIALS TO THE FINAL DELIVERY TO YOUR HANDS, UNDER CONTROL. QUALITY IS THE MAIN PARAMETER OF OUR PRODUCTS, WE CARE ABOUT THE SATISFACTION OF YOU, OUR CUSTOMERS.

KRILLAN

HIGH QUALITY OMEGA-3

+

NATURAL ANTIOXIDANT

ASTAXANTHIN

Try the unique Krillan food supplement

Krillan is a purely natural product made from krill oil, which is obtained from small crustaceans called krill. They live in the pristine waters of Antarctica, in the cleanest environment in the world away from pollution and heavy metal contamination.

Krill oil contains EPA and DHA omega-3 fatty acids in the form of phospholipids, which are responsible for the proper functioning of whole-body cells. In addition to omega-3, Krillan is also rich in powerful natural antioxidant astaxanthin and other substances that are important for the whole organism.

What makes Krillan unique?

The uniqueness of Krill is that the omega-3 fatty acids are provided in phospholipid form. Krillan™ Krill oil is rich in phospholipids EPA & DHA, providing clinically proven superior bio-efficiency, better than other marine oils. In contrast, the omega-3 in dietary supplements derived from cod liver, seal, or fish oil are almost exclusively omega-3 triglyceride fatty acids.

Composition of Krillan

KRILLAN	1 CAPSULE
Krill oil (<i>Euphausia superba</i>)	500 mg
Omega-3 fatty acids	110 mg
of which EPA	60 mg
of which DHA	28 mg
Phospholipids	200 mg
Choline	25 mg
Astaxanthin	50 µg

Advantage of Krillan

PHOSPHOLIPIDS
Omega-3 fosfolipids from krill are more bioefficient source of omega-3 than the omega-3 triglycerides derived from fish oil

CHOLINE
Choline is extremely important for the health of the cells and for the development of brain functions

ASTAXANTHIN
Astaxanthin, the most powerful antioxidant in nature, helps the body to balance the immune system.

Health benefits of krill oil

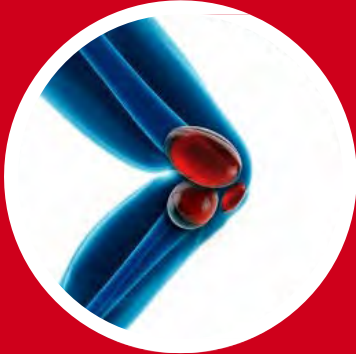

HEALTHY HEART

Omega-3 helps prevent heart disease by beneficially affecting several cardiovascular disease (CVD risk factors). Omega-3 has been observed to lower blood pressure and appears to help prevent arrhythmia

HEALTHY BRAIN

Omega-3 phospholipids play key roles in the structure and function of brain cell membranes and cell signaling. An omega-3 deficiency in brain tissue can result in functional disturbances

HEALTHY JOINTS

Long-term use of the Krillan® supplement relieves problems with the locomotor system and suppresses the symptoms of the disease. Effectively prevents diseases of the joints, bones and their manifestations

CurcuPrim

Strong natural antioxidant

Brand new product with wide ranging and potent health benefits. Unique formulation containing complete turmeric natural matrix with broad spectrum of curcuminoids and high curcumin content

Curcumin

Curcumin is the major bioactive component of the Indian spice herb turmeric. At first, people widely used curcumin as food in curry powder and later discovered its impressive medicinal qualities.

Health benefits of curcumin

natural antioxidant

anti-inflammatory effect

healthy joints

cardiovascular health

nervous system

skin health

Composition of CurcuPrim

CurcuPrim	1 CAPSULE
Cureit curcumin	500 mg
Vitamin D3	10 µg

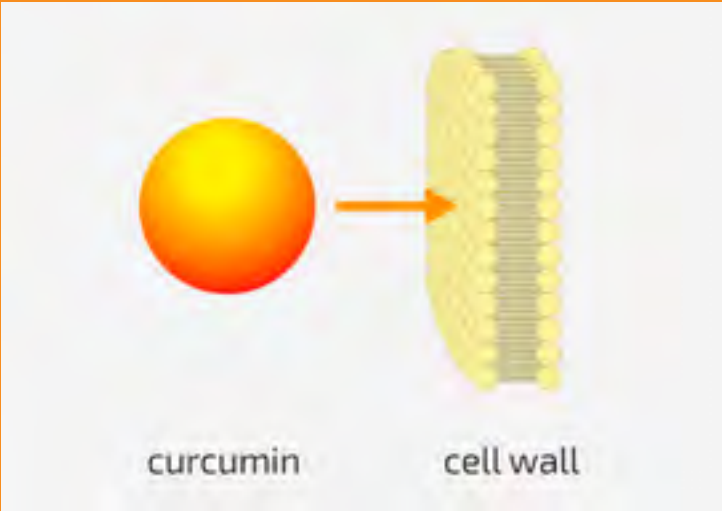

CurcuPrim contains Cureit, unique extract that constains full natural turmeric matrix

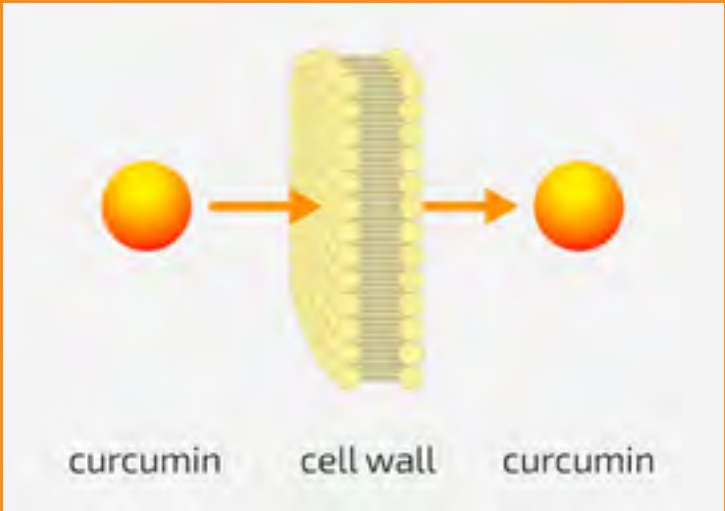

Bioavailibility of curcumin

Dietary curcumin is known to exhibit poor bioavailability (i.e. low levels in plasma and tissues). With the PNS technology used in Cureit, curcumin is distributed between polar and non-polar molecules, and by simple diffusion it becomes highly absorbable and easily passes through the body.

common curcumin

Cureit

Cureit - complete natural turmeric matrix

Cureit is a unique patented ingredient offering a wide range of positive health effects. It is 10x more bio-efficient compared to normal curcumin. The product as well as the production process (PNS technology) is patented and guarantee wide health benefits to the users.

arthrosin

For healthy joints, bones, ligaments and tendons

The balanced composition of glucosamine, chondroitin, boswelvia and MSM, together with the unique Flexi complex containing native type II collagen, vitamin C, turmeric and manganese brings relief to your joints and effectively helps to regenerate them.

HEALTH CARE OF YOUR JOINTS AND BONES

SUPPORT OF CARTILAGE TISSUE FUNCTIONS

PROTECTION AGAINST JOINT INFLAMMATION

HEALTH CARE OF LIGAMENTS AND TENDONS

Complex nutrition

Arthrosin provides the best solution for your comfortable and painless movement. The composition of the product has been developed on the basis of long-term experience and knowledge of the locomotive system and joint nutrition.

The product is a combination of suitably complementary substances that effectively affect joint tissue. The unique composition of the product has a positive effect on the entire movement.

What is happening with our joints over the years ?

up to 30 years

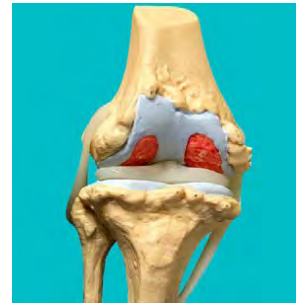

healthy and fully mobile joints

30-50 years

first signs of arthrosis

over 50 years

joints in the stage of severe arthrosis

active substances

Arthrosin	1 TABLET
Glucosamine sulfate	750 mg
Chondroitin sulfate	100 mg
Boswellia Serrata	50mg
Flexi Complex	
Collagen type II	10 µg
Vitamin C	50 mg
Curcumin	50 mg
Manganese	2 mg

Benefits of active substances

- ✓ **Glucosamine** and **chondroitin** are a naturally occurring building blocks of connective tissues, bones and cartilage
- ✓ **Type II collagen** is the basic structural component of articular cartilage
- ✓ **Boswellia Serrata** supports joint health
- ✓ **Curcumin** protects joints from inflammation
- ✓ **MSM** is an organic form of sulfur and participates in the formation of collagen
- ✓ **Manganese** contributes to the regeneration of connective tissue
- ✓ **Vitamin C** is essential for the proper formation of solid collagen fibers of articular cartilage and bones

neurocel

Health of the nervous system

Neurocel is a brand-new innovative product with advanced and effective composition. It contains high dose of Methylcobalamin, Alpha lipoic acid, Pyridoxine, Thiamine, Niacin and Folid acid.

Neurocel nourishes nerves and provides complex care for nervous system and mind. The product formulated to match the latest scientific research on nervous activity and brain function.

Neurocel is an unique product suitable for people with increased mental and psychical activity. People with increased physical activity and athletes also need endurance and psychological resistance.

Neurocel contains a strong dose of methylcobalamin and other B vitamins, which contribute to normal nervous system activity, good mental activity, and reduced fatigue and exhaustion.

People with sedentary jobs or students are often tired, unable to read and concentrate for a long time. Seniors may suffer from headaches, memory failure and depression.

Depression has a long-term course and manifests itself with physical difficulties. People complain about various subjective problems, their cause is in unsatisfactory mental state.

Composition of Neurocel

NEUROCEL	1 CAPSULE
Methylcobalamine (vitamin B12)	1500 µg
Alpha-lipoic acid (vitamin B13)	300 mg
Thiamine (vitamin B1)	8 mg
Pyridoxine(vitamin B6)	4 mg
Niacin (vitamin B3)	32mg
Folic acid (vitamin B9)	1000 µg

Health benefits of Neurocel

SUPPORT OF BRAIN FUNCTIONS

Positively affects mental activity. Improves concentration and opens mind, improves brain performance.

SUPPORT OF NERVE ACTIVITY

Supports nerve transmission in the body. Contributes to normal psychological activity and mental well-being.

NEUROPATHIC DISEASES

Nourishes the nerves and thus helps the functioning of the entire nervous system. Diminishes the feeling of stress.

FATIGUE AND EXHAUSTION

Reduces the feeling of fatigue. Improves the condition of the body. Adds vitality. Brings the body to work.

menstrin

FOR WELL-BEING DURING MENSTRUATION

Menstrin is a natural non-hormonal product for women and girls of various ages. Active ingredients contained in the product help to improve mental and physical condition during periods of menstruation, help relieve menstrual pain and cramps and promote the vitality of the body.

HERBAL EXTRACTS

the synergy of five effective herbal extracts to suppress discomfort in women during the menstrual period

VITAMINS

three B vitamins for better immunity, for the needed hematopoiesis and for healthy mucosal condition

BENEFITS OF MENSTRIN

Helps to relieve pain during menstruation

Provides comfort during menstruation

Mitigates menstrual symptoms, hot flushes, sweating, irritability

Promotes hormonal balance, relieves migraines and headaches

COMPOSITION OF MENSTRIN

MENSTRIN	1 CAPSULE
Chasteberry	130 mg
Feverfew	100 mg
Sage	100 mg
Lemon Balm	70 mg
Baikal Skullcap	50 mg
Vitamin B2	1,4 mg
Vitamin B6	1,4 mg
Vitamin B12	2,5 µg

VEGETARIAN CAPSULES

The benefit of Menstrin is also the use of vegetarian capsules. The use of natural extracts in combination with vegetarian capsules brings the best possible effect, as these substances are of the same purely natural origin.

THE UNIQUE QUALITY OF MENSTRIN

NATURAL COMPOSITION

The product is composed exclusively of natural substances, herbal extracts and vitamins, which give women comfort and hormonal balance during menstruation.

HACCP PRODUCTION

HACCP is a system of critical control points that serves to ensure the quality and health harmlessness of the product during production, processing, storage, handling and shipping.

QUALITY GUARANTEE

We use raw materials that we choose very carefully in advance, always with respect to their utility properties. We deliver the highest quality and high efficiency product to our consumers.

NO SIDE EFFECTS

Menstrin delivers a relief, it is gentle to the organism and has no side effects. The active substances contained in this product are beneficial to the body and do not cause any addiction.

HEALTHY PROSTATE

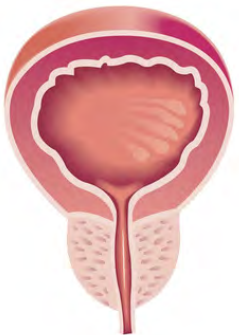

Prosteman is a brand new product with an effective and comprehensive composition designed for the proper functioning and health of the prostate. It contains extracts of saw palmetto, nettle leaf, bearberry, pygeum africanum, beta sitosterol and zinc.

The prostate, or prostate gland, is an accessory gonad that is located on the underside of the bladder and surrounds the urethra. It is an important part of the male reproductive system, whose main function is the production of secretions, which is part of ejaculate and increases sperm viability.

To prevent these problems, it is recommended to support the condition of the prostate with natural products. Prosteman contains a combination of proven natural substances that support the overall health of the prostate, maintain proper urinary tract function and have a beneficial effect on sexual activity.

HEALTHY PROSTATE

ENLARGED PROSTATE

BENIGN PROSTATIC HYPERPLASIA

Problems associated with an enlarged prostate (benign prostatic hyperplasia) contribute greatly to the deteriorating quality of life of men and are among the most common health problems in mature men. Its essence is a slow, inconspicuous and gradual enlargement of the prostate, which oppresses the bladder and urethra.

COMPOSITION OF PROSTEMAN

PROSTEMAN	1 CAPSULE
Saw palmetto extract	200,0 mg
Nettle extract	80,0 mg
Bearberry extract	50,0 mg
Pygeum africanum extract	50,0 mg
Beta sitosterol	30,0 mg
Zinc	15,0 mg

The most common symptoms of an enlarged prostate are difficulty urinating and may include a weak or intermittent flow of urine, a feeling of incomplete emptying, difficulty starting to urinate, frequent urination, urgency or frequent waking at night due to the need to urinate.

EFFECTS OF ACTIVE SUBSTANCES

Saw Palmetto supports the proper function of the prostate and urinary system

Stinging nettle helps the prostate function properly, it promotes excretion

Bearberry is antioxidant that supports the function of the bladder and kidneys

Pygeum africanum supports the function of the bladder and lower urinary tract

Beta sitosterol has an anti-inflammatory effect, it helps with urinary problems

Zinc is part of the prostate tissue, it maintains proper testosterone levels in the blood

HEALTHY EYES AND SHARP VISION

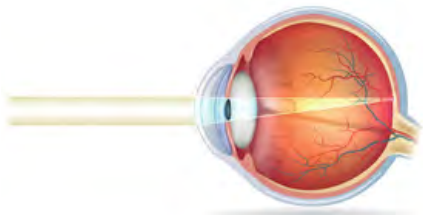

Visiolix is a brand new product with an effective composition intended for eye nutrition and eye health. Contains lutein, blueberry and schisandra extracts, betacarotene, zeaxanthin, zinc and vitamin B2.

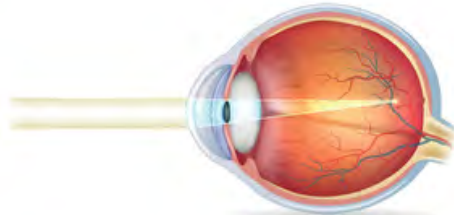

Sight is one of the most important senses that needs to be protected and maintained. The eyes are exposed to various harmful effects on a daily basis, such as polluted environments, UV radiation from the sun's rays, television or computer screens.

Sight is sensitive to irritation from dust, pollen or microbial infestation. The high degree of oxidative stress to which the eyes are exposed is manifested by eye fatigue, loss of concentration, dryness and damage to the eyes.

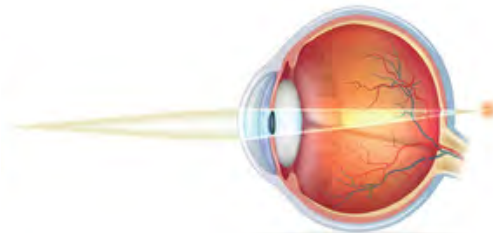

The most common eye defects include myopia, hyperopia and astigmatism. However, many chronic and degenerative diseases can be avoided or delayed by following healthy living habits and a healthy diet.

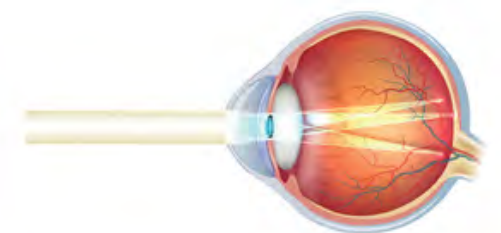

healthy eyesight

myopia

hyperopia

astigmatism

COMPOSITION OF VISIOLIX

VISIOLIX	1 TOBOLKA
Lutein	20,0 mg
Blueberry extract	200,0 mg
Schizandra extract	100,0 mg
Betacarotene	6,0 mg
Zeaxanthin	1,2 mg
Vitamin B2	1,4 mg
Zinc	15,0 mg

Visiolix provides comprehensive nutrition and eye care. The unique composition contributes to the correct state of eyesight, promotes visual acuity, helps the eyes cope with fatigue and increased stress.

ACTIVE SUBSTANCES

LUTEIN & ZEAXANTHIN

Lutein together with zeaxanthin nourishes the eyes and helps protect the retina.

SCHIZANDRA

Schizandra is an adaptogen, which helps improve visual acuity and eye adaptation to red light.

VITAMIN B2

Vitamin B2 helps reduce the sensitivity of the eyes to light and protects the eyes from harmful free radicals.

BETACAROTENE

Betacarotene is converted in the body to vitamin A, which contributes to eye health and visual acuity.

BEARBERRY

Blueberries are the perfect nutrition for the eyes, they help maintain healthy eyesight.

ZINC

Zinc helps delay deteriorating vision with increasing age. It plays an important role in delivering vitamin A to the retina.

probiona

Healthy intestinal microflora

Probiotics are live microorganism which when used in adequate amounts confers a health benefit on the host.

Probiotics help to restore intestinal microflora, which improves the digestive process and consequently improves the function of the immune system. Probiotics are therefore not only excellent means of restoring the bacterial microflora but also a significant help in the promotion of immunity.

Immunity

A healthy bowel function strengthens immunity, because the cells of the defense system are formed directly in the intestines. Probiotics are friendly bacteria that help increase the immune system.

Digestion

One of the positive effects of probiotics is that probiotics increase resistance to diarrheal diseases and reduce the activity of potentially dangerous substances in the large intestine that can be caused by poor digestion.

Composition of Probiona

PROBIONA	1 CAPSULE
Lactobacillus acidophilus	0,75 billion CFU
Lactobacillus rhamnosus	0,75 billion CFU
Bifidobacterium longum	0,75 billion CFU
Bifidobacterium bifidum	0,50 billion CFU
Saccharomyces boulardii	0,10 billion CFU

Účinky probiotických kmenů

- ✓ positively affect digestion
- ✓ keeps healthy intestinal microflora
- ✓ promote immunity
- ✓ suitable during the use of antibiotics
- ✓ recommended during digestion problems

When to take the Probiona ?

DURING AND AFTER THE USE OF ANTIBIOTICS

Antibiotics disrupt natural microflora of our body, especially in the intestine, which can cause unpleasant digestive problems and weaken immunity.

Probiotics help to restore the natural settlement of the organism.

DURING THE TRAVELLING

Probiotics generally help maintain a balanced colon microflora and increase its resistance to colonization by microorganisms. It will correct your disturbed intestinal microflora so that you will not even experience digestive problems or diarrhea.

memostim

Healthy brain and good memory

Memostim contains an effective combination of natural substances – Black Aronia, Guarana, Leuzea, Blackcurrant and Ginkgo biloba extract, which together promote memory, concentration, mental performance, cognitive ability and energy.

Memostim is especially appreciated by students, managers and people with increased mental performance at work.

mental performance

memory support

studying support

long-term concentration

Composition of Memostim

MEMOSTIM	1 TABLET
Black aronia	50,0 mg
Guarana	50,0 mg
- of which caffeine	17,5 mg
Leuzea	50,0 mg
Blackcurrant	40,0 mg
Ginkgo biloba	30,0 mg

Effects of Memostim

Ginkgo biloba

contributes to blood circulation in the brain, resulting in increased concentration, improved memory and overall mental well-being. In addition, Ginkgo biloba improves blood circulation to other tissues.

Guarana

is known for its stimulating effects and stimulation of the human organism. The main ingredient is caffeine, which is up to 4 times more than coffee beans. Guarana caffeine is absorbed more slowly and acts more evenly.

Black aronia

Aronia is known for its high content of antioxidants and vitamins P, C, B, A. It has antioxidant effects and helps neutralize harmful free radicals.

Leuzea

Leuzea is among the adaptogens, which are substances that increase the resistance of the body against stressful situations.

Blackcurrant

Blackcurrant is a rich source of vitamin C and a beneficial flavonoid organism. It acts anti-inflammatory and anti-stress.

abc multivita Kids

12 vitamins
+
iodine

Vitamins are substances that are essential ingredients of the diet. Most of the time, the body cannot create it and so we have to take it from food. Especially important is getting enough vitamins for children who need vitamins for proper growth and development of the organism.

Decreased immunity leads to frequent illnesses, long recovery times or complications requiring lengthy treatment.

ABC Multivita Kids contains 62 tasty jelly tablets, which give the children's body a balanced ratio of vitamins to support immune system function.

Contained vitamins contribute to:

-  proper function of the immune system
-  normal collagen formation for the proper functioning of bones, cartilage, skin and teeth
-  normal energy metabolism
-  normal recognition functions
-  proper mental nervous activity
-  reduce fatigue and exhaustion
