

# abc multivita Kids gummies

for better immunity

**HEALTH  
THAT TASTES**

**12 vitamins**

**+ iodine**

**62 jelly tablets**

Vitamins are substances that are essential ingredients of the diet. Most of the time, the body cannot create it and so we have to take it from food.

Especially important is getting enough vitamins for children who need vitamins for proper growth and development of the organism.

ABC MULTIVITA KIDS contains a balanced ratio of vitamins in the form of tasty jelly tablets. They give the baby organism everything needed. Contained vitamins contribute to the right immune system, help reduce fatigue and exhaustion, help the muscular and nervous system function properly. The product is then supplemented with iodine, which contributes to normal recognition functions.

Active substance	weight	%RDA*
