

ColorRx[®] Products

PRODUCT OVERVIEW

WHERE COLOR MEETS COMPLIANCE

Our products are tailored to meet color, performance, and compliance standards in the highly regulated healthcare market.

Unmatched Reliability & Quality

ColorRx® polymers are produced in three ISO 13485 and cGMP compliant facilities in the U.S., Denmark, and China, ensuring the highest standards of quality and reliability. The formulations are locked and undergo rigorous ISO 10993 biocompatibility testing, providing peace of mind for healthcare application developers.

Manufactured in State-of-the-Art Facilities

ColorRx® is manufactured in two **state-of-the-art clean compounding** facilities in the U.S. and Denmark, guaranteeing the purity and quality of the polymers. This is critical for maintaining the integrity of medical devices.

Sustainability & the Environment

Americhem is committed to sustainability, offering eco-friendly formulations that reduce environmental impact. This directly aligns with the growing demand for sustainable healthcare solutions.

Available in Compound or Masterbatch with Endless Color Options

Americhem offers ColorRx® in compound or masterbatch. We also offer ColorRx® medical grade polymers in a standard color palette, with custom colors available upon request. Our experts are here to help find the right solution!

Advanced Process Change Management

With a robust process change management system and notice of change protocols, ColorRx® ensures consistency and reliability in every batch. This minimizes risks and ensures that your medical devices meet stringent regulatory requirements.

Global Supply & Compliance

ColorRx® offers global supply and formulations that are RoHS and REACH compliant. This ensures that your medical devices can be used worldwide, meeting international standards and regulations.

ColorRx® Standard Color Palette

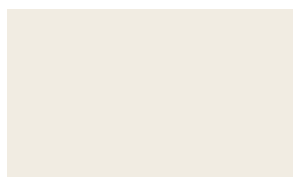

Americhem offers ColorRx® medical grade polymers in a standard color palette, with custom colors available upon request.

ColorRx® Black

ColorRx® Medium Blue

ColorRx® White

ColorRx® Dark Blue

ColorRx® Red

A GLOBAL LEADER IN HEALTHCARE

BATCH TO BATCH. MARKET TO MARKET. CONTINENT TO CONTINENT.

From our headquarters in Cuyahoga Falls, Ohio, to our manufacturing locations and sales offices across the world, our expansive footprint provides global reach for your organization's needs. Not only are we dedicated to getting your materials where they need to be, when they need to be there, we work behind the scenes to reduce your supply risks. In addition to our network of plants, regulatory and compliance teams, we have contingency plans and support services in place to secure your product against unforeseen interruptions.
