## ABOUT BIOZENTA

Biozenta Lifescience Pvt Ltd is a pharmaceutical and Lifescience company that specializes in oncology products and General Injectable Formulation. The Company's strength is in providing Quality products of Niche molecules using advanced technology. We, at Biozenta, are business enablers who believe in collaborating with right partners for Fruitful business initiatives. We are an aspiring young company with an endeavor to "Redesign Global healthcare with affordable medicines".

**Biozenta Lifescience** was established in 2018 with a deep emphasis to serve the humanity through Quality medicaments and vision of **Human Helping Human**. Biozenta is a research and innovation driven pharmaceutical company with a strong impression in critical lifesaving products specifically in **Oncology, Nephro, Anti-diabetic, External preparations and General range of Injectables** with a global market presence. The company has multilocational state-of-art manufacturing facilities in Pharma friendly Industrial zone at Bathri and Tahliwal in Una Himachal Pradesh and is establishing a formulation facility in Ethiopia for Oncology and General Injectables.

The formulation facility is WHO GMP Certified and has an ultramodern, well equipped, dedicated setup for manufacturing of **Oncology Products-Liquid Injectables, Lyophilized Injectables, Pre-Filled Syringes-PFS, Tablets and Capsules**.

The Bathri formulation site has a dedicated unit for the manufacturing of **General Range Products- Liquid Injectables, Lyophilized Injectables, Pre-Filled Syringes-PFS** having latest equipments and qualified dedicated team. The company's strength lies in its cGMP practices and regulatory compliance offerings in the pharmaceutical and lifesciences products and services.

Biozenta is working towards spearheading their presence globally. Our facility has accreditation from Regulatory Bodies of **Kenya, Yemen and Combodia** & awaiting Site Registration from **Sri Lanka, Syria, Philippines, Iran, Peru and Ethiopia**. Our dedicated Regulatory team has filed for Dossier registration in **Myanmar, Vietnam, Uzbekistan, Ethiopia and some regions of LATAM**. We have Export Business (tender) in LATAM and Myanmar.

A separate and individually designed "**External Preparations Manufacturing Unit**" with name of "**Biogracea Medicare Pvt. Ltd.**" In technical collaboration with "**Biozenta Lifescience Pvt. Ltd.**" is running in Tahliwal Industrial area, Una, H.P. that manufactures, sells, distributes and markets pharmaceutical and cosmetic items such as **Creams & Ointments, Gels, Lotions, Dusting Powder and Shampoo**.

To achieve a global leadership in the research of "**Generic Oncology APIs**" and their Intermediates, **Biozenta Lifescience Pvt. Ltd.** API research center devoted to innovative non-infringing routes for the synthesis of the generic APIs. Our API manufacturing facility ( Unit-2 at Industrial area, Tahliwal, Distt. Una, H.P.) is running with special emphasis on "Good Manufacturing Practices" and following regulatory guidelines. We focus on continuously improving our synthetic procedures, shortening time cycle and improving the final quality and stability of our products.

## COMPANY FOUNDER

Mr. Deep Narayan Sharma, a M. Pharm with MBA in Production Management carries a rich experience in the pharmaceutical manufacturing of specialized products. In 2011, he started his own venture, M/s Dr. Aarabdee Labs and Aarya Healthcare (division of Food Product). Driven by experience and expertise, Mr. Sharma was inspired to establish a Formulation plant –Biozenta Lifesciences Pvt. Ltd.

Biozenta has achieved new milestones and offered many innovative medicines for Critical care speciality in Oncology products. Mr. Deep believes in hard work with honesty and always tries to achieve company's self-made financial goals with smart work and business ethics. This resembles our company's motto of "Human Helping Human".

## VISION

To provide critical care medicines that allows every patient to live a healthier, happier and more active life at an **affordable cost**.

## MISSION

To be an aspirant and motivating young technocrat with a desire to contribute to the development of a healthy and strong country by providing medicines at an affordable price.

**OUR KEY PRODUCTS**

**Doxorubicin Hydrochloride Liposome Injection (As Pegylated Liposome).**

**Carfilzomib for Injection 60mg/Vial (As Lyophilized)**

**Cabazitaxel Injection 60mg/1.5ml**

**Triptorelin for Injection 3.75 mg/Vial**

**Paclitaxel (Protein bound particles) for Injectable Suspension 100 mg/Vial**

**Liposomal Amphotericin B Injection**

**Treosulfan for Injection 5 gm/Vial**

**Decitabine for injection 50 mg/Vial**

**Azacitidine for Injection 100mg/Vial (As Lyophilized)**

**Eribulin Mesylate Injection 0.88mg**

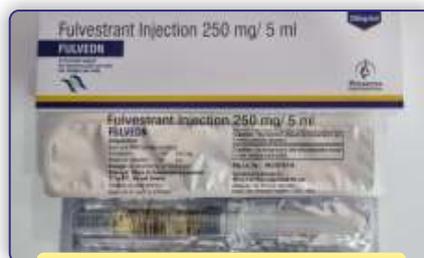

**Daunorubina Liposomal 50mg/25ml**

**Pegaspargase Injection 3750 IV/5ml**

**Methotrexate Injection IP 20mg/0.4ml (PFS)**

**Fulvestrant Injection 250mg/5ml (PFS)**

**Enoxaparin Sodium Injection USP 60mg/0.6ml (PFS)**

### INTRODUCTION

Biozenta Lifescience Pvt. Ltd. is an "Oncology" formulation manufacturing company incorporated on 22 February 2018. Biozenta is an integrated pharma and Lifescience company especially offering oncology and other critical care products. The company is continuously engaged in process system improvements to enhance the quality products and cost competitiveness in order to build value for our customers and associates.

The company has entered into the manufacturing of Oncology API and their intermediates.

### VISION AND MISSION

To deliver medicine through regulatory compliance and operational excellence that enables every patient to live healthier, happier & more active life at an affordable cost. The company is now expanding its wings in manufacturing of Oncology API and their intermediates to reduce the dependency on others for the sake of timely delivery of finished doses forms to its customers. The company is aspiring & motivating young technocrat having a passion to contribute in building a healthy and strong country.

### TECHNOLOGIES AND INFRASTRUCTURE FROM R&D TO COMMERCIALIZATION

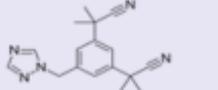

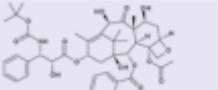

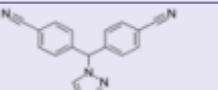

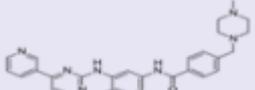

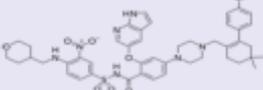

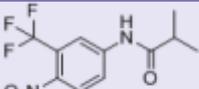

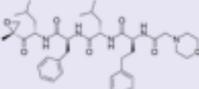

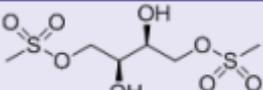

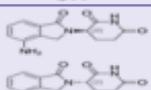

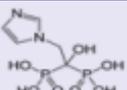

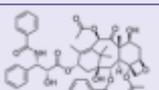

- Individually designed **Hydrogenation Lab** with **0.5 L to 50 L** capacity reaction vessel.
- CIP (Clean-in-Place) facility with Dispensing, Processing & Material Transfers provisions.
- Process temperature control systems of **+250 to -80 °C** capacity.
- Well equipped and technology upgraded "**Isolator Lab**".
