

ULTRATECH INDIA LIMITED

Manufacturers of :

- ❖ **Finished Dosage Forms**
- ❖ **Active Pharmaceutical Ingredients**
- ❖ **Drug Intermediates**

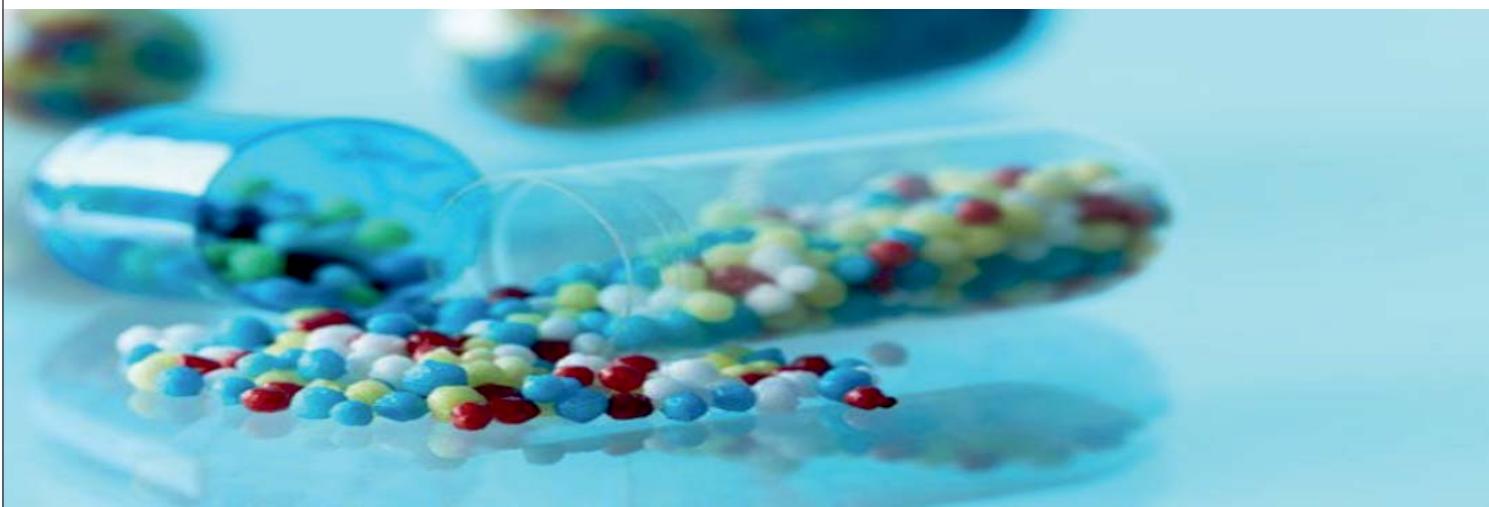

Ultratech India Limited is an integrated pharmaceutical and life sciences company engaged in manufacturing pharmaceutical finished dosage forms, Active Pharmaceutical Ingredients and providing drug development solutions.

Ultratech specializes in development and manufacturing of pulmonary drug delivery systems and offers a complete range of anti-asthmatic inhalation drugs in Dry Powder Inhalation and Pressurized Metered Dose Inhalation dosage forms.

In the Active Pharmaceutical Ingredients space, Ultratech specializes in the development and scale-up of new molecules involving complex synthetic chemistry processes.

Ultratech also provides Custom Research and Manufacturing Services (CRAMS) and undertakes custom synthesis for new molecules, process development work of Bulk Actives as well as for Pharmaceutical dosages, private labelling and contract manufacturing.

Profile

Since its inception in 1992, Ultratech has established itself as a trans-national company manufacturing world-class Pharmaceutical products with a diverse product portfolio that includes Pharmaceutical Ethical Drugs, OTC, Nutraceutical and Cosmetic Products for a broad spectrum of applications. In its two decade journey, the company has established its clientele in more than 25 Countries.

Ultratech provides its Active Pharmaceutical Ingredients to innovator and generic companies globally. The company has a broad portfolio of Finished Dosage Forms in various therapeutic segments and has developed its niche in pulmonary drug delivery systems and offers a complete range of anti-asthmatic inhalation drugs in Dry Powder Inhalation and Pressurized Metered Dose Inhalation dosage forms.

Ultratech's products are manufactured in line with FDA guidelines and cGMP requirements. Most of the products are supported with DMFs, Dossiers, FSCs, COPPs and registration files for obtaining Product registrations as per Country specific requirements.

Ultratech is an excellent combination of world class manufacturing, R&D, Quality control, Quality Assurance, Marketing and indepth Management expertise.

Our Business

Ultratech's core business is development, production and marketing of Finished Dosage Forms, Active Pharmaceutical Ingredients and advanced Drug intermediates

Active Pharmaceutical Ingredients
& Drug Intermediates

Finished Dosage
Forms

CRAMS (Custom Research And
Manufacturing Services)

Our product range covers therapeutic categories like Anti-Hypertensives, Diuretics, Analgesics, Anti-biotics, Anti-Tubercular, Quinolones, Anti-fungals, Anti-Malarials, HIV & Anti-Virals, Antacids, Metabolism, Erectile dysfunction drugs, Vitamins, Anti-Allergic, Anti-Inflammatory & Anti-Asthmatic drugs

Tablets

Capsules

Syrups

Injections

Nasal
Sprays

Metered
Dose
Inhalers

Dry
Powder
Inhalers

Nebulization
solutions

Finished Dosage Forms

Finished Dosage Forms

Ultratech's Finished dosage forms are manufactured under stringent quality control at WHO-GMP and PIC/S approved locations in India. We provide a comprehensive range of Finished Dosage Forms in conventional as well as in advanced dosage forms for Pulmonary route drug delivery Dry powder Inhalers, Pressurised Metered Dose Inhalers and Nebulization solutions. Our constant goal is to optimize drug development, in order to produce complex generic and speciality drugs that are more accessible to patients.

Active Pharmaceutical Ingredients & Drug Intermediates

We have manufacturing facilities to produce Bulk Active Drugs and their intermediate stages catering to various therapeutic categories. Our sophisticated infrastructure has been designed to provide us with flexibility in product mix, increasing production volumes and quick reconfiguration to align our processes with market needs.

Research & Development

Research & Development

Ultratech established its R&D center in 2010 and upskilled its core competence into developing innovative and quality generic medicines at an affordable cost. In an attempt to minimize the project management time lines, R&D activities of both APIs and formulations are done under one roof. Apart from developing new products, R&D is also involved in product life cycle management activities to ensure continuous quality improvements. Our continuous research is focused on developing new products, improving existing ones, refining drug delivery systems and expanding product applications. The R&D center has its micro scale R&D lab, kilo lab, FDF lab, Instrument and wet analysis labs. We have been able to achieve a synergistic integration of research & developments between our APIs and FDFs.

Our R&D specializes in

- Product developments
- Process development of pharmaceutical finished dosage forms, APIs & Drug intermediates
- Synthesis route development
- Process optimizations
- Impurity synthesis
- Developing environmentally friendly processes
- Pulmonary route drug delivery system developments
- Drug product characterization
- BA and BE studies
- Stability studies
- Analytical method development
- Technology transfer

CRAMS (Custom Research And Manufacturing Services)

- Ultratech offers the complete package; right from the development of drug intermediate stages moving up to developing API's and finally the formulation dosage forms, commercial manufacturing and packaging.
- Our R&D team constantly strives towards cost reduction by adopting new methods, process simplification, standardization and technology upgradation.
- A dedicated and knowledgeable team of scientists, R&D and manufacturing chemists are committed to a policy of continuous product and process improvement for the benefit of customers.

We offer services for

- Product developments
- Process development of Pharma dosage forms, API's & Drug intermediates
- Formulation development in different dosage forms
- Synthesis route development and optimization
- Impurities synthesis and identification
- Developing environmentally friendly processes
- Technology transfer
- IPR
- Bio equivalence studies
- Stability studies
- Dossier compilation
- Private labeling
- Commercial manufacturing in large volumes

Quality Control & Quality Assurance

Quality Assurance

Ultratech's Quality Assurance teams function independently for strict monitoring & control of various activities of the plant as per the pre-defined processes and procedures. High quality performance standards are achieved through qualified and experienced technical man power, sophisticated equipments, documented procedures and an established quality assurance system.

Ultratech is committed to total quality management and ensures that ICH guidelines and cGMP standards are complied and products comply with international quality standards.

Regulatory Compliance

Ultratech is ISO 9001-2015, ISO 14001:2015 and GMP certified.

The practices at Ultratech are adherence to latest quality & safety standards. We ensure the implementation of cGMP standards, follow our in-house SOPs, and pharmacopoeial specifications. Most of our products are supported with technical packages comprising of Drug Master files, Product Dossiers, Free sale certificates, Certificate of Pharmaceutical Products, etc.

'Excellence in Quality' is the Voice of every member of Ultratech India Ltd.

ISO 9001-2015

Quality Management System Certificate

Environmental Compliance

The intermediates, wastes and effluents are treated effectively so as to ensure compliance with environmental norms. Our environmental policy is to produce highest quality products in harmony with the ecological system and to minimize the damage to the environment by complying with all the statutory regulations and ISO-14001 standards. Ultratech has the necessary environmental clearances and approvals.

ISO 14001-2015

Environmental Management System Certificate

List of APIs manufactured by Ultratech India Limited

NAME OF APIs	THERAPEUTIC SEGMENT
Amlodipine Besilate USP/BP/EP/IP Amlodipine Maleate Enalapril Maleate USP/BP/EP/IP Trimetazidine Hydrochloride/Dihydrochloride BP/EP/IP	Cardiovascular
Etidronate Disodium USP/BP/EP Ibandronate Sodium Pamidronate Disodium USP/Pentahydrate BP/EP Risedronate Sodium Hemipentahydrate/Monohydrate USP Sodium Alendronate USP/BP/EP Zoledronic Acid IP	Anti Osteoporosis
Fluconazole USP/BP/EP/IP Itraconazole USP/BP/EP Powder/Pellets Ketoconazole USP/BP/EP/IP	Anti Fungal
Cetirizine Hydrochloride/Dihydrochloride USP/BP/EP Levocetirizine Hydrochloride IP Loratadine USP/BP/EP	Anti Histamine
Esomeprazole Magnesium USP/EP/IP Powder/Pellets Lansoprazole USP/BP/EP/IP Powder/Pellets Omeprazole USP/BP/EP/IP Powder/Pellets	Gastrointestinal
Sildenafil Citrate USP/EP/IP Tadalafil USP/EP Vardenafil Hydrochloride Trihydrate EP Avanafil Dapoxetine Hydrochloride	Erectile Dysfunction
Beclomethasone Dipropionate USP/BP/EP/IP Budesonide USP/BP/EP/IP Fluticasone Propionate USP/BP/EP/IP Fluticasone Furoate Formoterol Fumarate Dihydrate USP/BP/EP/IP Ipratropium Bromide USP/BP/EP/IP Levosalbutamol Sulphate IP Salbutamol Sulphate BP/EP/IP Salmeterol Xinafoate USP/BP/EP/IP Tiotropium Bromide Monohydrate BP/EP/IP	Anti Asthmatic / Anti Inflammatory
Glibenclamide BP/EP/IP Glimepiride USP	Anti Diabetic
Molnupiravir	Anti Viral

Pharmaceutical Formulations:

Ultradent's Finished dosage forms are manufactured under stringent quality control at WHO-GMP and PIC/S approved locations in India. We provide a comprehensive range of Finished Dosage Forms in conventional as well as in advanced dosage forms for Pulmonary route drug delivery Dry powder Inhalers, Pressurised Metered Dose Inhalers and Nebulization solutions. Our constant goal is to optimize drug development, in order to produce complex generic and speciality drugs that are more accessible to patients.

LIST OF FINISHED DOSAGE FORMS**Cough & Cold Preparations, Antiasthmatics, MDIs, DPIs and Nasal Sprays**

Sr.	Generic Name	Brand Name	Strength	Dosage Form	Therapeutic classification
1	Ambroxol HCl, Terbutaline Sulphate, Guaifenesin, Menthol	BOXTER- ULTRA	15mg + 1.25mg + 50mg + 1 mg;	Syrup	Expectorant, Bronchodilator
2	Amylmetacresol, 2.4 dichlorobenzyl alcohol, Lignocaine & Ethanol 96%	ULTRASEPT	0.29 % w/v+ 0.58%w/v + 0.78% w/v + 50 % v/v	Throat spray	Antiseptic, Anesthetic,Sore throat reliever
3	Azelastine & Budesonide	AZEBUDE-50	140 mcg+50 mcg x 12 ml	Nasal Spray	Antihistamine
4	Azelastine & Fluticasone Propionate	AZFLU-50	140 mcg + 50 mcg x 12 ml	Nasal Spray	Antihistamine
5	Beclomethasone Dipropionate Inhalation	ULTRABEC INHALER ULTRABEC HALECAPS ULTRABEC-50	50 mcg x 200 MD 100 mcg x 200 MD 200 mcg x 200 MD 250 mcg x 200 MD 100/200/400 mcg x 30 doses 50 mcg	Metered dose Inhaler Dry Powder Inhaler Nasal Spray	Corticosteroid Bronchodilator & Antiasthmatic
6	Budesonide Inhalation	BUDEGUST INHALER BUDEGUST HALECAPS BUDEGUST-50/64	100 mcg X 200 MD 200 mcg X 200 MD 400 mcg X 200 MD 100/200/400 mcg x 30 doses 50 mcg/ 64 mcg	Metered dose Inhaler Dry Powder Inhaler Nasal Spray	Corticosteroid Bronchodilator & Antiasthmatic
7	Cetirizine Dihydrochloride	ZIN-ULTRA	10 mg	Tablet	Antihistamine
8	Chlorpheniramine Maleate	ULTRAMINE	4 mg, 8 mg	Tablet	Antihistamine
