

For 35 years, **making innovation accessible** for health

It All Started 35 Years Ago

The AC HELCOR Pharmaceutical Company is founded

First in Romania to produce film-coated tablets and blister-pack medicines.

One of the first factories in Romania to receive GMP certification

We expand into the European pharmaceutical market and other foreign markets

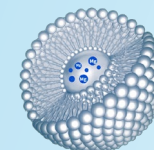

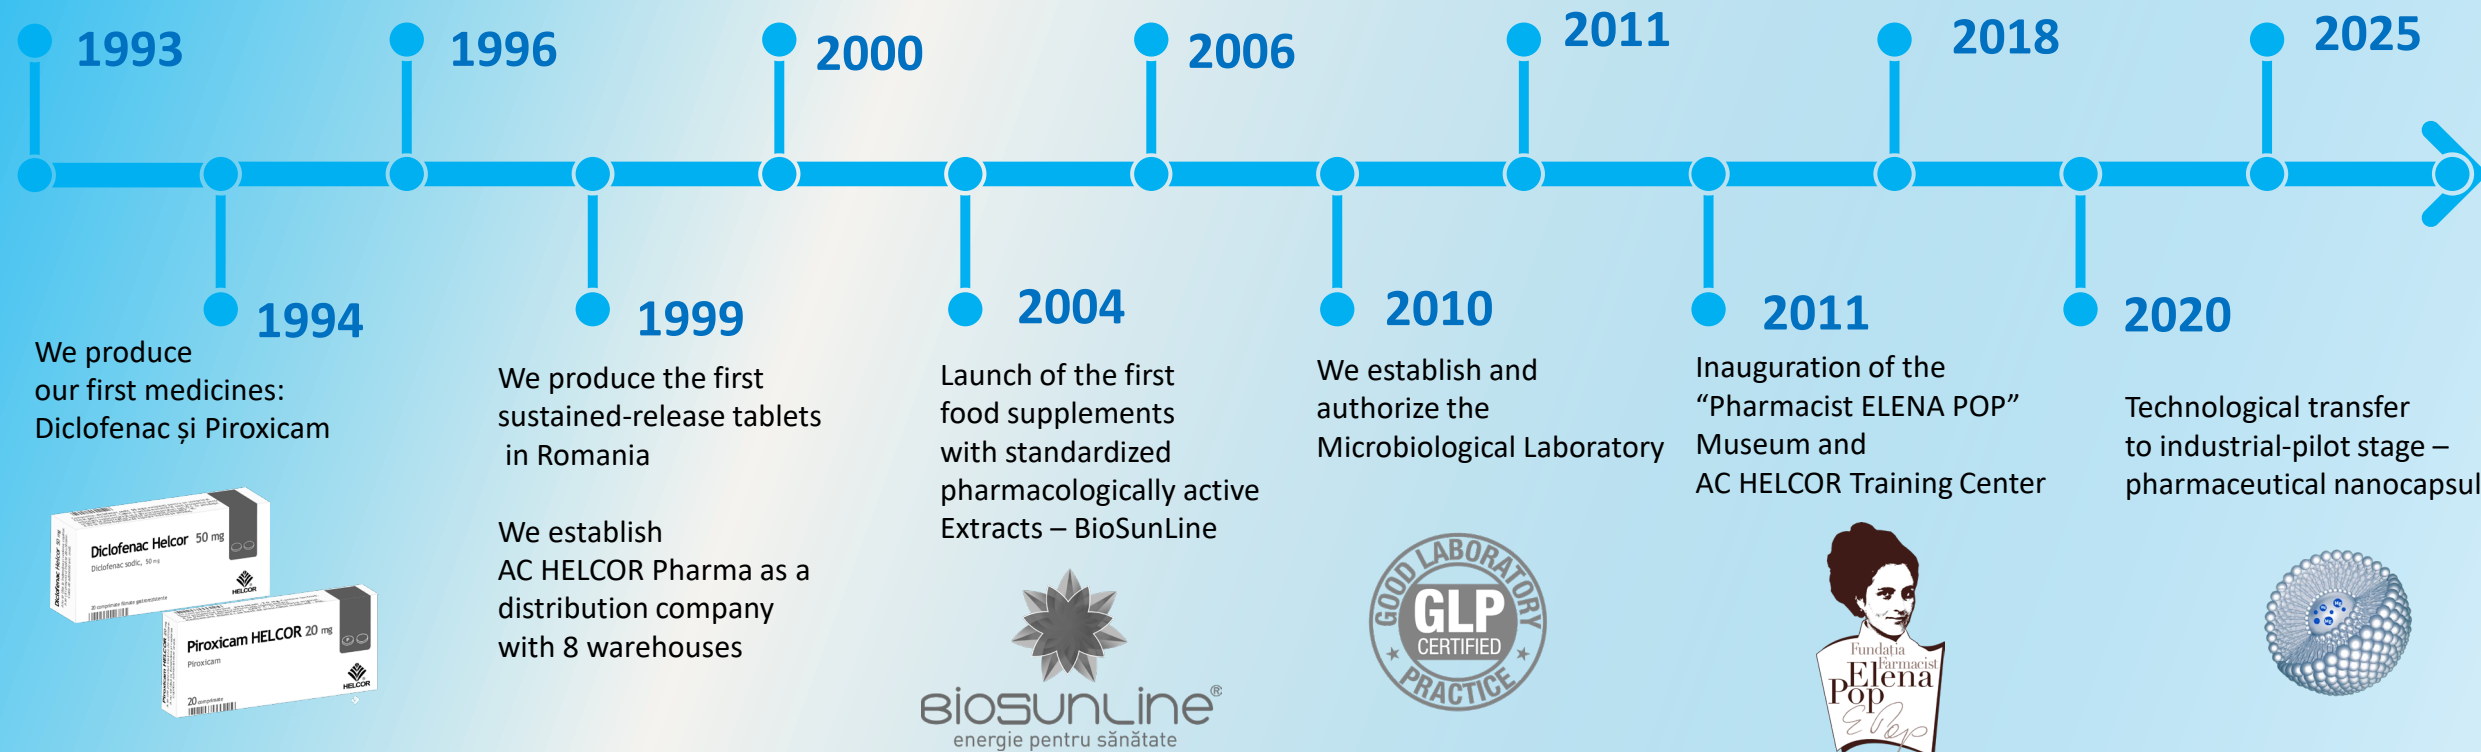

We expand operations with the new AC HELCOR central warehouse

We modernize production and labs with high-performance equipment

We celebrated 35 years dedicated to innovation and making healthcare accessible

We focus our strategy on **transformational pharmaceutical research and development:**

20

research projects
in partnership with major
academic institutions

3

European research projects
in innovative pharmaceutical forms
and nanotechnology

We manufacture generic medicines,
vitamins, and food supplements to
pharmaceutical standards

We achieved for the first time in Romania:

First in Romania to package
medicines in blister packs

20 generic molecules

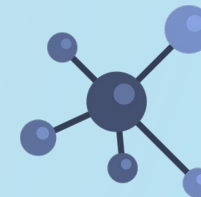

developed, including: naproxen,
sulfasalazine, atenolol, ticlopidine,
metoprolol, carvedilol, loratadine

Sustained-release tablets.
First film-coated tablets.

Among the first GMP-
accredited factories in Romania –
over 20 years

Food supplements with
standardized extracts of natural
bioactive compounds: resveratrol,
Camellia sinensis, *Ginkgo Biloba*,
Passiflora incarnata,
Hordeum vulgare, *Cordyceps sinensis*

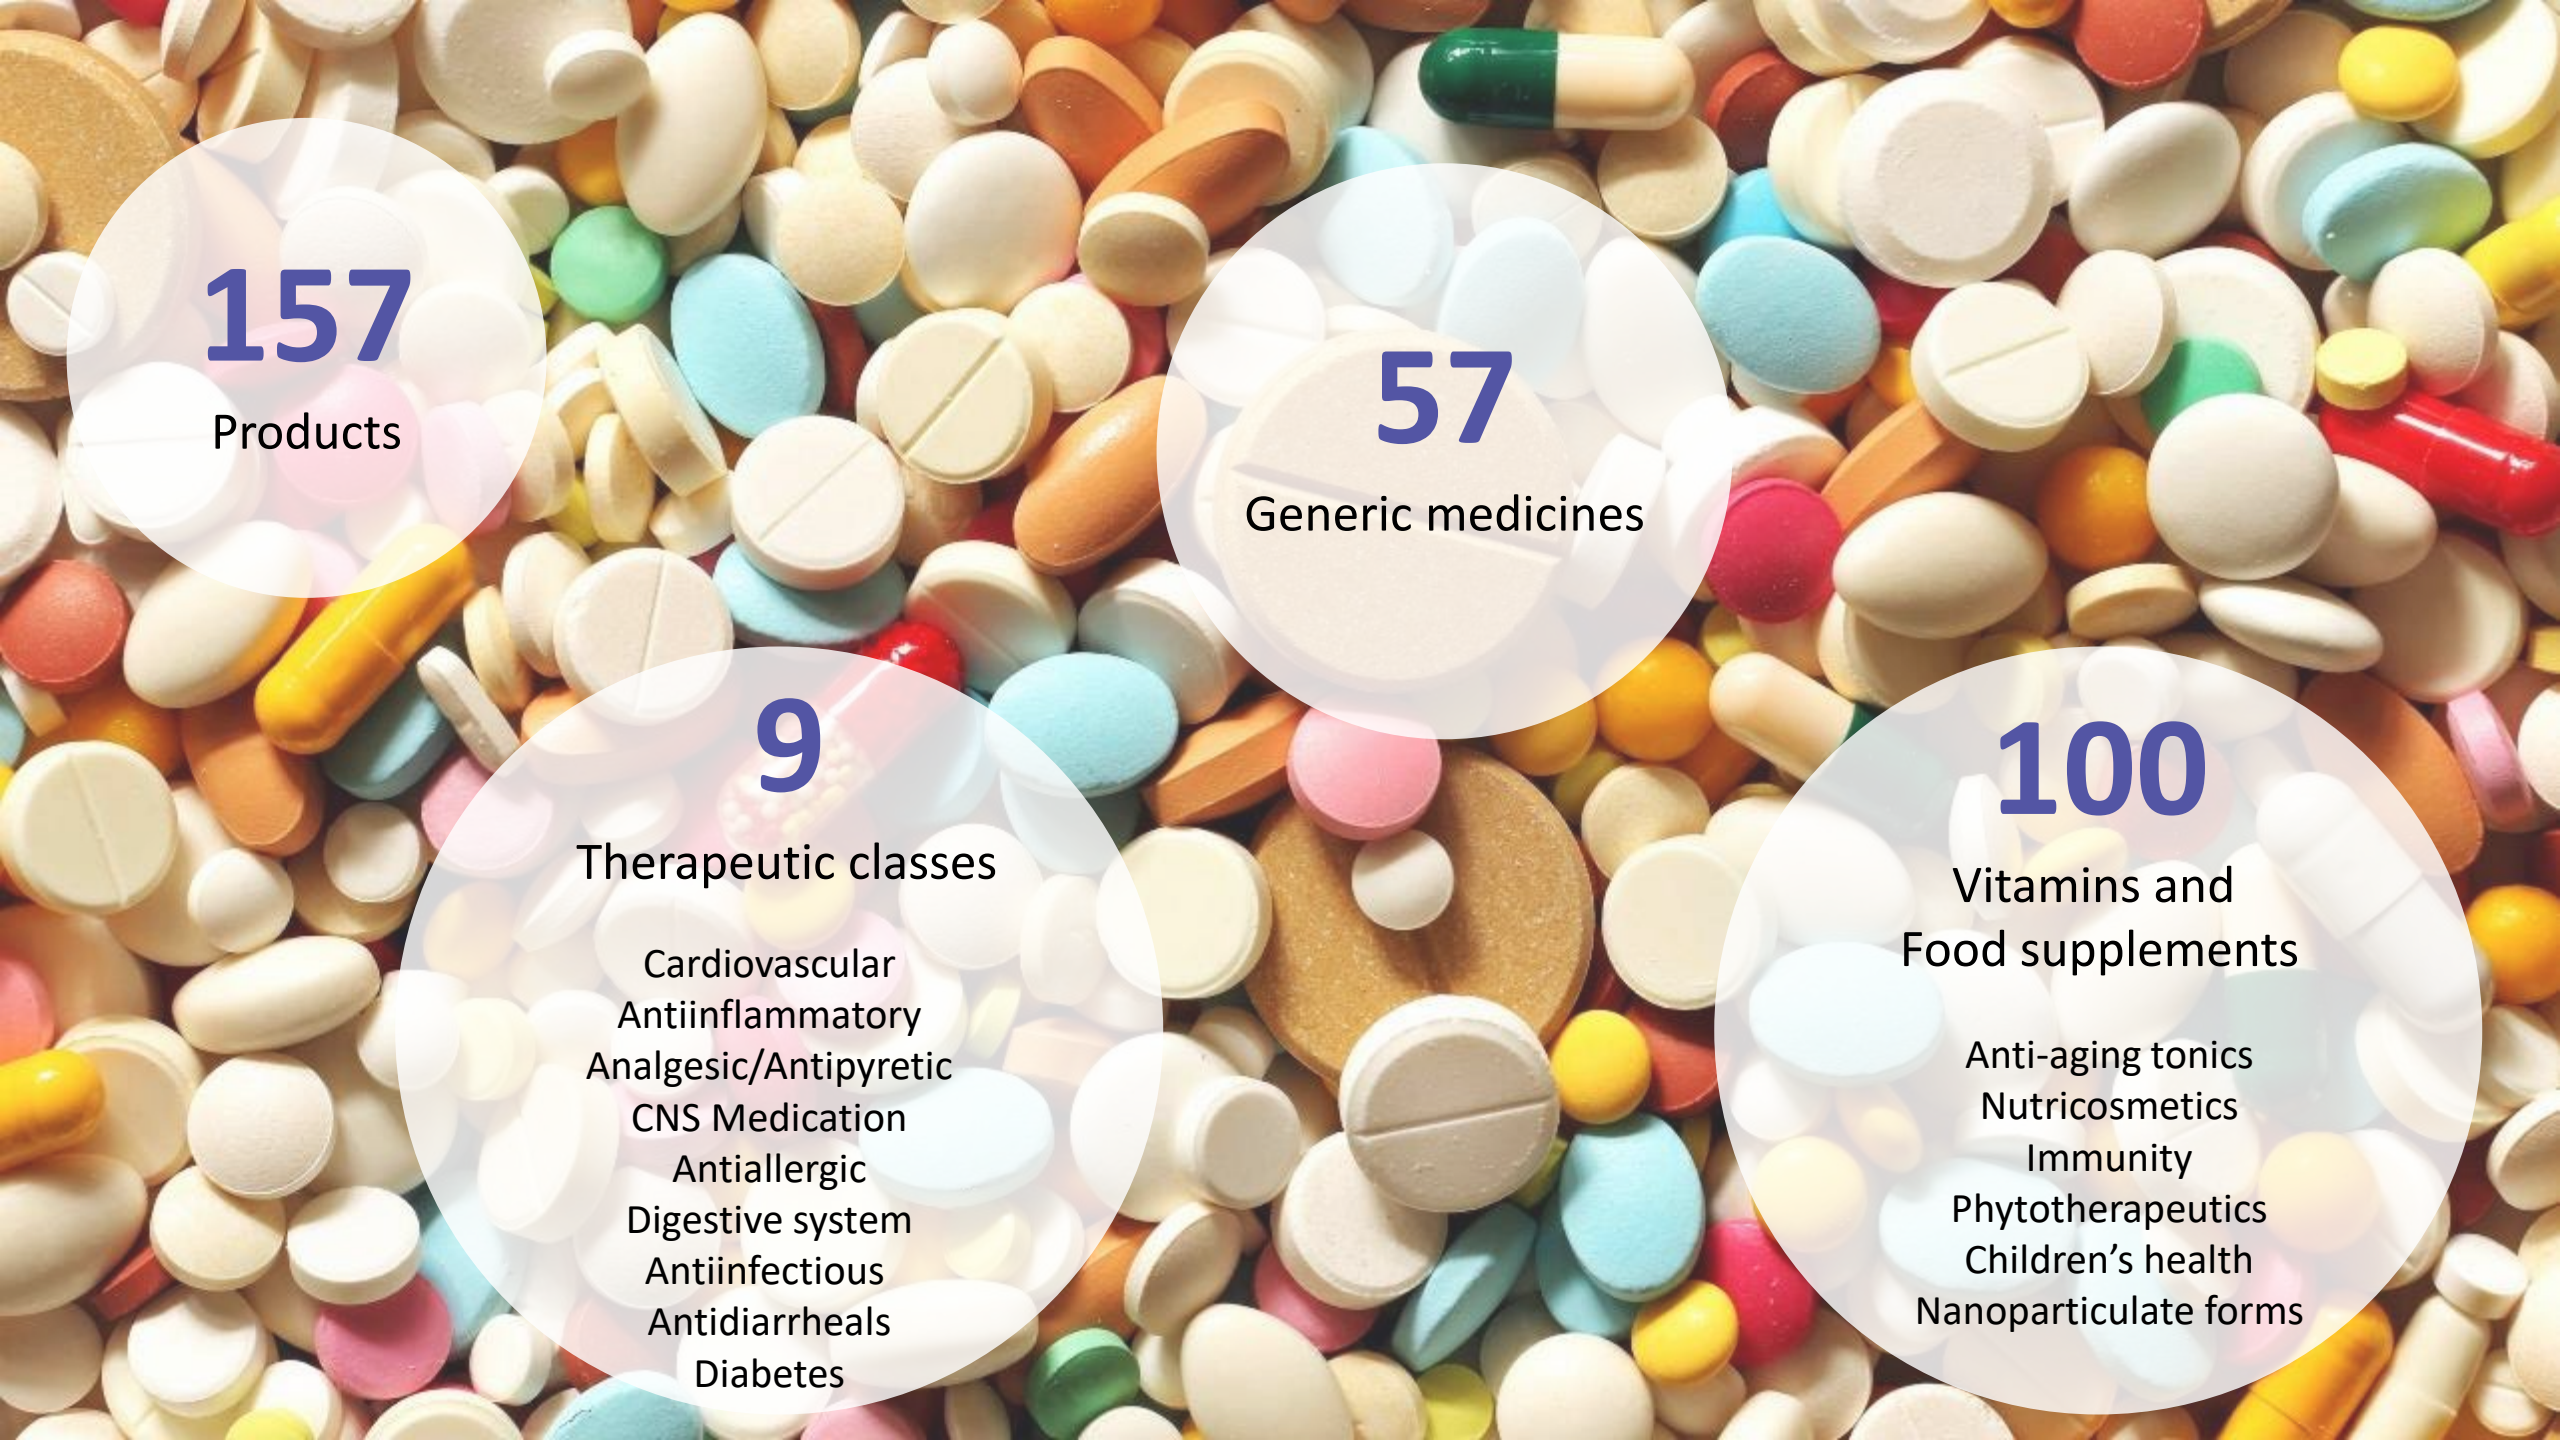

First in Romania to
develop **nanoparticulate**
pharmaceutical forms –
pilot scale:
liposomal forms

We manufacture:

- **Prescription (Rx) and OTC medicines** – premium quality, EU standards
- **Vitamins and food supplements** – pure ingredients, standardized to pharmacologically active principles
