

ADIYA
Global Mfg

PACKAGING SOLUTIONS

INTRODUCTION

ADIYA Global Mfg is a full-service packaging solutions provider with a 22,000 sq. ft. manufacturing facility in Colmar, PA. We specialize in delivering high-quality packaging solutions for a wide range of industries, including pharmaceuticals, nutraceuticals, food products, fertilizers, and more. Our focus is on precision, reliability, and meeting diverse client needs through customized solutions.

COMPANY OVERVIEW

ADIYA has built a strong legacy in pharmaceutical packaging by delivering innovative and reliable solutions for the healthcare industry. Founded with the vision of enhancing patient care through effective packaging and communication, we specialize in package inserts, outserts, labels, cartons, and other printed pharmaceutical materials. Today, ADIYA continues to bridge innovation, quality, and safety through advanced packaging solutions trusted worldwide.

MISSION & VISION

To be a trusted packaging partner delivering dependable, compliant, and high-performance packaging solutions for the pharmaceutical, nutraceutical, food, and industrial sectors through quality, consistency, innovation, and advanced technologies, including automation, AI, and robotics.
