HA Regenerating Cream ◆

HA Serum ◆

Our extensive experience in the industry has enabled us to develop high-level expertise in formulating Class II and Class III medical devices, always adhering to the strictest standards of quality and safety. We specialize in the production of dermal fillers, biorevitalizing fillers, and chemical peels, adopting an approach that combines innovation, effectiveness, and a strong focus on patient well-being.

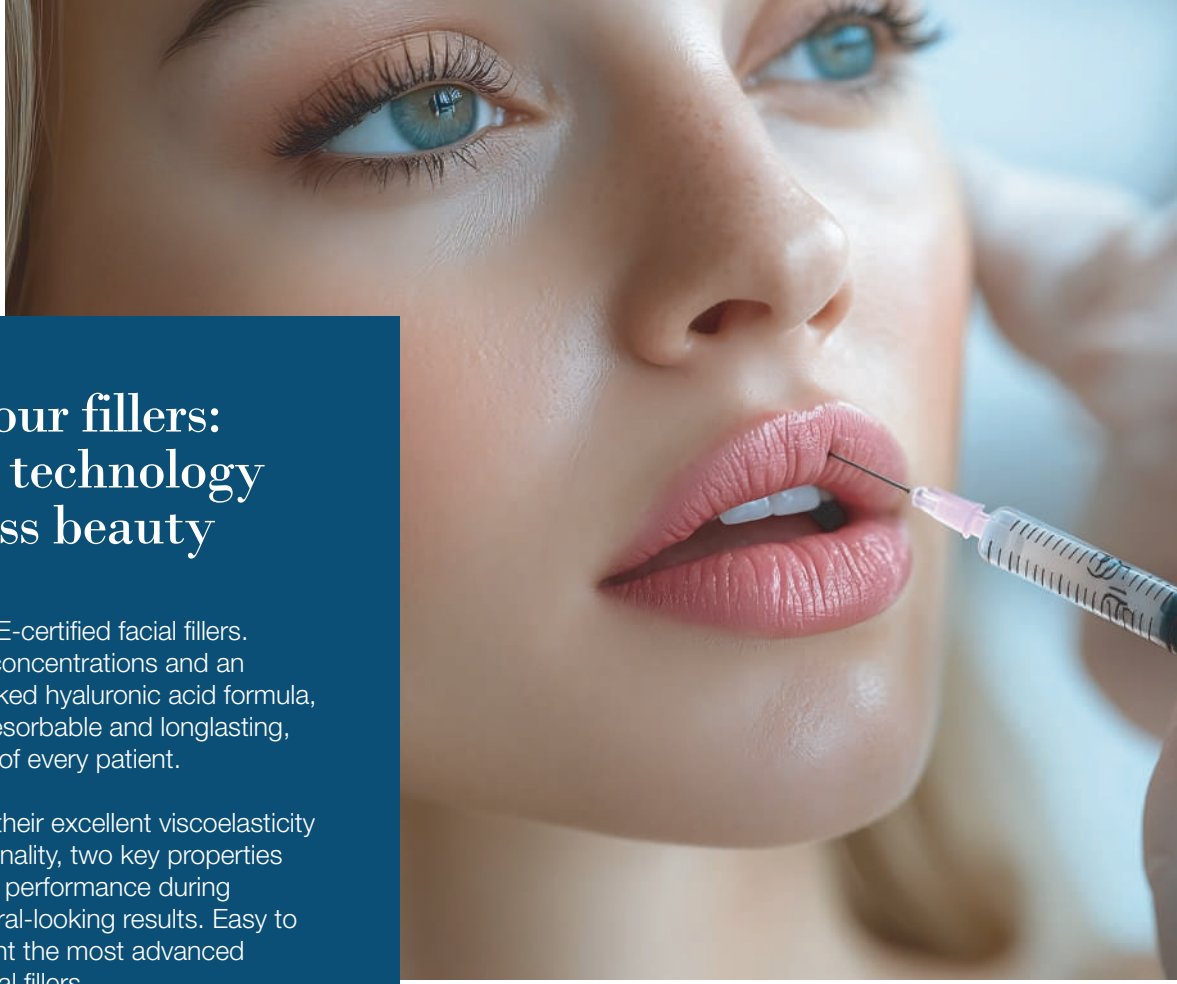

Our philosophy is based on transparency, continuous research, and the development of tailored solutions for aesthetic medicine professionals, ensuring optimal and long-lasting results.

Discover our fillers: advanced technology for timeless beauty

We offer a line of CE-certified facial fillers. Thanks to various concentrations and an innovative cross-linked hyaluronic acid formula, our fillers are fully resorbable and longlasting, meeting the needs of every patient.

They stand out for their excellent viscoelasticity and three-dimensionality, two key properties that ensure optimal performance during treatment and natural-looking results. Easy to apply, they represent the most advanced technology in dermal fillers.

Filler Strong

1ml prefilled syringe

Benefits

- ◆ High concentration of cross-linked hyaluronic acid.
- ◆ Long-lasting effect.
- ◆ Treatment for deep wrinkles and volume loss in critical areas.

Suitable for

Correction of deep facial wrinkles and folds. Ideal for nasolabial folds, marionette lines, temples, facial contour remodeling, lips.

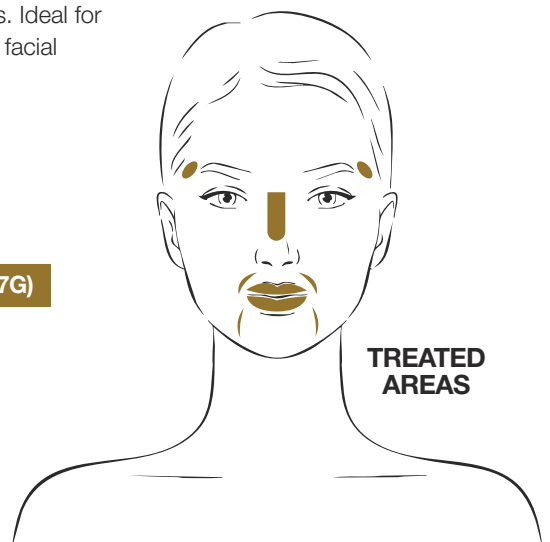

Actives

Cross-Linked Hyaluronic Acid.

24mg/ml HA-CL 1 ml/pfs (Needle x 2 27G)

FT.CE.174

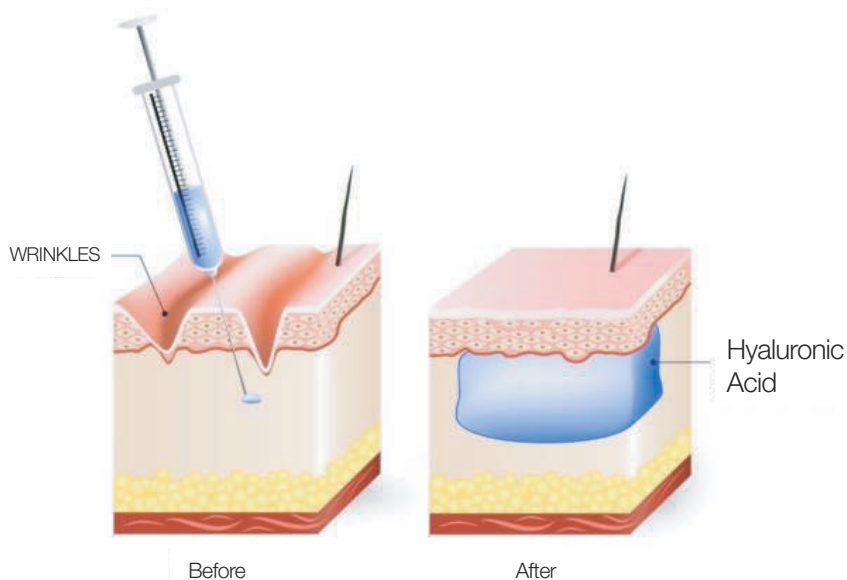

Our Cross-Linked Hyaluronic Acid

Greater Resistance to Degradation

Our cross-linked HA is more resistant to the action of hyaluronidases compared to linear HA, extending its permanence in tissues. This results in slower absorption.

Long-Lasting Effect

Our cross-linked HA remains in the dermis for longer (from 6 to 12 months), ensuring a prolonged effect on wrinkles and facial volume.

Improved Stability and Safety

Thanks to advanced purification, cross-linked HA is less prone to allergic reactions or rejection. More stable and safer.

High Hydration Capacity

Our HA binds large amounts of water, improving skin elasticity and firmness.

Filler Medium

1ml prefilled syringe

FT.CE.175

Benefits

- ◆ High concentration of cross-linked hyaluronic acid.
- ◆ Long-lasting effect.
- ◆ Treatment for deep wrinkles and volume loss in critical areas.

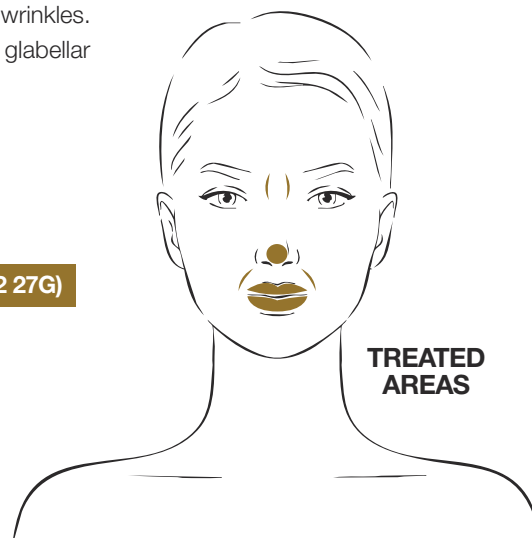

Suitable for

Correction of medium-superficial facial wrinkles. Ideal for nasolabial wrinkles, nose, lips, glabellar wrinkles.

Actives

Cross-Linked Hyaluronic Acid.

21mg/ml HA-CL 1 ml/pfs (Needle x 2 27G)

TREATED AREAS

Advanced Skin Booster for Hydration and Firmness

Our dermal biorevitalizer is a skin booster specifically formulated for high-mobility facial areas, such as the perioral and periorcular zones. The presence of low-crosslinking hyaluronic acid allows prolonged effects over time.

Filler Biorevitalizing

3ml prefilled syringe

FT.CE.176

Benefits

- ◆ Deep hydration.
- ◆ Antioxidant action.
- ◆ Natural plumping effect.
- ◆ Prevents aging and restores elasticity.

Suitable for

Photoaging and premature skin aging. Dry skin. Damage from smoking and pollution. Sensitive and stressed skin. Loss of firmness and skin density.

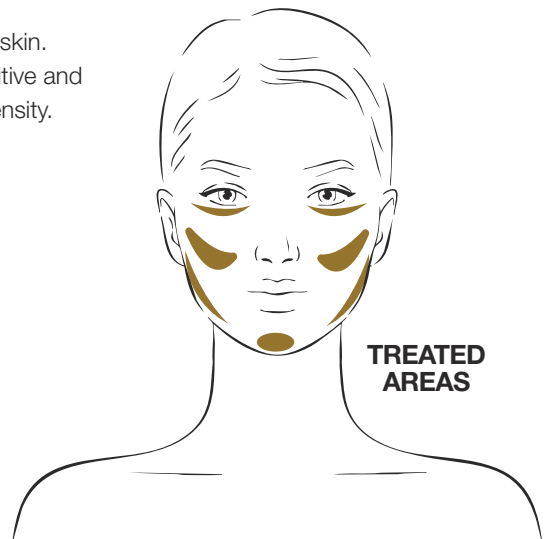

Actives

Cross-Linked Hyaluronic Acid.

20mg/ml HA 3ml/pfs (Needle x2 30G)

NEW
with 3 ml
you can also treat hands and neck

TREATED AREAS

Peeling - TCA 12%

5ml

FT.CE.177

Benefits

- ◆ Enhances skin radiance.
- ◆ Smooths skin irregularities.
- ◆ Repairs and protects against UV damage.
- ◆ Improves deep hydration.

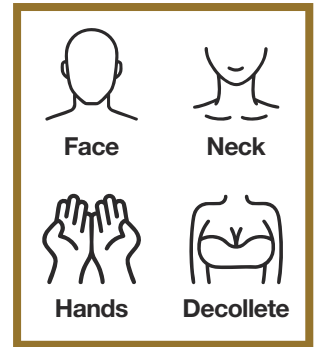

Suitable for

Mild acne and post-acne. Skin discoloration. Sunspots, Dull and uneven skin tone. Superficial wrinkles and signs of aging. Mild actinic keratosis. Post-inflammatory hyperpigmentation and mild melasma.

Actives

Mandelic Acid, Trichloroacetic Acid, Kojic Acid.

TREATED AREAS

Rejuvenate your skin with a needle-free treatment: TCA 12% peeling

Trichloroacetic Acid (TCA) 12%

is a carboxylic acid that is effective in treating skin discoloration, acne lesions, and superficial keratosis. It is ideal for counteracting the first signs of aging and improving skin tone, radiance, and smoothness.

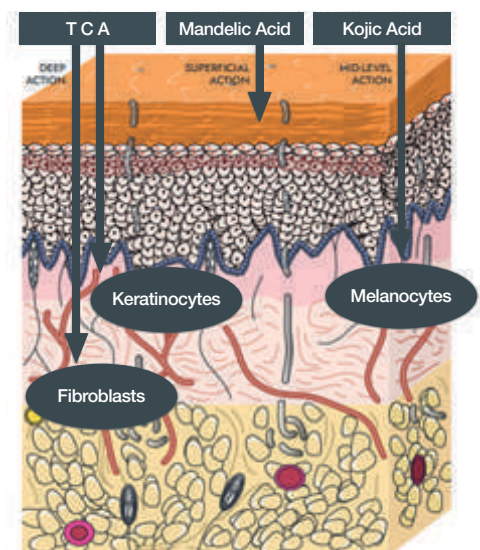

Mandelic Acid 5%

is an alpha-hydroxy acid ideal for treating superficial wrinkles and asphyxiated skin. Thanks to its antibacterial properties, it combats acne by reducing Propionibacterium acne and prevents new breakouts. It also has a depigmenting action, effective against photoaging-induced spots.

Kojic Acid 5%

is an alpha-hydroxy acid with a powerful whitening and depigmenting effect. By inhibiting melanogenesis, it is ideal for treating melasma, chloasma, senile and sun-induced lentigines and reducing dark circles.

ACTIVE INGREDIENTS

Soothe, Detox and Revitalize: The Secret to Flawless Post-Treatment Recovery

After an aesthetic treatment, the skin may experience redness, swelling, and sensitivity. Our emulgel formula is designed to soothe instantly, promote drainage, and accelerate skin recovery, enhancing the treatment's results. Immediate relief, a calmer and smoother complexion – the essential post-treatment step to minimize redness and discomfort, leaving the skin soothed, protected, and visibly more even.

Anti-Redness Emulgel

50ml

FT.CO.280

Benefits

- ◆ Immediate anti-redness and soothing action.
- ◆ Reduction of post-injection swelling.
- ◆ Repairing and protecting the skin barrier.
- ◆ Boosted elasticity and radiance.

Suitable for

Post-treatment erythema (Fillers, Laser, Microneedling, Chemical Peels). Post-injection swelling. Skin irritation and inflammation.

Ingredients

Bisabolol, Tazman Pepper, Neutrazen, Arnica, Euphrasia, Caffeine, Escin, Rusco, Allantoin, Bromelain, Vitamin E, Methyl-Sulfonyl Methane, Escin, Lactoferrin, Phytic Acid.

FAST
RELIEF

ULTRA-SOOTHING
ACTION

Regenerate Your Skin While You Sleep

During the night, the skin regenerates more intensely: Sleep & Peel gently exfoliates, hydrates, and restructures for a smooth, radiant complexion upon waking.

The advanced formula combines Lactobionic Acid, Malic Acid, and Lactic Acid, three next-generation exfoliants that promote cell renewal without irritation, leaving the skin soft and refined. Salicylic Acid purifies pores and refines skin texture.

Enriched with Sytenol A (Bakuchiol), Bisabolol, and Allantoin, it enhances skin texture and radiance while helping to reduce discoloration and signs of fatigue.

Sleep & Peel Cream

50ml

FT.CO.297

Benefits

- ◆ Nighttime Cellular Renewal.
- ◆ Anti-Aging & Regenerating Action.
- ◆ Brightening & Even Skin Tone Effect.
- ◆ Minimizes Enlarged Pores and Imperfections.

Suitable for

Dull and lackluster skin. Skin discoloration and dark spots (hyperpigmentation, sunspots, and postinflammatory marks).

Ingredients

Lactobionic acid, Malic acid, Lactic acid, Glucono Delta-lactone, Salicylic acid, Allantoin, Sytenol A, Lime Pearl, Triopherol, Bisabolol, Viapure Licorice White.

EXFOLIATING ACTION

BRIGHTNESS ACTION

DEEP HYDRATION

AGAINST SIGN OF AGE

Renew, Soothe, Illuminate: The Luxurious Touch After Peeling

An exclusive treatment designed to restore and rebalance the skin after peeling. Hyaluronic Acid, Exo-H, and Hydrosella provide deep hydration, while Shea Butter, Argan Oil, and Jojoba Oil intensely nourish the skin. Ceramide 3 and IBR-Urbiotect strengthen the skin barrier, while Niacinamide and Vitamin E promote cellular renewal and radiance. Skinectura and Bromelain enhance elasticity and firmness, leaving the skin soft and glowing. After the treatment, indulge in the luxury of personalized care.

HA Regenerating Cream

30ml

Benefits

- ◆ Long-lasting deep hydration.
- ◆ Strengthens the skin barrier.
- ◆ Nourishing and repairing action.
- ◆ Soothing and regenerating effect.
- ◆ Improved skin elasticity and radiance.

Suitable for

Post-aesthetic treatment recovery (e.g., fractional laser, ablative radiofrequency, PRP, microinfusions). Contact irritant dermatitis. Post-procedure erythema (laser, chemical peels, microneedling, dermabrasion). Fragile and thin skin due to treatments.

Ingredients

Hyaluronic Acid, Exo-H, Hydrosella, Shea Butter, Cocoa Butter, Argan Oil, Jojoba Oil, Ceramide 3, IBR-Urbiotect, Niacinamide, Vitamin E, Corneopeptyl, Skinectura, Bromelain.

FT.CO.281

HA Serum: A Surge of Deep Hydration

After a filler treatment, the skin needs intensive hydration and regeneration to maximize and prolong the results. This serum, formulated with multi-molecular Hyaluronic Acid, Glycotensyl, and BiPure, penetrates deeply, providing a plumping, smoothing, and soothing effect. It reduces dryness and tightness, improving elasticity and radiance. Perfect for enhancing filler efficacy and keeping the skin soft, firm, and glowing for longer.

HA Serum

30ml

FT.CO.283

Benefits

- ◆ Multi-level intense hydration.
- ◆ Soothing and regenerating effect.
- ◆ Immediate lifting and tightening action.
- ◆ Anti-aging restructuring.

HYDRATION

FIRMNESS

WRINKLE
REDUCTION

Suitable for

Dehydrated skin. Post-aesthetic treatment recovery (fillers, microneedling, laser, chemical peels, radiofrequency). Loss of elasticity and firmness. Stress and red skin. Fine lines and premature aging signs. Skin with volume and tone loss. Compromised skin barrier.

Ingredients

Multi-molecular Hyaluronic Acid, Hyacare 50, Xilogel HS, D-Panthenol, Nicotinamide, Glycotensyl, BiPure.

Capri is a corner of paradise where time slows down, between the sea's deep blue and the scent of lemons in the sunlit alleys.

It is the freedom of getting lost among sun-kissed streets caressed by the Mediterranean breeze, the lightness of a perfect moment, and the authentic beauty that arises from simplicity. An island that enchants and seduces, where every instant becomes a precious memory of light and well-being.

The Freshness of Beauty, the Scent of Carefreeness

The Capri collection by Armonita Skincare captures this essence, transforming it into a line of fresh and luminous treatments. Lightweight textures, citrus scents, and ingredients inspired by Mediterranean nature give the skin a radiant and natural look as if kissed by the sun. A sensorial beauty ritual that invites you to live carefree, rediscovering the pleasure of simplicity. A breath of sunshine, Mediterranean freshness, boundless beauty. Be Capri.

Mediterranean Cleansing Wash

200ml

Cleansing wash with multi-active extract from grape, apple, lemon, and bran to exfoliate, protect, and illuminate.

Benefits

- ◆ Ultra-gentle and effective cleansing.
- ◆ Hydration and protection.
- ◆ Removes impurities and sebum for all skin types.
- ◆ Skin renewal and radiance.
- ◆ Formula with delicate surfactants.

Suitable for

Sensitive and dehydrated skin. Dull and uneven skin. Exposure to pollution and impurities.

Ingredients

Regenine, Lactic Acid, Anhydrous Betaine, Polyquaternium-7, Lactil.

Benefits

- ◆ Anti-spot and anti-wrinkle action in a single treatment.
- ◆ Prolonged brightening and antioxidant effect.
- ◆ Cellular renewal and anti-aging action.
- ◆ Prevents discoloration and hyperpigmentation.
- ◆ Nourishment and elasticity.

Suitable for

Skin with dark spots and discoloration. Dull and lackluster skin. Signs of aging. Skin exposed to oxidative stress and pollution. Loss of tone and elasticity.

Ingredients

Stabilized Vitamin C (VC-IPVS), Coenzyme Q10, Bakuchiol (Sytenol A), Argan Oil, Carrot Oil, Synovea EL.

The first step toward youthful and radiant skin

The Capri Line is designed for men and women who want to take care of their skin with a natural, effective, and sensorial approach.

Inspired by the authentic beauty of the Mediterranean, this collection is formulated to hydrate, brighten, and protect, addressing the skin's early anti-aging needs.

What makes this line unique is the use of clinically tested actives, ensuring the perfect balance between science and nature to transform the skin.

Each application becomes a beauty ritual, awakening radiance and energy, delivering a unique sensorial experience and extraordinary results.

Tatami Cleansing Balm ◆

Lifting Face Mask ◆

Exfoliating Face Mask ◆

Tatami Serum ◆

Tatami Eye Elixir ◆

Tatami Silk Cream ◆

Some places exist beyond time, where the weight of the world dissolves, and the soul regains its lightness. This line was created to transport you into that rarefied dimension, where beauty is not a static ideal but a delicate balance between simplicity and depth, between innovation and tradition. Inspired by the concept of shibui, where elegance lies in the most subtle nuances, this line embodies an authentic and timeless beauty: imperfect yet harmonious, essential, and refined.

The essence of Japanese beauty: between poetry and harmony

Each formula is the result of a meeting between the most advanced cosmetic research and Japanese wisdom, designed to accompany the skin at every stage of life with respect and gentleness. A beauty ritual that becomes a moment of suspension, an act of care that goes beyond the skin, regenerating both mind and spirit. A daily caress that embraces and reconnects you with yourself, in the intimacy of an ancient yet deeply modern gesture.

Tatami Cleansing Balm

100ml

FT.CO.291

Benefits

- ◆ Effectively removes all makeup (long-lasting and waterproof).
- ◆ Preserves the skin's hydrolipidic film.
- ◆ Ultra-gentle oil-based formula for soft-to-the-touch skin.
- ◆ Antioxidant action.
- ◆ Soothing and balancing effect.

Suitable for

Deep makeup removal. Skin impurities such as sebum, makeup, and pollution. Clogged pores. Dryness. Dull and tired-looking skin.

Ingredients

Rice Bran Oil, Sesame Oil, Soy Oil, Virgin Prunus Oil, **Triopherol®**, Artemisia Extract.

Lifting Face Mask

50ml

FT.CO.296

Benefits

- ◆ Immediate lifting effect.
- ◆ Anti-aging action.
- ◆ Botox-like effect.
- ◆ Deep hydration and plumping effect.
- ◆ Protects the skin barrier.
- ◆ Ideal for mature and tired-looking skin.

Suitable for

Mature skin. Dehydrated and dull skin. Expression wrinkles. Loss of skin firmness. Stressed skin or exposed to pollution. Pre-makeup or pre-event treatment. Preventive anti-aging treatment.

Ingredients

Vegetable Glycerin, Glycotensyl, Progerline, Argireline, Sodium Hyaluronate 1%.

Exfoliating Face Mask

50ml

FT.CO.295

Benefits

- ◆ Gentle exfoliation.
- ◆ Minimizes pores.
- ◆ Hydrating and soothing.
- ◆ Regenerating and anti-blemish.
- ◆ Stimulates cell turnover for smoother, softer skin.
- ◆ Optimizes the absorption of serums and creams.

Suitable for

Combination or oily skin. Sensitive skin. Dull skin with discoloration. Skin with enlarged pores and imperfections.

Ingredients

Snail Mucin, Triethyl Citrate, Neoporyl, Zinc PCA, Vitamin PP (Niacinamide), Copper Gluconate, Vegetable Glycerin.

Tatami Serum

30ml

The energy of Beetroot and Ginkgo Biloba makes the skin toned and revitalized, while the synergy of Peony and 4-Butylresorcinol evens out the complexion, significantly reducing dark spots.

Benefits

- ◆ Reduces wrinkles.
- ◆ Deep hydration and plumping effect.
- ◆ Improves skin tone and elasticity.
- ◆ Its lightweight texture penetrates deeply, enveloping the skin in a veil of softness.
- ◆ Suitable for normal to dry skin, including the most delicate and sensitive.

Suitable for

Dehydrated and dull skin. Wrinkles and loss of elasticity. Exposure to pollution and free radicals. Redness, irritation, and dehydration. Fatigued and uneven complexion.

Ingredients

Hyaluronic Acid, Progeline, Sytenol A, Actiphyte™ Japonica Honeysuckle, Akoactive Dragon, Akowell Energy, Triopherol®.

FT.CO.292
