Enabling global access to high-impact therapies in Bulgaria

BB Pharm is a specialized local partner for rare and orphan therapies - enabling international manufacturers to reach patients in Bulgaria through a fully independent and compliant access model.

Who We Are

BB Pharm Ltd. is a licensed pharmaceutical wholesaler based in Bulgaria, operating under GDP and ISO 9001:2015 certification.

Authorized by the Bulgarian Drug Agency (BG/WDA/MP-0170), we specialize in sourcing and delivering rare, high-value therapies for patients with unmet medical needs.

Global Partnerships

We collaborate with trusted manufacturers and suppliers across Europe, North America, and Asia. Our global sourcing network enables us to bring rare and high-impact therapies to Bulgaria that would otherwise remain inaccessible to local patients.

Key Activities

BB Pharm delivers a full spectrum of services supporting access to rare and orphan medicines in Bulgaria:

- Direct sourcing and representation of innovative manufacturers
- Regulatory coordination with Bulgarian and EU health authorities
- Distribution and access support for high-cost orphan therapies
- Full-cycle logistics, customs, and pharmacovigilance management

Strategic Focus

BB Pharm drives access to rare and orphan therapies in Bulgaria with speed, precision, and full regulatory control.

Our core areas:

Neurology | Rare Pediatrics | Genetic Disorders | High-impact Orphans

We deliver tailor-made access and compliance strategies, backed by direct clinical networks, validated logistics, and hands-on experience with early-stage launches.

We are fully committed to expanding access to innovative rare-disease therapies in Bulgaria.

Why Partner with BB Pharm?

We offer regulatory agility, clinical access, and full operational execution – all managed in-house.

Fully licensed and GDP-certified, BB Pharm independently leads the entire access journey - from import and storage to regulatory, reimbursement, and early clinical rollout.

Our proven track record includes delivering rare-disease therapies to the Bulgarian market, including Ztalmy.

Our Core Values

Responsibility | Purity | Honesty | Legality | Compassion

These principles guide every aspect of our work - from regulatory conduct to patient care.
