# Bio-Immune® - A supramolecular inclusion complex of Natural Bioactive – Andrographolide (AG), high performing natural ingredient for Respiratory Health and Immunity.

## Clinically Proven :

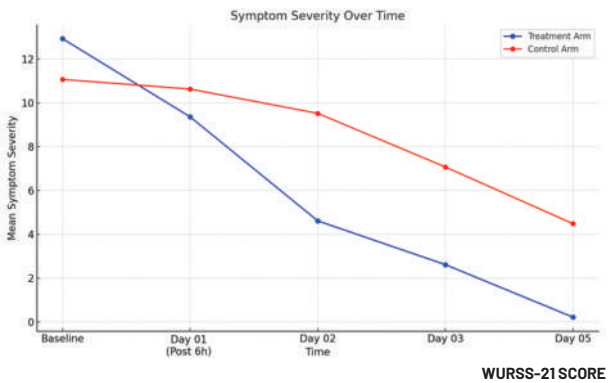

A Randomized, Double-blind, Placebo-controlled study in humans was conducted to assess the safety and efficacy of Bio-immune® in managing clinical symptoms associated with uncomplicated upper respiratory tract infections (URTI)

- Clinical findings strongly support the efficacy of Bio-Immune® supplementation provides symptom relief & overall health improvement.

Improvement in URTI symptoms severity and functional impairment Bio Immune® Vs Placebo

Changes in symptom severity over time in Bio Immune® Vs Placebo

The WURSS-21, a validated instrument for measuring the impact of upper respiratory infections, shows that Bio-Immune® significantly and rapidly improves both the severity of symptoms like sore throat, nasal congestion, and reduces functional limitations such as difficulty sleeping or concentrating, leading to a faster return to daily activities compared to placebo, with noticeable **relief as early as 6 hours**.

**The Bio-Immune® group demonstrated consistently greater improvements than the placebo group across all three assessment tools—WURSS-21, VAS, and NRS, in terms of both the rate and extent of improvement.**

## Efficacy Proven in Improving the following Health Conditions:

- Sore throat, Cough, Expectoration
- Runny nose, Nasal discharge
