

Accelerating Biotech Breakthroughs

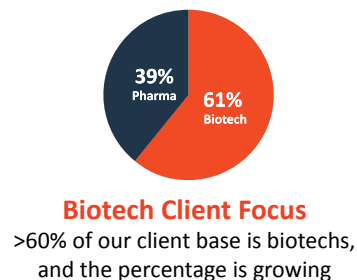

At Piramal Pharma Solutions, we empower biotech companies to bring novel therapies to patients in need, faster. As a leading global CDMO, we provide integrated services across drug discovery, drug substance and drug product development, clinical trial supply, and commercial manufacturing. We also offer specialized capabilities for highly potent APIs, peptide APIs, bioconjugates, and sterile fill/finish. With a global network of advanced facilities, a proven track record in complex molecules, and an unwavering commitment to quality, we deliver flexible, science-driven solutions tailored to the evolving needs of biotech innovators worldwide.

Biotech Support, By The Numbers
