About Us

Since 1998, APPL is in the business of Silicone Elastomeric product and also, other Polymeric components which ultimately provide solutions to Fluid Transfers, Sealing and Contamination controls for Biopharma, Pharma, Medical, Laboratory, Food & Beverages, and Engineering sectors worldwide.

Company Overview

45+

Rubber Technologist

700+

Employees

Trusted in Over
50+ Countries

Audited by 150+
Companies

Proud Member
of **BPSA**

ISO Class 7 & 8
Cleanroom

Total Capacity of
4,50,000 Sq.ft Area

In House Tool
Designing and R&D Labs

Awards & Recognitions

Best Bio-Processing Supplier for Single-Use Systems, awarded by IMAPAC 2024

Honored by Biocon Biologics for **Commitment to Sustainability** in Year 2024

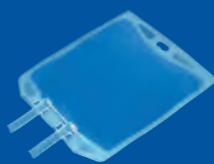

Asia Pacific Bioprocessing **Excellence Awards 2023** hosted by IMAPAC

Proud **Top Supplier to Vikram Sarabhai Space Centre**, Honored to received award by ISRO Chairman Mr. S Somanath at HEMCE 2024!"

Our New Product Line - Polymer Films for Life Sciences

THREE LAYER FILM FOR IV FLUID STORAGE APPLICATION

ANTISTATIC POLYMER FILM FOR POWDER TRANSFER BAGS

EVA FILM FOR FREEZING APPLICATION

THREE LAYER POLYMER FILM FOR LINERS

FIVE LAYER POLYMER FILM WITH EVOH BARRIER

Single-Use System

Single-use Components

Range of Tubing

Pharma & Biotech

Coffee Vending

Beverages & Cosmetics

Food & Dairy

Imapure®

Platinum Cured Silicone Tubing for Critical Fluid Transfer Application

Imapure® EPL

Platinum Cured Silicone Tubing with Extended Pump Life for Continuous Peristaltic Pump Application

ImaFrost®

Ultra-low Temperature Resistant Silicone Tubing (-112° C)

Imaflow®

Platinum Cured Silicone Tubing for Food, Beverages & Dairy Application (Non Critical Market)

Imaliner®

Bi-Layer Thermoplastic Elastomer Tube

Imaprene®

Thermoplastic Elastomer Tube Compatible With Peristaltic Pump Application

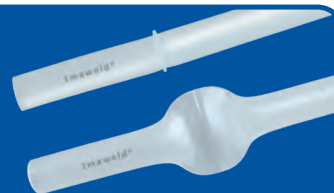

Imafep®

FEP (Fluorinated Ethylene Propylene)/ Fluoropolymer Tube

Imatef®

PTFE Tubing for Corrosive Fluid Transfer Application

Imaweld®

Thermoplastic Elastomer Tube with Heat Sealable and Weldable Properties

Imapex®

Peroxide Cured Silicone Tubing

Imafep®

Retractable Coil

Imachemton®

Fluoropolymer Tubing for Highly Corrosive Chemicals & Solvent Transfer Application

Reinforced Hoses

Pharma & Biotech

Coffee Vending

Beverages & Cosmetics

Food & Dairy

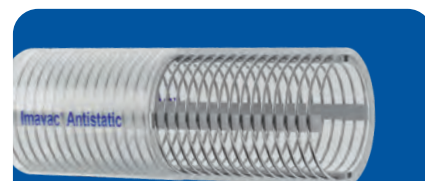

Imafit®

Platinum Cured Silicone Hose Reinforced with Polyester or Nylon Braiding.

Imafit® DB

Platinum Cured Silicone Double Braided Polyester Hose

Imavac® - Antistatic

Platinum Cured Silicone Hose with Inner Side Anti-static Strips & with Helical SS316 L Wire.

Imavac®

Platinum Cured Silicone Reinforced Hose with SS 316L Helical Wire

Imavac® C

Ultra Flexible Platinum Cured Silicone Reinforced Hose with SS 316L Helical Wire

Imavacfit®

Platinum Cured Silicone Reinforced Hose with Polyester Braiding and SS 316L Helical Wire

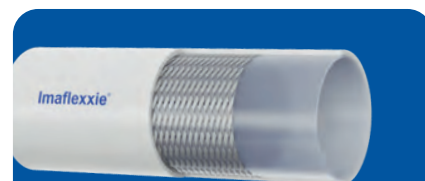

Imawrap®

Platinum Cured Silicone Mandrel Wrapped 4 Plies Fabric with SS Helical Wire Reinforced Hose

Imawrap® C

Platinum Cured Silicone Mandrel Wrapped 4 Plies Fabric with SS Helical Wire Reinforced Hose

Imaflexxie®

PTFE Lined Hose with SS 304 Braiding having Outermost Platinum cured Silicone Cover

Imaflexxie® C

Inner corrugated PTFE hose with SS304 braiding having outermost platinum cured silicone cover.

ImaDuct™

Pharma grade silicone duct hose which reinforced with Aramid fabric and spring steel wire.

ImaDuct™

Glass fabric based silicone duct hose reinforced with spring steel wire.

Pharma & Food Grade PVC & PU Hoses

Transparent ether based TPU wall, reinforced with an ivory anti-shock rigid PVC spiral.

Transparent PVC-P hose, with and ether based TPU liner, reinforced with an ivory anti-shock rigid PVC spiral.

Transparent hose produced with PVC-P and reinforced with steel spiral.

Transparent ether based TPU hose reinforced with a TPU-coated steel spiral

Translucent, ester-based TPU hose reinforced with a copper-coloured TPU-coated steel spiral

Transparent spiral hose, made with a special ester-based TPU wall with permanent antistatic properties.

Transparent yellow PVC-P hose reinforced with an ivory anti-shock rigid PVC spiral.

Red flexible hose made of two plies of silicone coated glass fabric, with an embedded bronze plated steel wire helix. Double outer glass cord.

SS Fittings

Flange

Reusable TC
